Patent Granted. Mr. Robert E. Bruce, of this city, has been provement in roof-paints, which he claims to be superior to all other roof-paints, by reason of its greater elasticity, durability and less cost than any other root-paint now in use. Mr. Bruce has been applying a root-paint for the last four or five years in various cities and towns, which has received the highest ed over a hundred dollars in doctors and med enconiums of praise; and believing that the paint could still be improved, after years of study and experiment, has succeeded in pro-ducing a durable paint at moderate cost, that will neither crack nor blister. The patent was obtained through the agency of Robert M. Newton, Washington, D. C. Our New Directory.

RESCUED FROM DEATH. The tollowing statement of William J. Cough in, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says: "In the fall of 18761 was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in icines. I was so far gone at one time a report went around that I was dead. I gave up hope

the past three years.
"I writethis hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sickness. My cough has almost entirely disap-peared and I shall soon be able to go to work.' Sold by H. B. Cochran, 187 North Oneen street

London, Sep. 2.—A dispatch to the Times from Dublin states that the Emergency committee attempted with sixty men to be sworn in as special constables. A difficulty, however, was raised in regard to the form of cath to be taken, which
