SOME PENDING ISSUES DISCUSSED.

What Twenty-Two Years of Republican Administration Has Wrought—Facts For Taxpayers to Consider.

READER, do you know that during the last 22 years, the radical Stalwart or Cannon party call them what you may, has had supreme control of every department of the government, with the exception of a few years that the Democrats succeeded in getting a bare majority in one or the other houses of Congress?

During all this time do you know of a single act, that has done or a solitary law it has enacted, calculated to benefit the masses or to better the condition of the laboring men and farmers of the country? If you do, speak out like a man and let us know what they are.

Before this radical party went into power it was seldom you heard of a millionaire and as seldom you saw a tramp. Now the former are counted by hundreds and the latter swarm our highways in droves. All the legislation of the radical party has tended to this end.

It has given birth to and built up greedily corporate monopolies, that crush out individual enterprise. It has concentrated capital in the hands of the few to the injury of the masses.

It has corrupted elections and legislators, with money wrung from the laborer in taxes, to an extent that degrades public morality and endangers Republican government.

It has made the few rich beyond the hopes of avarice and the poor, poor beyond a hope of a decent living.

It has feigned power on special privileges until it has grown to think its power perpetual and its authority supreme.

It has made the creature greater than the creator—the public servant greater than the public master.

It has adapted systems of taxation which relieve the wealth of corporations and the investments of the opulent from its burdens and placed them upon the laboring and producing classes of the country.

It has given of the people's land millions upon millions to a few rich corporations, and refused to consider any measure looking to the reduction of the people's taxes.

It has opened up avenues to the public treasury, whereby the people's money is taken and used to perpetuate indefinitely power in a single vicious line of succession.

It has changed our forms and policy of government, until the rapid accumulation of enormous wealth by persons of moderate ability and not engaged in any productive employment, and the consequent impoverishment of the laboring millions, who are the money these persons absorb, show that the government is not administered on republican principles, nor in the interests of the many whom it was designed to protect.

These things you know—if you do not it is not your fault. You are not a facts and act as becomes freemen and sensible voters.

It is for you to know and for you to remember that during the 22 years the radical party has been in power it has created more strikes, Made more millionaires,

Turned more honest workmen into tramps, and bred more trouble between capital and labor, than the country saw, knew, or experienced, during the 54 years prior to 1860, and the entire sum just controlled its different departments, and was responsible for all its legislation.

Knowing these facts, as you must know them, what are you going to do about it! Continue in power the party responsible for these wrongs against good government and these outrages upon the masses? If so the way to do it is to vote for Beaver and the Stalwart ticket, or Stewart and his Independent crowd, or the tail to these two political kites, Armstrong and those upon his ticket with him.

If you want a change, the only way you can get it is to vote the Democratic ticket.

Startling Facts for Taxpayers to Consider! The ordinary expenditure for state government in 1869 was \$947,911.53. This, also in the close of the year, rapidly increased, so that in 1880, including half the expenses of Legislature for 1879, properly chargeable to '80, it reached the enormous figure of \$1,962,105.59, the fraction above its millions being more than the entire sum in 1869, and the entire sum just twenty years before. This sum, extraordinary payments for purposes resulting directly from the war, nor payment of interest and principal on public debt, also the war's charges would be eight years from now make the annual expenditure for ordinary State purposes over twenty-six millions of dollars. No man can—no man ought to—justify such un-called-for and such unwarrantable extravagance with the people's money.

I admit that extravagance in expenditure is to-day the chief sin of all delegated rule—corporation, municipal, state and national. The Republican party, being in power in state and nation, is properly held responsible, and must purge itself from the just charge of waste or early fall beneath the condemnation of a frugal people.

The above startling statement we give without comment. It is a statement that comes not from a Democratic speaker, or a Democratic writer, but from no less a personage than Hon. Eli Shifer, ex-secretary of State, under Gov. Curtin. It is taken from his speech at a Stalwart meeting at Lewisburg, on Monday evening, September 18, and contains much for the overburdened tax-payers to ponder over.

A New Move of the Enemy. The desperation to which the Stalwart leaders are driven in the present campaign is induced by their desperate efforts to organize methods that is hoped to secure success.

First they insulted the Irish vote by an open and shameless attempt to purchase it through a few assumed leaders, and a pretense of sympathy for Irish ways and Irish woes. The early and complete exposure of this effort turned it upon its projectors, and in place of aiding the Stalwart cause, only weakened and demoralized it.

The next move was a systematic attempt to bribe election officers to secure fraudulent returns. The knowledge that detectives were on the watch for such crimes, brought that movement to a sudden termination.

Next came whispers of vast amounts of money, by which the voters of the State were to be purchased like so many sheep, but the stringent election laws and the fact that large rewards are offered for evidence of the violation or attempted violation of any of them, made this a very doubtful as well as dangerous method of carrying elections, and it has for the present been abandoned.

Their last idea is probably the most plausible and least dangerous of any. It is simply to perfect the radical organiza-

tion in every district of the state—go into country districts with large amounts of money and pay Democratic voters to remain away from the polls. Some will be hired to go hunting—others to go visiting, others to have important business away from home on election day, and others to simply stay away from the polls.

This is the last move they have adopted, and as there is no penalty for paying a man to go hunting or to stay at home from election, it is the one they will try to carry out when the proper time comes.

WE WARN YOU, DEMOCRATS, TO BE ON YOUR GUARD.

Our success is as certain as the sun shines on a cloudless day, if the Democratic vote of the state is polled. Go to work and complete your organizations in the most thorough manner. Make your canvasses of votes and ascertain if our men are all right. Warn them of the efforts that will be made to induce them to remain away from the polls, and spot the men who make excuses for not taking an interest in so important an election.

We do not believe them and a score of Democrats in the state, dirty or detestable enough to sell themselves for the pittance that would be offered them to remain away from the polls, but many honest and un-true men might be induced to join a party of hunters, and a visit, here to do a party's work that would require him to be absent from the polls, never thinking at the time, that he was being bought to lose his vote, and thus allow the radical ringsters to retain control of the state government.

Again we say, BE ON YOUR GUARD—PUT OTHERS ON THEIR GUARD, and see to it that not one vote is left at home on election day.

Beaver and Log Rolling Legislation. The most pernicious system that has ever disgraced or cursed any country is that known as "log rolling." It is the system by which steals like the river and harbor one are secured, enormous and unnecessary appropriations made, and nearly all the funds upon the treasury organized. It is the "you help me and I'll help you" steal kind of work that has robbed the treasury and wronged the people under the forms of law and pretense of legislation. It is the system of legislation that "roosters" and "chickens" and "bride-givers" and "bride-takers" have always favored, and that a candidate for governor should, under the solemnity of an oath, acknowledge that it was a proper method of legislation, is one of the startling signs of the times. That Gen. Beaver favors this most infamous of all infamous methods of legislation is shown by the following which we get from the Williamsport Sun and Banner. It says:

"When Joseph Shortridge became president of the board of trustees had a bill introduced in the state Legislature approving several thousand dollars to each of the experimental farms connected with the school. This bill for some reason or other was allowed to go by default.

Shortridge testified before the legislative committee of investigation that when he complained to Beaver about this default, Beaver told him he had the bill introduced only as a blind. When Beaver appeared before the same committee, however, to contradict Shortridge, he was asked in reference to this particular matter. Beaver squarely denied telling Shortridge so, but said he might have told Shortridge there was some log rolling about it, a very proper method of legislation in his opinion."

The candidate for governor of this state who would thus openly and shamelessly volunteer an opinion of that kind may well be an object of severe scrutiny as to his fitness for any public trust, much more so the responsible one of chief executive.

A Disgraced Radical. The Pittsburg Dispatch, the leading Republican newspaper of western Pennsylvania, has become disgusted with the campaign that the "Christian statesman" Beaver and the chattering Brosius is running, and says:

To sensible people such arguments as those which are advanced day after day in the same monotone by Beaver and Brosius must seem extremely silly; and the spectacle as two men who are supposed to possess some degree of honesty arguing ostensibly for the Republican party when in their hearts they know that they are pleading for the perpetuation of Boss Cameron's machine, must seem very humiliating.

The sneer of General Beaver, relative to the howling of the Independent candidates for office, comes with bad grace from that gentleman, as he has been howling for office for seven long years and never could get the shadow of a chance till he misrepresented his constituents at Chicago at the behest of Senator Cameron. Then he got as his reward a nomination which merely doomed him to certain defeat. As for Mr. Brosius, he was opposed to bossism as a weak way to get a nomination, a nomination at the hands of the bosses, and then he became one of the most servile advocates of the machine. Yet all Independent Republicans will echo his hope that every man will vote to the satisfaction of his own conscience. If every Republican votes as his conscience dictates the Independent ticket will be elected, and Messrs. Beaver, Brosius and their associates will be left with only the bosses, their lieutenants, the chronic officeholders and chronic office-seekers.

A Frozen Fact. There is no work you can do from now until the 7th of October that will have such telling effect upon Democratic prospects as to go out and see that the taxes of all the Democrats in your neighborhood are paid. We have all along counseled our Democratic people a glorious victory in case a full vote is polled, and a full vote can only be had by seeing that every Democrat is properly prepared to vote. This is the time to attend to that matter. After the 7th of October it will be too late. There are other matters you can easily put off until after that date, but this must be attended to, and now is the time, and you are the one to do it. Go at it at once. Don't wonder whether it is being done over in a neighboring ward or township, but go and attend to your own district. Others are doing it elsewhere, and the only place you are asked to bother about is in your own election district. This is meant for any Democrat that reads this paper.

Any Stalwart managers will have to revise their schedule of campaign issues, change their candidates or import and naturalize a London tailor. While Beaver is howling about how faithfully the Stalwart party has stood by the doctrine of protection, his colleague on the Stalwart ticket—William Henry Lawie—sends to London for the clothes he wears to make a canvass in. In twenty years the Stalwart candidate for supreme judge has never worn a suit of clothes cut from American goods or made by an American tailor. He sends to London for everything of the kind he needs, and the party that chooses him as its standard bearer has the frontory to talk about protecting American industry and American mechanics.

GENERAL BEAVER'S refusal to answer a respectful challenge from Senator Stewart

placed him in a pitiable attitude before the people, and his affectation of ignoring the Independents and their candidate, while indulging in course abuse of them, is as discreditable to Beaver as a gentleman as it is hurtful to his cause. His recent speech in Mercer county, referring to the Independents as "hoarse howlers after office," was an affront to more than one hundred thousand of the most sincere and intelligent Republicans of Pennsylvania.—Philadelphia Times.

If you are hard up and unable to pay all your taxes at once, the payment of either a State or county tax will secure you a vote. In many cases this amounts to but a few cents, and if you have not got this, go to your Democratic neighbor and he will lend it to you.

This is the time for Democratic committeemen and Democratic workers to get in their work, by seeing that every Democratic voter has his taxes paid. This is the most important duty that Democrats can perform now.

Your taxes must be paid on or before the 7th day of October or you lose your vote.

MEDICAL.

BROWN'S IRON BITTERS.

It is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by procuring a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.
