

AROUND THE COUNTY.

THE EAST END.

John Rooney was married to Lizzy Faust, by Rev. J. C. Mower, last week. The work of laying the track on the temporary roadbed is about being completed.

The Pennsylvania railroad company have erected a point opposite the station, a large water tank for the use of the engine that will be run on the temporary railroad soon.

Joseph Livingston, while harvesting on a farm near this place the other day, killed a very large black snake. It measured 5 feet in length.

A festival will be held here on Saturday afternoon and evening, the 29th inst., under the auspices of the ladies and gentlemen of the M. E. church; the proceeds going for the benefit of the same church.

The majority of our farmers are busily engaged in cutting and storing away their wheat crops. The crop is a very large one this year, owing to the fine growing weather that we have had.

The first excursion from this place to the seashore, of this season will be on August 3, from Lancaster, to Atlantic City, by Haverstick & Clark, two gentlemen, who have been appointed as excursion managers and will spare no efforts to make the excursion complete.

Tickets from this point are selling at the exceedingly low price of \$2.70 for the round trip, good for two days. This is about the cheapest two day excursion that has ever been run over this route.

Miss M. Holloway, of Philadelphia, is spending the summer months at the P. R. H. mansion house. Miss Emma Fritz, of Marietta, is the guest of Mr. and Mrs. G. W. Orendorf.

Mr. and Mrs. A. M. Hutter, and her two sons, formerly of this place, now of Philadelphia, have arrived here and intend to spend some months at their summer residence.

Nathaniel Hart and his family, of Philadelphia, have arrived and are spending the season at their summer resort near Compassville. The pastor, Fred and Joseph Hoar, who hail from the same city, are visiting relatives here.

During Sunday afternoon last some vicious persons entered Mr. Fred Schney's hog sty, and with a sharp instrument attempted to cut the ear belonging to him by cutting it through from ear to ear, but fortunately only succeeded in making a skin wound which will not prove fatal.

Who the wretch is who did this cowardly and brutal act, and what his motive was in doing it, remains unknown. The same night a gang of rascals drove through here disturbing the slumbers of our citizens by their heinous and blasphemous yells. We wish it to be understood that the persons who carry on this disgraceful trade are not citizens of the City, but reside outside its limits.

The fourth of July celebration at Christiansburg, notwithstanding the inclemency of the weather, was a grand affair, the largest crowd being there in the evening. Had the weather proved fair there would have undoubtedly been the largest mass of people present ever witnessed in Christiansburg at one time.

The ice cream and confectary stand, spread in the large school house grounds, and were sheltered by a large board of Marriot Brosius delivered an oration very appropriate to the occasion, and was followed by Thomas Wilson, who delivered a good speech, and gave "Little" Joe Pownall the honor of making Christiansburg what it is to-day.

Maj. A. C. Reinhold, one of the speakers, failed to make his appearance. Notably worthy of mention was the military parade in the afternoon, in which about fifty, oddly dressed and masked participants, and the fine display of fireworks in the evening; owing to the dampness of the atmosphere, many of the finest exhibition pieces were not off.

Excellent music was furnished throughout the occasion by the Christian and Sagarbaryville cornet bands. The ball in Pownall's pavilion was largely attended by the young folks in the evening. Good dancing prevailed throughout the day, with the exception of a few patriotic colored gentlemen who being of the opinion that the memorable day should not pass without some of the spirits of '76' being shown, participated in a pugilistic match, which other Fourth of July merriment.

The clear profits, which were for the benefit of the Christian life insurance company, realized the sum of about \$200.

Local happenings in Martic Township. The continuous drought of which so much has been written in our vicinity, has led the farmers to plant corn. The inconvenience in getting their plants started that some were seriously talking about planting their fields with more hardy crops. On the 3d inst. rain commenced to fall, continuing for several days, which completely dispelled the gloomy prospects of the tobacco planters, and now the young plants can be seen standing out in bold relief in every patch. The largest we have seen is on the farm of Mr. Sam'l. Alexander. He measured one leaf which was 15 1/2 inches long and 4 1/2 inches wide, and soon transferred their attention to the oats, where they still remain.

During one day last week Mr. John Campbell, whose abode is near Bridge Valley, heard a great commotion among his poultry, and went to investigate the cause. He soon found that the "eat" of trouble resided in a small clump of bushes in which were three stout chickens; he soon succeeded in expiating two of them, but as he began to remove the third he was seized by a large copperhead snake had hold of the chicken's tail. To say that Mr. Campbell was scared would scarcely express the emotion to which he was subject; he left that chick in charge of his "blacksmith," beat a hasty retreat, and succeeded in dispatching the reptile. Mr. Campbell says he never wants to be placed in such a perilous situation again.

A Wicked Preacher. The Baptist council which tried the Rev. G. B. Simons, pastor at Greenbush N. Y., has decided that the evidence sustained the charges of writing love letters, although conducted unbecomingly, and of lying. The council recommended that the church accept Mr. Simons' expressions of penitence and forgive him, but deemed it advisable that his pastoral relations be dissolved.

MEDICAL.

From Frank Leslie's Illustrated Newspaper. A LADY SAID, "Those Horrid Pimples! No, I cannot go. Please Prescribe My Remedy."

Probably two-thirds of the ladies in society and homes of our land are afflicted with skin diseases of various kinds, to do away with which it would be worth their while to try the most effective remedy of their lives. Then she would have instead of a disfigured and narrow countenance, one that would be handsome, or at least good looking, for any one with a clear, pure skin, no matter what the cat of her features are, has a certain amount of good looks which, if not spoiled by a skin disease, she imagines every one sees and talks about "those freckles," "those horrid pimples," and other blemishes with which she is afflicted, and this is true of other sex.

To improve this appearance great trials are taken; arsenic, mercury, or light-sound tilled named articles containing these death-dealing drugs, are taken in hopes of getting rid of all these troubles. In many cases, death is the result. No alleviation of the burning, itching, itching and inflammation is given. All troubles with Bezema (salt rheum), Tetter, Itch, Eczema, Impetigo, Scaly Scabies, Eruptions of any kind, Diseases of the Hair and Scalp, Scrofula, Ulcers, Pimples, or Tender Itchings on any part of the body, should know that there is hope for them in a sure, perfect and elegant remedy, known as "Dr. C. W. Benson's Skin Cure." It makes the skin white, soft and smooth, removes tan and freckles, and is the best toilet dressing in the world. It is elegant put up, two bottles in one package, consisting of both internal and external treatment. Our readers should be sure to get this and not some old remedy resuscitated on the success of Dr. Benson's and now advertised as "The Great Skin Cure." There is only one that bears the doctor's picture and is for sale by all druggists, \$1 per package.
