He says: "In the fall of 18761 was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the sum-mer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expend ed over a hundred dollars in doctors and med icines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS, I laughed at my friends, thinking my case incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

TUESDAY EVENING, JUNE 20, 1882. REST AT LAST.

THE PERUVIAN INQUIRY FINISHED. End of Trescott's Examination—The Foreign Affairs Committee to Prepare Two

Reports.

WASHINGTON, June 20.-The examination of Mr. Trescott was resumed to-day by the foreign affairs committee, and after some questioning about the Credit Indus triel company a discussion arose in committee as to whether or not witness should answer Mr. Belmont's question whether he (witness), wrote the state department dispatch of instructions of June 15th, 1881. FASHION! The committee went into secret session, at the conclusion of which the chairman announced that the question would not be pressed, and Mr. Belmont said he had no further questions to ask. Witness was then questioned by Mr. Blount in reference to the Credit Industriel

and the examination was then closed. The chairman announced that the investigation was now probably concluded and the committee adjourned until Friday. The preparation of a report will involve a great deal of labor. Two reports will probably be submitted, but it is doubtful if they can be prepared before the adjournment of the present session.

SENT HOME UNARMED.

The Mexican Authorities Arrest American Kangers and Compel Them to Return Through Hostile Territory With-out Weapons.

Tucson, Arizona, June 20.—Captain Ross, with his command of fifty rangers, who left here two months ago, has returned. He followed the Apache Indians into Mexico, when the Mexican authorities arrested him and his command, disarmed them and ordered them to leave Mexican territory. Gen. Rogers, the Mexican commander, told Captain Ross that warning had been given that armed men found on Mexican soil would be shot, but an exception would be made in this case. He was violation of international law which he would not tolerate. The rangers were compelled to return through an Indian country, a distance of 25 miles, without a single weapon for defense. Captain Ross reports that during the trail they counted 300 dead Indians who had evidently been wounded in a fight with Mexicans.
