RESCUED FROM DEATH

The following statement of William J. Cough in, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says : "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 1 was admitted to the City Hospital. While there the doctors said I had a hole in

my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report cation may be made at SHREINER'S MUSIC STORE, Itd* No. 36 North Queen Street.

General Tom Thumb on Monday .---- This little fellow, ever a favorite with the young people as well as with children of older growth, the world over, will appear in Fulton opera house on Monday, Tuesday, Wednesday and Thursday afternoons and evenings of next week. The troupe comprises besides the General and his tiny wife, Newell, Whiston, Bingham, the marvel ous midgets, trained canary birds and other features, such as sleight of hand tricks, ventriloquism and the like. Says the Wilmington Every Evening : "Interest in the entertainments given by by the Tom Thumb company at the opera house apparently has not abated. The house was crowded again last night and hundreds unable to gain admission were turned away. The entertainment, like those given in the atternoon and evening previous, was thoroughly enjoyable and met with hearty appreciation from the audience The artists all executed their parts cleverly, and the varied nature of the performance

kept people interested and pleased." On Monday morning at 10:30 there will be a parade by the band through the principal streets. The original coach, presented to the General by Queen Victoria, will accompany the procession, which will arrive at the operation house at one o'clock p. m., when the doors will be thrown open for the first perform ance.
