THE WOMAN QUESTION.

DISCUSSION OF THE VEXED PROBLEM.

Are Women as Competent as Men for Government Service? Sensible Arguments For and Against.

New York Evening Post.

The refusal of Secretaries Lincoln and Teller to appoint women to any of the clerkships recently provided for by Congress has caused a good deal of excitement among the applicants.

It is probable that if the opinions of all the department, bureau, and division chiefs were polled, they would be found to be very far from a unanimity of judgment.

The original cause for the employment of women in the government service no longer exists; therefore in no way does it seem to be provided for on the ground that their husbands and fathers are in the war.

What is said about the physical inability of women to do any of the heavy work of the government is entirely untrue.

It is a singularly characteristic of the writer. It is so singularly characteristic that we can scarcely persuade ourselves that we do not hear it, as we read, spoken from his living lips.

CHARLES LAMB. This—the briefest, and perhaps the most characteristic, of the language—was published in the New Monthly Magazine a few months after his mother's death.

33 YEARS' SERVICE.

large; can remember few specialties in his worth noting, except these: He once caught a swallow flying (tests and trials). Below the middle static, cast of face slightly Jewish, with no Judaic tinge in his complexional religion; stammers abominably, and is therefore more apt to discharge his occasional conversation in a quiet aphorism or a poor quibble than in set and edifying speeches, has consequently been labelled as a person always aiming at wit, which, as he told a fellow who charged him with it, is at least as good as aiming at dulness.

MY DEAR WIFE.

I left the city morning after eating—Prof. Morton said—cause I expected to eat—yours at home. But we were delayed by a terrible railroad accident on the railroad.

ROBERT K. FOLLINSBEE. The operator smiled once more, and in his quick, nervous way that grows out of his familiar association with the lightning made a few quick dashes with his pencil, and without adding or changing a letter in the original message, abbreviated it down to its very essence.

ROBERT K. FOLLINSBEE. "There, that's all right," he said in the cheery, magnetic way these operators have. "Fifty cents, sir; only 25 cents if we had our own wire into Dallas, sir; we'll have one next spring, too; saves you several dollars, sir. That's right, thank you."

MALARIA.

Malaria is an almost indescribable miasm which not even the most talented physician is able to fathom. Its cause is most able to fathom. Its local surroundings are ascribed very little ground, but there is no doubt it is substantiated by facts.

Additional to being a certain cure for malarial chills and fever, BROWN'S IRON BITTERS is highly recommended for all diseases requiring a certain and efficient tonic; especially indigestion, dyspepsia, intermittent fevers, want of appetite, loss of strength, lack of energy, etc.

Be sure and get the genuine BROWN'S IRON BITTERS. Take no other.

LANCASTER WATCHES.

THE FOUR LANCASTER WATCHES CALLED BY EMPLOYEES at the Passenger Depot of the Pennsylvania Railroad in Lancaster City, whose remarkable record is here attested by their owners, are:

Not "Special," but Average Lancaster Watches.

Although made here in Lancaster, AT HOME, they include, with Proper Adjustment, the Accurate Work of foreign "specials," at much less cost to the Purchaser, who hereafter may have a Lancaster Watch, can readily have it exchanged in any perfect unsatisfactory.

1. "Keystone." THE PENNSYLVANIA RAILROAD COMPANY's Lancaster Watch of the "Keystone" standard grade, is the best watch made in Lancaster.

2. "Keystone." During the year 1881 we have carried a number of watches, of the Lancaster Watch "Keystone" standard grade, in the best of our watches, for keeping time. I have had in use for nearly two years a Lancaster Watch of the "Keystone" standard grade, and it has given me the most accurate time in every respect.

3. "West End." One year ago, or longer, purchased from Mr. Louis Weber, of Lancaster, a watch of the "West End" standard grade, which has since been in my possession. It has given me the most accurate time in every respect.

4. "West End." The Lancaster Watch of the "West End" standard grade, which has since been in my possession. It has given me the most accurate time in every respect.
