GERNART-UNGER.

Wedding Bells in Philadelphia.

On Tuesday evening at St. John's Re-formed church, in Philadelphia, Miss Annie Unger, daughter of John Unger, late resident engineer of the Lebigh Valley railroad, was married to the Rev. Edw. A. Gernant, a well-known young author and clergyman, of Allentowu, Pa. Heading the procession into the church were the Rev. John H. Johnston, Rev. A. L. Lerambock, Rev. Dr. William R. Rully, of Myerstown, Rev. Charles G. Fisher and the Rev. George Merle Zacharias, of Baltimore. Following came the ushers, Harry G. Stiles, J. P. Gloninger, Rev. Martin Lutner Zweizig, of Scranton; Rev. John H Leinbach, of Reading ;Mr. Kurtz, of Phile Jelphia, and Mr. Clinton Stiles. The came the bride's mother in black stin, and the bride leaning upon the arm of her father. The ceremony was performed by the Rev. John H. Johnston, assisted by his brothers. At 11:30 the happy couple started on a tour through the Eastern states and Canada. Rev. Gernant is well known in this city, being a graduate of Franklin and Marshall colege and of the theological seminary here.

THE INDEPENDENTS.

The Mass Meeting To-night-Hendquarters Decorated.

The local committee of the Independ onts have been busy to day making preparation for the mass meeting in the opera house to-night, at which Hon. John Stewart, Col. Wm. McMichael, Hon.Chas. E. Wolfe, Gen. W.H. Koontz, and Maj. C. W. Merrick are announced to speak. The Independent headquarters, North Queen street above Chestnut, are decorated from top to bottom with flags and Chinese lasterns. The indications are that there

will be 'a large attendance, not only of Indep mdents but of Stalwarts and Democrat's also.

The Executive committee and a large r.amber of other prominent Independents have been in secret session in the second story of Fulton hall this afternoon. No reporters were admitted.

Writs of Habeas Corpus.

At 10 o'clock this morning John Drach-bar, who was committed to prison for 30 days, by Alderman Samson, for being drunk and disorderly on Saturday night as noted elsewhere, was taken before Judge Patterson, on a writ of habeas cor-pus, and his dischargo was asked for. It was shown that he had been held to answer at court on two charges of assault and battery, and had also been committed for being drunk and disorderly. It was claimed that the lesser offense was merged in the greater, all of them having taken place at one one time, and the defendant should be discharged. The committing alderman was present, and he testified that the offenses all occurred at the same

time. The man was discharged. John Brimmer, who was committed for 90 days, will be heard on a writ at a late

hour this afternoon.

Thanks from Oscar Wilde. The Columbia Courant prints the following letter written by Oscar Wilde to a young gentleman, who a few weeks ago contributed to the Courant some original verses inscribed to the æsthetic apostle. Mr. O'Conor is the eldest son of the wellknown New York capitalist, and is a relative and correspondent of Hon. Charles

Packages by Auction. The "package party" held in Temperance hall last evening for the benefit of the charity fund of post 84, G. A. R., was very largely attended. Hundreds of packages were disposed of by auc-

tion, the services of four auctioneers being required to attend to the large audience, and much amusement prevailed. Four prizes were disposed of, the holders of the lucky tickets being Elmer Dellet, who won the first, consisting of a chamber set, and Michael Flinn, the second, a haudsome clock. The third and fourth prizes, a silver cake basket and silver butter dish were not claimed.

Recommending Delaware Law. Wilmington Every Evening.

Lancaster's incendiarism stands almost alone as an example of systematic and persistent outlawry in a civilized com munity. The frequent occurrence of this shocking crime there is phenomenal and the remedy, now that one of the criminals whatever. has been caught, should be pitilessly ap-

plied. Lancaster county would be happier and safer if she would adopt Delaware's stern code, and doom to death the fire bugs that are making her a by word.

Base Ball.

In our article in yesterday's York Daily commenting on the game between the York and Ironsides ball clubs, it was stated that the Laucaster boys are too light to compete with a good club. The Ironsides boys think they can wax the Yorkers any time, and they are willing to pay the expenses of the club to this city if they will come over and play a game upon any day next week.

Attempted Incendiarism.

Last night an attempt was made to fire the stable of the late Jacob Gruel, which is situated on Market street, near Chestnut. A lot of waste, which had been saturated, was found alongside of the building this morning. It was somewhat burned, and it is believed that it burned out or was extinguished.

No Water in the Court House.

Owing to a dispute between the superintendent of the water works and the county commissioners, relative to the water rent. the superintendent yesterday shut off the water from the pipes that supply the court house, causing consternation and inconvenience to the county officers and employees. It appears that this year the superintendent taxed the county \$130 for the use of the water while only from \$90 to 110 had been paid in former years. The commissioners refused to pay the increase, but paid \$109.25 on account. Having failed to pay the balance after due notice given the superintendent shut off the water. A consultation was had this morning and the matter was adjusted, the superintendent making a deduction of \$5 and the commissioners paying the balance -after which the water was turned on.

A Leak at the Reservoir. Something of a panic was created last evening by a report that one of the walls of the east reservoir had given way. The

report proved to be unfounded and grew out of the fact that for some time past the basin has been leaking a good deal near the southeast corner, and fears have been entertained that the wall might give way. The superintendent reports that the leak is not much, if any larger than it has been heretofore. A break in the east basin at this time would be very disastrous, as the west basin has been emptied for the purpose of having it cleaned.
