quarries, near Columbia, yesterday. Geo. Smith, one of the employees, had his foot so badly crushed that amputation may be necessary. A Mule Badly Burned, While a large lump of hot cinder was being hauled from the casting house of one of the Shawnee furnaces, yesterday afternoon, it exploded, and the molten cinders entirely surrounded the mule, by which the cinder car was being drawn. The hoofs were burned from the feet, and, unable to start, the poor beast lay down in the molten matter. It was of course terribly burned before it could be extricated from this position. Its cure was undertaken by one of the furnace employees, although there is very little pros-

Last Day-Ulosing Services To-Night. This is the last day of the campmeeting at Landisville, but the attendance has not decreased in the least. Very few persons have left and nearly all will remain until the close. The services yesterday afternoon, which were in charge of Dr. Dobbins and were especially devoted to children, were largely attended by young and old. Addresses were made by Dr. T. C. Murphy, Rev.
