

THE SCHOOL BOARD.

A SPECIAL MEETING LAST NIGHT.

Action Relative to Mulberry Street School Grounds Resolved and Rescinded. A special meeting of the school board was held last evening to reconsider the question of selling the lot of ground on North Mulberry street on which stands the old school houses, now unused.

The following named members were present: Messrs. Breneman, Byrne, Cochran, Eberman, Erisman, Evans, Hartman, Jackson, Johnston, Levergood, Marshall, McComsey, McConomy, Oblander, Rhoads, Ringwalt, Richards, Samson, Slaymaker, Sneych, A. J. Snyder, E. G. Snyder, Spurrer, W. F. Wadsworth, Wilson, Christian Zecher, Baker, president.

After the call for the meeting had been read, Mr. Warfel, for the purpose of bringing the motion before the board, moved that the action taken at the last meeting authorizing the committee on grounds to sell the North Mulberry street lot be reconsidered.

Dr. Levergood moved to lay Mr. Warfel's motion on the table. Rejected—yeas 8, nays 19. The motion to reconsider was then carried—yeas 18, nays 9.

Mr. Warfel said he had no feeling in the matter, but in his judgment it would be bad policy to sell the ground. It joins the high school grounds, and may some day be needed. The girls' high school is rapidly filling up, and it may be necessary at no distant day to give them the space in the high school building now occupied by the boys.

The chair answered that the resolution offered by Mr. Hartman at the last meeting was now before the board, the action adopting said resolution having been just now reconsidered.

Mr. Hartman said the question of selling the Mulberry street lot had been carefully considered by the committee on buildings and grounds, and was deemed proper to dispose of it. It is true the girls' high school is rapidly filling up and it may soon be necessary to erect another high school building for the boys; but certainly the new building should not be put upon the Mulberry street lot, which is not suited for such a building.

Besides it has been the feeling of many members of the board that the boys and girls should be separated, and if a new school is to be established it should be placed in some other section of the city. We have already the high school building and the Chestnut street schools within half a square of this lot, and the South Mulberry street schools only two blocks away.

It is not fair to other sections of the city to crowd so many schools into the same neighborhood. The lot which it is proposed to sell has a front of 104 feet by a depth of 64 feet. On it might be built four or five good dwelling houses instead of the unsightly sheds now standing upon it.

The only reasons he has heard given for the retention of the lot, is that it may be needed for a high school, or that the old buildings may be utilized for school purposes, while a new building is being erected on the Chestnut street lot.

Neither of these reasons should have any weight. The old buildings have been dismantled of their furniture and windows and are in a tumble-down condition, utterly unfit for school purposes, and he had already stated his objections to erecting another high school building on this lot.

The objection that the property will not bring at public sale as much as it worth, is answered by stating that the committee need not sell it if they deem the price offered insufficient.

Dr. Levergood agreed exactly with all Mr. Hartman had said. There are already too many school houses in the neighborhood. If the lot is not sold and the old structures retained, the board will be hindering other improvements in that section of the city.

President Baker suggested that the grounds might be retained and the old buildings removed.

Mr. Slaymaker agreed with Messrs. Hartman and Levergood that the lot should be sold, and that the old school houses were occupied, it was found that the pupils attending them were a great annoyance to pupils and teachers of the high schools.
