READING'S BASEBALL CLUB. The Nine For Next Year-A Tri-State

At a business meeting of the Active baseball club managers of Reading, the question of a new nine for next season was discussed and the following players were agreed upon for the new team : Mc-

Cormick, of the old Active club, third base; Grady, formerly of the Anthracites, catcher; Hines, of the Harrisburg club, short stop and catcher; McLaughlin, of the Anthracites, pitcher; Reynolds, of the Atlantic City team, change pitcher and centre field ; Heifert, of the old Active club, first base; Larkins, of the old Active club, left field; Moore of the old Active club, second base; Milligan, of the Quaker City club, right field. " Hearts of Oak."-This charming drama will be given at Fulton opera house to-morrow night by James A. Herne and his excellent company. The play is established in the good favor of theatre-goers here by its pre-vious representations, and it is sure to draw a full house to-morrow. The Reading people were turned away from the doors, and big bu-iness is reported over the entire circuit. The play is certainly a pleasing one, rich in scenic effects, and telling a story that never falls to appeal to the heart and awaken the

best emotions of the beholder. The Harrisons.-Louis Harrison is one of the eleverest light comedians and his sister Alice is a sprightly soubrette actress. They will be remembered for their former visit here, when in "Photos" they created such a tavorable impression. They are coming again Saturday night in their new play of " Viva; or a Sister's Sacrifice," written for them by Leonard Glover, author of "Our Boarding

The play is full of exciting incidents, and is generally well written and whoever selected the company is entitled to great credit for excellent taste and judgment in the selection,"

oct7-13tdeow RESCUED FROM DEATH The following statement of William J. Cough in, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking my case incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel

Squeamishocss There is a certain tastidiousness among some There is a certain fastfoliousnessamong some people which is greatly shocked at seeing the terms diabetes, Bright's Diseases, albumonaria, or even liver or kidneys, in print. They would fain forget that they had a liver or kidneys, or were subject to disorders of these organs. All of which would be well, it such ignorance or fastidiousness could drive these diseases away. The true way to banish reference to them is to employ Hunt's Remedy, the great kidney and liver medicine, to cure them; and then gill liver medicine, to cure them; and then all mention of them will cease of itself. So ong as flesh is heir to such ills, we must tell of the one great specific, Hunt's Remedy, that meets these ills and overcomes them.
