Gap Gatherings—Mount Joy Matters—The
Our Salisbury Correspondence.

On Friday afternoon Mr. John Eckert, the well-known sportsman, met with an accident at the Oxford fair races that came high terminating in his death, and which may yet be a subject to write in the future. Mr. Eckert had bet on the Kennedy horse which was on the track at the time. As the horse was coming around the course, he stepped out upon the track with a whip in his hand to urge it on and in a few moments he was struck by a horse following and thrown about forty feet forward, falling on his face, sustaining serious injuries. When picked up he was unconscious. Medical aid was at once summoned and it was thought that, besides being badly cut about the head, he was injured inwardly, and his case was pronounced doubtful. His friends telegraphed to have him sent home, and he was at once placed in the cars; why they arrived at Christiansburg he was reported to be in a dying condition, but he rallied later and at time of writing he is on a fair road to recovery, although he is not able to be removed from Christiansburg to his home yet.

On the same day Richard Ellsworth, a fourteen-year-old son of Richard Maxwell, made a hair-breadth escape from being killed. He was the rider of Winfield Kennedy's horse at the Oxford races, and as he was going around the course the saddle-girth broke, throwing him under the horse, which was going at a rapid rate, and two or three persons following passed over him, but happily he escaped with but few injuries. Dick is one of our boys, and we are of the opinion that this is the last time he will ever act as rider at a horse race.

On Friday morning, Mrs. Mary McClellan, wife of Thompson McClellan, residing near Christiansburg, Sadsbury township, died very suddenly from the effects of a paralytic stroke. On the evening previous to her death she prepared supper for a number of women, ate a hearty meal and retired about nine o'clock in the evening. At an early hour the next morning she awoke her husband and complained of feeling very sick. The family physician was at once summoned, but despite all efforts to remedy her ailment, she expired about one hour after being sick. The deceased was about fifty years of age and was the mother of four children, eight being dead. Her untimely death will occasion deep regret in a wide circle of friends. Interment took place at St. Agnes' Presbyterian church on Monday.

James M. Walker, the candidate for assembly for the southern district, according to his family biography is a descendant of the sixth generation of Lewis Walker, one of the early settlers of Chester county, who had come to this country in 1639, and about the year 1700 purchased from Wm. Penn 1,000 acres of land at Valley Forge, the whole of which tract some of his descendants still hold. On his mother's side of the family, he is of the seventh generation of Nicholas Nowlin, who was a member of Wm. Penn's executive council in 1684 and also of the executive council of Presidents Thomas Lloyd and Thomas Holmes, after Penn returned to England the first time after 1682, and from whom was descended the long line of Nowlins, who were so conspicuous in the provincial government of Pennsylvania during the eighteenth century.

As the season advances the snake stories come thicker and faster, and we should be afraid of our veracity as a correspondent would fall somewhat short. There is undoubtedly a large snake crop this year, from all accounts. Two large black snakes were killed recently on the farm of John Walker. The larger reptiles each measured 4 1/2 feet in length and about ten inches in circumference; a large black snake of the "racer" species was killed by G. N. Worst, it measured 3 feet in length, and George Fowler killed a copperhead snake last week that measured three feet and four inches in length.

On Saturday evening the citizens of the Gap had the pleasure of witnessing a genuine pugilistic exhibition, in which three young bloods participated. After fighting like Crusaders, and a general flourish of revolvers, not trumpets, the battle was declared indecisive, and Wednesday evening was then appointed when the brave knights will again reassemble and fight the battles of old or again. By all means Constantine Bowers should be on hand and take the boys in custody for disturbing the peace of the neighborhood, besides doing dishonor to the brave knights of old.

The portable saw mills of D. S. Struck & Co. are still in full blast in W. Williams' woods in Sadsbury township. The wood is comprised of over forty acres and it is stated that by the middle of July the vast amount will be felled, sawed up in different shapes and shipped. On Saturday the mill sold at price 20,000 feet of white oak lumber in the shape of boards, planks and scantlings. Wm. P. Linville is rapidly felling six or seven acres of timber on the Gap hills which he purchased recently.

W. H. Sweigart's brand of phosphate is showing very fine results in this township already, as reported by parties who have used it on spring crops.

The citizens of Christiansburg propose purchasing a new hand fire engine and several hundred feet of hose at an early date.

The greater part of our farmers are now engaged in planting tobacco. A considerable amount of patent manures are being used.

Dr. Saunders has arrived from St. Louis, Mo., and is now sojourning at his fine residence at Saunders Heights.

Robert Knox sold another of his fast trotting horses last week to W. P. Linville for near \$200.

Miss Lida Hiltz has been appointed teacher of Mt. Airy school.

schools for the ensuing term of eight months. There are six schools and seven teachers are employed to instruct the pupils. Because of an anticipated change of instructors the meeting was looked forward to with special interest. Before the meeting it was known that one of the members intended to hand in his resignation. This had a tendency to lighten the interest, as the acceptance of the resignation was involved in doubt. It was not accepted, so four out of the five votes were necessary to elect a teacher. In consequence of this new turn of affairs two of the positions are yet vacant, the principalship and the fourth primary. A number of ballots were taken, but a special meeting, the time for which is not yet designated, is necessary to fill the vacancies. Following are the ones appointed: Assistant in the high school, Miss Mary B. Duckwater; secondary, J. B. Hipple; first primary, Miss Belle Leader; second primary, Miss Carrie Druckenmiller; third primary, Louisa Kuhns. Peter A. Heilig was elected janitor.

At the examination of teachers on last Friday there were fourteen candidates for certificates. Four failed.

Yesterday was Children's day at the M. E. church. The exercises were interesting.

Base ball is becoming popular here again. There is some talk of organizing a club. While practicing the other evening Harry Mooney had a finger knocked out of joint.

The root plow works are pushed with orders. They are now running twelve hours a day.

The Mount Joy woolen mills are now in operation, but only some of the machinery has been put up. They are manufacturing yarn and cassimere.

Samuel Chair, of Middletown, was visiting his parents at this place on Sunday.

Thirty pupils will be shortly admitted to the orphan school at this place.

It is now expected that all the injured of the church disaster will recover. The building has been raised.

The prospects for a large excursion to Mount Alto, on Wednesday, are good.

There will not be an examination of teachers at Maytown, on July 19, as announced. The schools will be given out next Saturday.

David Mooney has fitted up an ice cream saloon on West Main street.

Strawberry festivals will soon be in order.

Sunday school concert.

A Sunday school concert exercise about rain, flowers, birds and fruits was held in the M. E. church on Sunday forenoon and evening by the children. At 10 o'clock when the exercises were announced to commence, the spacious church was completely packed. To the visitor as he entered the church, the scene was one of great beauty; wherever the eye fell it was greeted with tasteful and harmonious decorations upon the pulpit, and at either end were arranged choice flowers; beneath an arch, in the center of the pulpit, was a pyramid of beautiful lilies; suspended from the arch were two cages of warblers, and at the windows on either side the same beautiful songsters keeping up a continuous song throughout the entire exercise.

In part first—"Rain"—classes Nos. 1, 2 and 3 answered questions put to them by the superintendent; quartet by the school, followed by classes Nos. 4 and 5; anthem, "Like showers upon the mown grass," by the choir; followed by class No. 6. Recitation No. 1, "April Rain," by three little girls beneath an umbrella.

Part second—"Flowers" class No. 7, 8, 9, answering questions in regard to them given by the superintendent, followed by the anthem, "Consider the Lilies." Recitation No. 2, by a little girl, holding in her hand a beautiful lily, after which came dialogue No. 3, entitled "Use of Flowers" by two small girls, followed by questions, answered by classes No. 11 and 12. Singing by the school, following which the pastor addressed the assembled hearers upon the origin of Sunday schools.

The evening exercises were conducted by Rev. Forth.

Part third—"Birds," and part fourth—"Fruits," classes No. 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12 answered, followed by recitation No. 4, entitled "The Sparrow," vocal solo, "Flee as a bird to your mountain," by the school, followed with a song, a recitation by Wm. 5, entitled "Thank Offering" by a boy of twelve years. With the doxology and the benediction the exercises closed. All were highly pleased with the way in which they had been entertained.

DRUMMERS DOING.

What is going on Down the County.

Israel Tennis, one of our fine old representative Quakers, died at his residence near Fairfield, last Friday, in the 82d year of his age. Deceased was widely known and well-revered known respected for his gentleness and solid worth. He was a devotee of equestrianism, and rode his trusty "old black bill" till a few weeks ago when he was taken out of the saddle by sickness. His funeral, Sunday afternoon, was largely attended.

Walnut Leaf Hair Restorer.

It is entirely different from all others. It is as clear as water, and, as its name indicates, is a perfect Vegetable Hair Restorer. It will immediately take the hair from its standstill, restore gray hair to its natural color and produce a new growth where it has fallen out. It does not dry the hair, but keeps it soft and supple. Sugar of Lead and Nitrate of Silver preparations have done it. It will change light or faded hair in a few days to a beautiful glossy brown. Ask your druggist for it. Each bottle is warranted. S. Readjustment a Secured Result.

Mark this. On June 1st we said that our reason for our "upset sale" was that we wanted to keep plenty of work going. Readjustment succeeds, and we expect the result will be steady work for our work-people "all the year round." Over ninety-eight per cent. of our clothing sales are on goods of our own make, thus creating a demand for the labor of this city and adjacent towns, instead of paying the labor of distant places. This, with the fact that we are giving the best dollar's worth for a dollar, gives us a first claim of the retail clothing buyers of Philadelphia and vicinity.

MEDICAL.

Brown's Iron Bitters is one of the very few tonic medicines that are not composed mostly of alcohol or whisky, thus becoming a fruitful source of intemperance by promoting a desire for rum.

Brown's Iron Bitters is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whisky and other intoxicating beverages.

Rev. G. W. Rice, editor of the American Christian Review, says of Brown's Iron Bitters:

"Both myself and wife owe our lives to this medicine. For sale at Cochran's drug store, 129 North Queen street."
