## THE STATE CAMPAIGN. DEMOCRATS IN GOOD FIGHTING TRIM.

The Party Never in Better Condition Phases in Politics in Various Parts of the State.

Philadelphia Times. Scarcely an hour in the day finds Chair-man Hensel's headquarters lacking the presence of inquiring members of the party from both town and country. Monday Chairmen Hensel and Harrity will meet the city executive committee at the rooms, Broad street and Penn Square, to review the local field and impress upon the organization the importance of systematic work. Immediately thereafter Mr. Hensel work. Immediately increation Mr. Hensel will leave for Bellefonte, Centre county, the home of General Beaver, where he will address the Democratic meeting on Tues-day evening, in accordance with an engagement made before he was selected as chairman, and to which the Bellefonte Democrats hold him all the more strictly since he is chairman. Candidate Black, or Africa, or possibly both of them, will attend the same meeting, going to Centre county from Somerset, where they are ad

vertised for Monday evening. Ex-Gover-nor Curtin will also speak at the Bello-fonte meeting, To day the Bucks county Democrats will hold their convention, and as every member of the party is a delegate as every member of the party is a delegate to the convention, if all attend, a great popular outpouring is expected, interest centering in the contest between Phillips and Vandegrift for the senatorial nomina-tion. General W. W. H. Davis is support-

ing Phillips, and ex-Senator Yerkes mani-fests a partiality for Vandegrift. The newspapers of the state from which the portrait of Pattison has beamed forth during the past week will be illustrated with a cut and freighted with a biographical sketch of Chauncey F. Black this week, the other candidates following in weekly succession. As yet little has been done with reference to the campaign on the stump. It is understood that the Democrats will bring in no speakers from outside, maintaining that this is a state campaign, with state issues. About the 1st of October it is expected that the thunder of the heavy guns will be heard aud that it will continue all along the line until election day. There is every disposition to keep clear of the uniformed clubs, torchlight parades and fireworks, which were so expensive and demoralizing a feature of the Hancock-Garfield campaign. The state com-mittee having no office-holders to assess will doubtless make an appeal in some form or another to its friends for financial assistance. As yet Chairman Cooper has not captured copies of any such appeals, though it is known that his emissaries are on the lookout for something of the kind, in order to justify his fresh levy on those who draw salaries from the government. noon.

Chairman Hensel said that he had never seen a campaign in the party in such fine at the present time. In other years he has seen more clubs organized and more brass bands, but, po nting to his pigeon-holed letters, he said that he had never found such an amount of that kind of work. Hundreds of Democrats, who perhaps had never before addressed the state committee, were now in communication with it.] Among the visitors to the headquarters yesterday was Robert Emmett Monaghan, the Democratic war horse, of West Chester, who was on his way to Cape May, hav-ing some time since returned from his an-

Passengers say a number of persons stood on the rear platform of the Saratoga train when the engineer of the approaching train blew his whistle and warned them off. The Saratoga train had stopped for some cause,

The air-brakes on the Saratoga special train got slightly out of order after leaving Mechanicsville and dragged. Two miles north of Waterford junction the train was stopped in order to remedy the difficulty and a flagman sent back. The train had stopped about four minutes and was getting under way when the Boston, Hoosac Tunnel and Western train came along ten minutes behind time and running very fast. The Boston train's locomotive struck the rear car of the Saratoga train and slightly damaged it and the cowcatcher and headlight of the locomotive were smashed But one of the passengers on the Saratoga train was injured, and he only slightly. The conductor of the Boston train was thrown against the mail car and cut and the baggage master, who was sitting in the doorway of the baggage car, was thrown out and seriously bruised. The Bos on train arrived at the depot about

MUSCULAR ARGUMENTS.

"I like to hear you say the sweet words over and over again," he gurgled. "Then I do love you and love you," she twittered "And I must leave you to-morrow."

"Don't say it, dear heart, don't say "And what will my darling do when I am far away? What will she do in these

lonely evening hours without me?" "Ahem ?" said an old bachelor, getting up from the dark end of the log and starting off to the hotel; "I'll tell you what she'll do in these lonely evening hours without you; she'll be sitting right out here on this same log with another mash, making as big a fool of it as you are." Then he went out into the darkness and came and told me what I have written and the two young hearts will read of it in

these lines. Something to Remember a Life Time and well worth a day's journey to see, will be the super-plendid free street parade, march of mammoths, procession of led and driven wild beasts, stupendous menagerie of open dens, highway performances in open lairs of savage monsters, grand jubilee of music, triumphal pageant of golden chariots and millionaire public display of the Great Barnum and London Show. Many times more show for nothing than any other exhibition in the whole world can present, both in and outside its tents. It will richly reward you to wait for

No Back. In one of Hans Andersen's stories, he speaks of an old elf lady, who, when she went into company, made a very genteel appearance, only she had no back. There are many people who suffer so many aches and pains and weak-nesses in that part of the body, that they almost wish they had no back. But these pains, etc., come from kidney disease, and there is a medicine-Ilunt's Remedy, the great kidney and liver medicine- that works to such a charm, that one taking it becomes, like the elf lady, unconscious of a back, though unlike her in having a whole, sound, and perpendic-ular 'ack. Hunt's Remedy has a back of the stiffest kind, for its mission is to support the weak, and heal the alling, and this it is doing all over the land. <u>and muscles</u> coin strength No Back. MALARIA Malaria is an almost indescribable

MEDICAL

BROWN'S IRON BITTERS,

malady which not even the most talented physicians are able to fathom. Its cause is most frequently ascribed to local surroundings, and there is very little question, but this opinion is substantiated by facts. Malaria does not necessarily mean chills and fever while these troubles usually accompany it. It often affects the sufferer with general lassitude, accompanied by loss of appetite, sleepless ness, a tired feeling and a high fever the person afflicted growing weaker and weaker, loses flesh day after day, until he becomes a mere skeleton. a shadow of his former self.

> Malaria once having laid its hold upon the human frame, the door of the systen is thrown open to nervous diseases. The body weak and enfectled absorbs no nourishment, but subsisting upon itself, the digestive organs no longer perform their funcions; the liver becomes torpid, and other organs failing to do their routine work, speedily become disordered, and dissolution and death are apt to ensue

In addition to being a certain cure for malaria and chills and fever, BROWN'S IRON BITTERS is highly recommended for all diseases requiring a certain and efficient tonic; es pecially indigestion, dyspepsia, intermittent fevers, want of appetite, loss of strength, lack of energy, etc. Enriches the blood, strengthens the mus cles, and gives new life to the nerves. Acts like a charm on the digestive organs. It is for sale by all respectable medicine dealers, price, \$1 per bottle.

nual trip to his Missouri farm. With characteristic vigor Mr. Monaghan spoke

of the prevailing political evils and the cure for them. He thought the danger to the Democracy lay in a still-hunt by the opposition among those who have been re duced to want by the long strikes. In 1880, he said, the Republicans had threatened disaster to the business and manufacturing interests and loss of labor to working

men if Hancock was elected. The Demo cracy made the fatal error of adopting the defensive, instead of retaliating with an avowed determination to stand up for labor against this attack and threat by capital. At all events Hancock was beaten, and now in less than two years thousands of laboring men are in want, Republican politicians, he said, will sneak among them to tempt them in their necessities. They will try to bribe them when

their families are suffering. This still-hunt of the enemy must be guarded against. The desperate agents of the cor-rupt political dynasty which would de bauch the commonwealth must be spotted. It is life or death with both Cameron and

Arthur. Mr. Monaghan agreed with Chairman

Honsel as to the necessity for drill and efficient organization of the party before it is called to the front, but when the call for battle sounds he does not want to see the troops frightened off by such bugaboos as demoralized the party in 1880.

Pleading For Democratic Harmony. The Fayette Democratic county committee met on Saturday, when members submitted reports showing that the registering of voters has never been so thorough in the county as this year. Senator Schnatterly made a detailed report of the Brownsville conference of the Fortieth senatorial district. He said he would refer the dispute to the state committee for settlement. Charles E. Boyle, Demo-cratic candidate for Congress, said he doubted whether either the county or state committee had jurisdiction in this matter, but he did insist that there shall be but one Democratic candidate for sena 1NG SALE FOR THE NEXT 15 DAYS. 125 Men's Cheviot Suits, \$4.25; worth \$7.50.95 Men's Worsted Suits, \$5.00; worth \$8.25, 150 Fine Blue Flannel Suits, \$7.50; worth \$12, 69 Men's Elegant Business Suits, \$7; worth \$12, 69 Men's Elegant Business Suits, \$7; worth \$12, 69 116 Fine All-Wool Cassimere Suits, \$9; worth \$15; 85 Fine Men's All-Wool Dress Suits, \$9; worth \$15; 85 Fine Men's All-Wool Dress Suits, \$9; worth \$15, 30 pairs of Men's Light Pants, in ten styles, at \$1.30, 225 pairs of Men's Finest Dress Pants at \$1.30, 225 pairs of Men's Finest Dress Pants at \$1.30, 225 pairs of Men's Finest Dress Pants at \$1. Blair County Political Gossip.

The Democrats of Blair county held their primaries Saturday evening. The convention will be held in Hollidaysburg to day. J. P. Stewart, the present pro-thonotary, will be renominated and Abra-ham Linafelter will likely be nominated for Assembly. The rest of the ticket can-not be guessed at. There is great dissat-isfaction about the Republican nominations. Russ, one of the candidates for prothonotary, claims to have been cheated out of the nomination and his Hollidaysburg friends will avenge themselves by voting for Stewart, the prospective Democratic nominee. The colored element is still angry and it will require considerable soft soap to make them believe Nesbit was not treated with contempt. Barr, the Dauphin congressman, was in Altoona the evening before the Republican con-vention and it is said he brought the word that Nesbit should be sat down on. The
