LARGE RE-OPENING.

Copiand's Restaurant Remodelied. For some time past John Copland propri etor of the well known hotel and restaur aut on North Queen street, has been busy making repairs in his place, and this morning the "grand opening" took place. A fine lunch of various kinds of soup with different cold dishes was served and all who entered the restaurant were presented with a handsome button hole bouquet. The prettiest part of the restaurant is the drinking apartment in front which has been repainted, repapered and otherwise improved. The paper on the side walls is gold mixed and on the ceiling, inside of the large border there is a broad stripe of gold. Isside of the broad border there is a paper of light color on the ceiling. The gas-fixtures are very handsome. In the centre of the room is a beautiful chaudelier with a number of lights, while there are many with one burner in different parts of the room. The whole of the building has been improved, all of the rooms having been painted and papered, and the place now presents a handsome appearance. The paper on the walls was furnished by J. B. Martin & Co. and hung by Henry J. Donnelly; the painting was done by George W. Brown and John L. Arnold put in the

Billy Kelley's Tro this.

Billy Kelley is an itenerant umbrella him. On Saturday Mr. Kelley drank a tritle too much, and as is usual in such cases got into trouble. He states that in the eastern part of the city he fell in with a party of roughs, who after drinking at his expense, hung him up by the neck and ritled his pockets of some tobacco, a knife and other articles. This seems to have annoyed him and spoiled his temper, for not long afterwards he was seen on the Philadelphia pike in the act of thrashing his wife. A "lone fisherman" who was passing and witnessed the affair attempted to put a stop to it by hammering Billy over the head with a fishing pole. The fisherman's pole was broken but Billy's poll was not. Subsequently Officer South put in an appearance and after a severe engagement with Bitly put him hors du combat and landed him in the station house. This morning he was taken before Alderman McConomy and paid nearly \$10 for his space; and as the money was divided among officers and witnesses he said with a grim smile, " yez carned yeur money, and I don't begradge it to yez, for yez had to swear hard to get On being discharged he made com plaint against "an unknown man 4 feet ? inches high, with brown clothes on," as one of those who had assaulted and attempted

The choice extract which we reprinted vesterday from Sir Francis Kilburn's semi-occasional Family Herald by no means exhausts the literary gems of our phosphorescent contemporary, which in spright incss and enterprise bids fair to soon outshine the Christlicher Kundshafter or the Waffenlose Waechter.

HARMONY'S DETERMINED STRIKERS

Mill Operatives at Cohoes-The Policy of Eviction Begun. Сонов, N. Y., June 5.—The seventh week of the stay-out at the Harmeny mills begins to-day. In anticipation of at least 300 weavers returning to-day to work the managers furnished a police guard at the entrance of each of their seven mills, but not one employee ap-peared. To-day the employees are holding a pienic at Young's grove in Lansing-

There are no visible signs of weakening on either side. The determination of the managers to reduce wages ten per cent. meets with a firm refusal on the part of the operatives. The uniform decorum of the strikers has not once been broken. The Boller-Makers Gain Their Point.

NEW YORK, June 5 .- About 1,500 of the striking boiler makers returned to work this morning at the increase of ten per cent, in their wages. The only shops now holding out against the demand are those of John Roach and the Delamater iron works. It is believed that these will also yield in a day or two.

The Strike of Cincinnati Iron Workers Begun. CINCINNATI, June 5 .- The action of the iron workers at the meeting on Saturday night having amounted to a virtual declaration for a general strike on the ground that the committee which made the agreement last fall with the mill owners had exceeded its constitutional power, there is a shutting down to day of all the mills. President Jarrett has been sent for and either his presence or a message from him is expected at a meeting to be held this afternoon.

The plasterers strike has been successful in obtaining the wages asked, \$3.50 per day.
