A BOLD SHARPER.

HE FLEEUES SOME RURAL LAMBS.

Caught for Over Eleven Thousand Polist In the early part of June a sharp young man paid a visit to three old residents of Mount Joy township and left an impres-sion which will last for a long time. He traveled on the common but euphor ious name of Smith-Amos C. Smith, of

Philadelphia. He claimed to represent a manufactory which turned out wooden wares in the Quaker city, and the wocds in the vicinity of Milton Grove had just the material he had long been looking after. John Balmer, of near Milton Grove,

Andrew Heisey, of near Oberholtzer's school house and Abraham Herr, who lives not far from the Heisey homestead on the road leading from Elizabethtown to Milton Grove, are the men who owned the lumber.

The alleged agent was not slow in driving a bargain and it was no close one. He offered good prices, at the rate of \$100 for three trees. At these figures the above named persons readily sold the timber and in order to clinch the bargain Smith paid to one man \$3, to each of the other two \$5. on the purchase, and in order to account for the outlay to his employer asked for a receipt. This seemed to be a square transaction and Mr. Balmer wrote his name, not once but twice on what he supposed was a receipt. The stranger was accompanied by a man from Elizabethtown who placed his autograph on the paper as a witness to the transaction. Very little more was thought by the farmer of the transaction.

On last Saturday, however, his attention was called to the affair, when Addison Eby, esq., of Elizabethtown, and John Dennison, formerly of that place, now of Westminster, Maryland, called on Mr. Balmer and presented a note of \$1,800 for payment, the note having fallen due about that time. The gentleman knew nothing about the note, but the visitors insisted that he did and wanted it paid, or acknowledged in some way or other. They referred to a letter they had sent him on Friday, but Mr. Balmer not having been to the postoffice, knew nothing about it. He did not pay it, neither did he acknowledge that he ever signed such a paper They threatened to institute legal pro-ceedings against him for the amount of

But that is not the worst of it. The gentleman interviewed 'Squire John H. Zeller, of Mount Joy, on Monday noon. They tried to keep reticent about the affair, but our correspondent learned from them that this man Smith has sold notes whose aggregate ia the snug sum of \$11,100, The one for \$1,800 against Balmer was the Parker's Ginger Tonic with the happiest re first to fall due and at any time notes for the other part of the amount are likely to

Smith is about 28 years old, of a very pleasant address and he speaks the English and German languages fluently.

It is said that to persons who bought the notes from him Smith represented that he sold Western land to the farmers and took their notes in payment. It is probable that he sold them at a big discount. The victimized citizens since they see the stomach like cough syrups and balsams, the game take things coolly. They will fight hard before they will pay a cent. They are men, at least two of them, of Coughs, Catarrh, and the Throat Troubles considerable means.

THAT BIG BILL.

The Work for Which McMellen got \$1,800 On Monday afternoon John L. Miller and J. Kahler Snyder, former clerks in the prothonotary's office under Capt. McMellen, were examined by the county auditors with reference to the work done in re-arranging the papers in that office for which McMellen was paid \$1,800 by County Commissioners Coble and Bushong. Miller testified that he helped to do the

work; was employed by Capt. McMellen in November, 1880 and worked until April 1881, some days full time; received regular salary as a clerk and nothing extra; was employed as a general clerk at a salary of between \$500 and \$600 a year; was on the special work of re-arranging the papers between three or four months; the papers tional cold, completely heals the sores and were in bad condition; Mr. Edwards assisted part of the time. Snyder testified that he worked nearly

ten months in the office, nearly all the time at this special work, from March to the end of December; was paid \$10 per week, received from \$420 to \$450 in all; Edwards worked some time at it, most of the summer months; witness did not onsider \$1,800 too much for the work.

A young fellow, who said that he resided near Quarryville, but did not give his name, missed his train last evening, and to a number of persons on the street told the story of his misfortunes. He said that he had been drinking, and while in that condition he had been coaxed into a house on North Prince street, the locality of which he could not give, and had there been releved of a silver watch and chain and a gold ring. The property, if it was lost as alleged, was not recovered.

RESCUED FROM DEATH.

The following statement of William J. Cough

lin, of Somerville, Mass., is so remarkable that

we beg to ask for it the attention of our read

ers. He says : "In the fall of 1876 I was taken

with a violent bleeding of the lungs, followed

by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time

that I could not leave my bed. In the sum-

mer of 1877 I was admitted to the City Hospital.

While there the doctors said I had a hole in my left lung as big as a half-dollar. I expend-

ed over a hundred dollars in doctors and medicines. I was so far gone at one time a report

went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at

my friends, thinking my case incurable, but I

got a bottle to satisfy them, when to my sur-

prise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have

LANCASTER, Nov. 1st, 1878.

A. BITNER, Esq., Manager:

Dear Sir: In answer to your inquiries of Oct. 28th, I have to say that I was absent on my recent European tour just four months, traveling a distance of 12,000 miles. I carried with me a watch made at the Lancaster Watch Factory. Before starting I set it to the time of the Pennsylvania Railroad. It was never changed during the entire trip, and UPON MY RETURN. IT WAS ON THE MINUTE WITH THE SAME RAILROAD TIME.

When at Geneva, Switzerland, with a dozen or more American friends, I visited the celebrated Watch Factory of Patek, Philippe & Co., whose American agents are the great house of Tiffany & Co., New York. After being shown through the factory, we were conducted to the Salesroom, where our attention was called by the Superintendent to a large number of very fine watches, the product of LANCASTER, Nov. 1st, 1878. surprised in obtaining almost immediate relief. I carnestly recommend it to all similarly afflicted.—W. P. Andrus, druggist, Metuchen, New Jersey.

DISASTER ON THE OHIO. THE SINKING OF THE STEAMERSCIOTO Frightful Scenes Described by the Engineer

Twenty Lives Supposed to be Lost-

WHEELING, W. Va., July 5-3:00 A. M. It is impossible at this hour to estimate accurately the loss of life by the sinking of the Scioto. Dan Thomas, son of the captain. and a deck hand, name unknown, were drowned from the Scioto. The remainder of her crew are safe. Charles Page, the fireman of the Scioto, in de scribing the scene after the collision says : "Seeing that the boat was fast sinking the engineer and I threw a skiff into the river and then I ran after my coat. When I got back the skiff was so full of fear-stricken passengers that I knew it would sink, so I jumped into the river and struck out for the West Virginia shore. I saw the water black with struggling human beings; the expression on their faces were frightful to behold; men, women and children crying piteously for help." After swimming a mile he reached shore in safety.

Among those missing, and who are not likely to have escaped alive, are the following boys: Har-per Stewart, Willie Booth, Charles Davidson and Joe Conners.
