The First Week of Common Pleas. BEFORE JUDGE LIVINGSTON.

The case of Henry Gochloy et al., vs. Susana Graybill *et al.*, issue to try the validity of a paper purporting to be the will of Martin Bear, deceased, came to a termination yesterday afternoon. After

the defense had closed the court instructed the jury to find in favor of the plaintiffs. A verdict was taken in accord-

The next case attached was that of John Given vs. Benjamin Musseleman. This is a water right case, and the jury was struck some days ago, after which they visited the premises. Both parties own mill properties on the Beaver creek in Strasburg township, and that of the defendant is about three-eighths of a mile down the stream from the plaintiff. It is claimed by the plaintiff that within the past few years the defendant has raised the inated. breast of his dam from 8 to 10 inches, so as to interfere with his water right. The water has been backed upon his lard, causing damage to it, and hence the suit. A number of deeds of the property were ery for fairness and to put individual sucread, and other testimony was offered by the plaintiff, but the case will probably

last for several days. BEFORE JUDGE PATTERSON.

This morning the case of Wm. Morris vs. John M. Reed, action in ejectment, was settled by the parties themselves and a juror was withdrawn. The terms of the
