MEDICAL. DR. BENSON'S REMEDIES. (From the Springfield Republican.) A Generous Act That will be Appreciated by all who Care for their Complexion and Skin. It is not generally known that the nervous system has a wonderful influence over the skin, but this is a fact known to medical men who have spent much of their time in the study of diseases of the skin. No one can have a clear and fair complexion unimpaired with eruptions of pimples who is very nervous. Whatever tends to a beautiful condition of the nervous system will beautify the complexion and remove freckles and dryness of the skin. Some skin diseases are not attended by visible signs on the surface, but an internal itching that renders the miserable. We supply the following preserving and interesting ointment from the "Zedone" which cures all Dr. C. W. Benson's New Remedy. It is received by the public with great confidence, and it is regarded as a very precious act on the doctor's part to make known and prepare for general use his valuable and favorite prescription for the treatment of such diseases. After having devoted almost his entire life to the study and treatment of nervous and skin diseases, in which he has spent much of his fortune, he has a number of years' practical experience in the Maryland Dispensary, and has received from his hands all the honors of his authority and valuable. The remedy is truly the article to check the disease, both internally, through the absorption, and is the only reliable method of treatment. These preparations are sold by all druggists, and the doctor has been used by the doctor in his private practice for years, with the greatest success, and they fully merit the confidence of all classes of sufferers from skin diseases. This is for sale by all druggists. Two bottles, internal and external treatment in one package. Don't be persuaded to take any other. It costs one dollar.
