The new turn table at the P. R. R round house was finished this morning. The picuic of the Sunday school of the Church of God will be held Aug. 4. The Mountville band discoursed some

fine music on our streets on Saturday night.
Miss Alice Zahm, recently of this place, but now living in Philadelphia, is in town

visiting her numerous friends. Rev. R. C. Searing leaves on his sum mer vacation trip next week. Commun ion services will be administered next

A Harrisburg cabin of the P. R. R. was completely demolished by being "run into" by a Frederick division freight train. No one hurt but two employees had a narrow escape.

The G. A. R., headquarter train, con sisting of ten coaches, and which passed through Columbia on Saturday afternoon, had on board the national quartermaster general, John Taylor. Mr. Thomas Hamaker, who will on the

1st of August open a grocery store in the room formerly occupied by L. W. May, left for Philadelphia this morning to pro-cure a large stock of goods. Mr. John Emerick, of Arizona, in com-pany with his brother Edward, of Phila-

delphia, are visiting Mr. George Ben-The funeral of Mr. John Shillow, of Marietta, yesterday, was largely attended. Services were held in the Trinity Catholic

church in this place. The sacrament of the Lord's Supper wa administered to the congregation of the E. E. Lutheran church, yesterday morn-

A Quiet Day. Columbia presented a deserted appearance yesterday, no doubt, from the fact that nearly all its inhabitants were attend ing the Landisville campmeeting. Strange to say with the 3,200 persons carried over the Reading and Columbia railroad, not a single accident has been reported.

Saturday Night Brawis, Black eyes, cut faces and swelled heads were given in plenty on Saturday evening at Dersh's beer saloon in a free fight Liquor was the cause. Officer Gilbert de serves a great deal of praise for his prompt response, but unaided as he was he was

Willie Wittig whipped another man on Saturday night, who, after the fight was over, procured a revolver with the intention of shooting Wittig. He did not find him, however, and Wittig still lives.

Stabbed With a Butcher Kuite. A fight occurred on Saturday afternoon in an alley between Lawrence and Perry streets between two brothers in law which resulted in serious consequences. John Know and Robert Griffith, two brothersin law, live in the same house, and for some time past trouble has been brewing between them. On Saturday Know was in the house, when Griffith, his wife's brother, came into the yard. Both were were exchanged. Matters were brought to a crisis by Griffith striking Know. The latter retreated into the house remarking, as he did so, that it would cost Griffich dear for that blow. He secured a butcher knife and rushed upon Griffith, who took to his heels, but in vain, for Know soon overtook him and plunged the knife into his left side. Luckily, however, it struck a rib, thus saving his life. With the blood pouring from the wound the injured man again ran, while his assailant, having satisfied his thirst for blood, returned to

Griffith was taken to Dr. Craig's office where he had his wound dressed, and is getting along as well as can be expected. He is a young man only 20 years of age, while Know is a great deal older, married, and the father of two children. He is employed at the Susquehanna rolling mill, and when pay day comes around a spree for him is the result. While in a drunken condition he uses his wife unmercifully; so bad in fact, that the neighbors have to interfere to protect her. No arrests have been made, nor none will be unless the proper authorities take the matter in hand.

The Independent Republicans. In obedience to a call, the Independent Republicans of Columbia met in Odd Fel-lows' hall, at 8 o'clock on Saturday even-The meeting was called to order by McClure, who is an old soldier, and president of the Supplee steam engine company. Mr. C. S. Graybill, junior member of the banking firm of E. K. Smith & Co., was elected temporary pres-Mr. C. C. Kauffman was chosen secretary. 166 Republicans have signed the roll of membership, and thirty-two others have signified their intention of voting the Independent ticket. These latter did not join the club, because they consider themselves too old to do so. The club membership includes many of Columbia's most prominent men—the super-intendents of both the rolling mills, superintendent of the gas company, a furnace official of the Shawnee furnaces, bankers, and many others. A few short addresses, stating the objects of the meeting, were made, but no specches. The reason for not electing a permanent president is that it is desirable to enroll as many Iudependents in the club as possible, and then all will have a voice in the matter of electing officers. Clubs are to be formed in all the wards of town, and these will act in conjunction with a central club. Reports re-teieved from the several wards, place the strength of the Independents, in town, at not less than 200 votes. This hardly carries out Mr. A. J. Kauffman's assertion, that there were but a couple dozen dissatisfied Republicans in the town. Senator Kauffman offered a resolution

which was unanimously adopted, endorsing the entire action of the Indepening the entire action of the Independent convention, and approving of the mode of choosing delegates to it from this county. The club rooms will be opened as soon after September 1, af possible. The next general meeting will be held on the 5th of August, at 8 o'clock, when probably the regular officers will be elected. Every person is surprised at the strength of the Independents here; one hundred votes being the largest number that it was supposed they would not. The bosses supposed they would poll. The bosses here are gnashing their teeth with rage, and at the same time tremble with fear. The result of the late meeting utterly appal their stout hearts. The Independents

Struck a Bonanca Private advices lately received in this city states that Mr. Samuel F. Ruthvon, formerly of this city and of the banking

firm of Eshleman & Rathvon, but now residing in Colorado, purchased a disused silver mine out there for the nominal sum of \$250. He worked it and after digging sixteen feet down struck a vein of silver three inches thick that assayed very rich. He sold the mine for \$75,000.

EXPLOSION OF A BOILER. The Engineer Badly Scalded and Burned

This forenoon about 11 o'clock the oiler of the steam drill used for drilling and lifting rock in the railroad cut near the big Conestoga bridge exploded with a fearful crash. The engineer, Henry O'Brien, was thrown fifty feet and was terribly scalded about the face and body. besides receiving several bad cuts and bruises by being struck by pieces of the flying debris. He was at once brought to this city and taken to Dr. C. H. Brown's office, where he received surgical attendance. None of his bones are broken, but his body is a mass of blisters, and it is feared he may lose the sight of one eye. Mr. O'Brien is a single man about 35 years of ago. He was taken to his home on Locust street, where he is doing as well as can be expected.

The steam drill, a new one, was blown a distance of one hundred feet, and was badly injured. The engineer states that he was running it with a pressure of sixty pounds of steam, whereas the boiler registered for seventy pounds. The cause of the explosion is not known.

ELOPEMENT.

Gustav Ehler Deserts His Family and Elopes Gustav Ehler, a good looking young butcher, doing business at the corner of Rockland and Middle streets, has been missing since last Thursday week, and there seems to be no doubt that he has deserted his young wife and child, and eloped with a young woman from the lower end of the county to whom he has been paying marked attention for some time past, and whose board he paid at one of the Lancas ter hotels.

As generaly happens to men who trifle with strange women, Mr. Ehler neglected his business, got in debt, and became demoralized in other respects. It is said he leaves unpaid bills at various places, amounting to several hundred dollars. It is supposed that he and his new love have gone to Europe. His wife belongs to one of the best families in the city.

SUDDEN DEATH.

Mrs. Fisher found Dead in Bed. Mrs. Mary Fisher, wife of Raphael Fisher. propriety of the restaurant No. 563 North Prince street, near the outer depot of the Reading railroad, died suddenly yesterday morning. Failing to make her appearance at the usual hour, her room was visited and she was found apparently dead. Medical aid was summoned, but when the surgeon arrived he pronounced her dead, and stated that her death resulted from heart disease. Mrs. Fisher was in her 59th year. She was a member of St. Anthony's church. Her funeral will take place on Tuesday morning at St. Anthony's church, when

solemn high mass will be celebrated. This afternoon an inquest was held on the remains, and the verdict was "death from heart disease."

Up a Tree To-day an itinerant organ grinder, with a frisky monkey, was engaged in grinding out sweet music, while the monkey was engaged in gathering in the pennies. The chain by which Jocko was kept within reaching distance accidentally parted, and the monkey being freed from restraint at once went up a tree and for a time defied all efforts to recapture him. He jumped from tree to tree, swung himself grace-fully by the tail, and was having a high old time until he thoughtlessly jumped from a branch and landed in an up-stairs room of a neighboring house, where he was captured and recovered by his irate

Attempted Salcide A telegram dated Wilkesbarre, July 22, states that Charles Miller, a resident of that city, attempted to end his days by taking a dose of laudanum. Physicians were summoned and antidotes administered, which were the means of saving his life. It is said that Miller's real name is Stahl, whose father kept a grocery store in Laucaster, Pa, some years ago, and who now lives in Lebanon, Pa., in easy circumstances. The son, who is reported to have attempted to take his own life, is a married man but has not lived with his family for some time, but has been working in the coal regions.

Attempted Rape.

Charles Henning, a man apparently 45 years of age and ornamented with a club foot. was arrested near Refton on Saturday on charge of attempting to commit a rape on a twelve-year-old daughter of J. S. Bally. The girl's screams brought speedy assistance and the ruffian was arrested. He was taken before 'Squire Book, of Strasburg township, and committed to the county jail for trial at court. There being no constable present he was brought to town by citizen George Kuhns and by him handed over to Officer Coyle, who lodged him in jail.

Spontaneous Combustion

Yesterday a fire was discovered burning among some rubbish in rear of Ringwalt's and harness store, North Queen street. It was quickly extinguished without an alarm being given. It is supposed to have been the result of spontaneous combustion caused by the heating of some rubbish saturated with oil.

Jug Breaking.

About two weeks ago the United Brethren church of Soudersburg distributed among the children of the congregation jugs in which to collect money for the church. On Saturday they had a grand jug breaking at the church and found that the sum realized was \$106. Several of the jugs contained over \$7 each.

Sixtieth rifles marched to occupy Ramleh this morning. Some skirnfishing is now going on but no particulars been received. The Thirty-fifth infantry have been ordered to support the Sixtieth. A late arrival from the interior reports that the total force of the rebels is nearly a hundred thousand.

The British force engaged at Ramleh iccludes 600 sailors. Arabi occupies an extended line from Mareotis to Aboukir His force is estimated at 700. The first skirmish lasted about an hour. One or two of the English were hit. Several Egyptians were seen to fall. Arabi is again advancing.

The rifles and mounted infantry occupied Ramley early this morning. They stationed one Gatling and one field gun at the bridge over the canal. The enemy's cavalry appeared and galloped boldly along the railway at 300 range, but fled upon a volley being fired. After a short time they reappeared with two guns, with which they opened fire ineffectually upon the British, who took to cover. By nine o'clock firing had ceased, but the enemy was expected to reappear with reinforcements.

THE DEMOCRATIO PURPOSE.

Determined to Put Their Opposition on the Record on the Tax Bill. WASHINGTON, July 24.—The Democratic members of the Sanato held a caucus this morning and resolved to insist upon a full and free discusion of all the amendments of the tax bill, and to oppose any attempt to reach a final vote, unless such an opportunity shall be afforded.

The drift of the discussion was that the Democrats should oppose the proposed reduction on perfumery, cosmetics, patent Rheumatism and ALL ACRES, and 18 THE GREAT RELIEVER OF PAIN. "Brown's MOSQUITO NETTINGS 35c a Piece, tial reduction of taxation which will directly affect and benefit the masses of the people, and by securing a full discussion of the subject to compel the two parties to put themselves squarely upon the record. The caucus also resolved to support the Beck amendment, that all taxes and custom dues imposed by the United States, under the laws now in force for collection of duties on imports from foreign countries, shall be subject to a discount of 10 per centum after January 1, 1883, and

to a discount of an additional ten per centum after July 1st, 1883.
