TWO DEATHS AT THE HOSPITAL.

Une Man Has Bis Nock Broken. George W. Slater, aged 57 years, an in-sane inmate of the Lancaster county alms-house, was found dead in his cell this morning at 5 o'clock. The man has been at the almshouse since 1877. For some days past he has been quite sick from diarrhea and for that reason was not taken to Norristown resterday. He slept on a bed made on the floor, and when found this morning he was dead. It is believed that he got up for some purpose during the night and falling down, received injuries causing his death. The coroner impannell a jury this afternoon and held an inquest. Dr. William Compton made an examination and found that the man's neck was dislocated, which was probably caused by a fall. The jury rendered s verdict in accordance with these facts. Little is known of the man, and nobody

knows whether he has any relatives. John Greenawalt, another inmate of the hospital, died at the age of 70 years this morning. He was a German and was ad mitted in May, on an order from Justice Stober, of West Cocalico. Old age was the cause of his death.

St. John's German Reformed Sauday-school will hold their annual picnic to-morrow at Rocky Springs park.

THE JOYS OF JOURNALISM. Dablin Editor Sentenced to Three Month Imprisonment and Fined Five Hun-

Dublin, Aug. 16 .- Mr. E. Dwyer Gray, a member of Parliament and proprietor of the Freeman's Journal, was today sentenced to three months imprisonment and to pay a fine of £500 for contempt of court in publishing a letter of Mr. O'Brien, editor of the United Ireland, accusing the jury which convicted F. Hynes of the murder of John Doloughty of being drunk on the night previous until the day their verdict was given and an article commenting thereon. Mr. O'Brieu and Mr. Davitt were put out of court. Mr. Gray, after being sentenced, was handed over to the custody of the city coroner. The latter evinced some reluctance to take charge of him, but Judge Lawson called upon him to do his duty. The coroner, whose intervention was necessary, because Mr. Gray is high sheriff of the city of Dublin, then couveyed the prisoner to the Richmond prison. Mr. Gray, at the expiration of his term must find sureties himself for £5,000 and two others in the sum of £2,000 each. The decision of the court has caused a great sensation in the city. Mr. Gray was lord mayor of Dublin for 1880, and was nominated a second time for 1881, but declined to serve the office.

THE CATTLE DISKASE

A Member of the United States Commission
Who Says the Texas Stock is not
Responsible for it. CHICAGO, Aug. 16 .- J. H. Sanders, of this city, a member of the United States commission, says in the month ending July 15 Chicago received nearly eighty thous and head of Texan cattle, a greater number than ever before received in the same length of time. They were mostly slaughtered, and those not killed were kept apart from domestic cattle and are not likely to infect them with the Texas cattle fever. Eastern breeders who have not learned how to deal with the disease are, however, troubled with it. Mr. Sanders thinks the cattle fever in the East originates from cattle shipped North from southern states east of Texas where cattle are affected with Texas fever.

Mr. Sanders and other members of the commission will start for Quebec to-day to examine the quarantine system there with a view to adopting a similar one at Portland, Boston, New York, Philadelphia and Baltimore, within two months. This will allow direct importations of fine cattle
