COLUMBIA NEWS-From Our Regular Correspondent.

I'wo colored men engaged in a fight or Front street this morning, in which both were severely pummelled. The little daughter of John Miller fell

down stairs yesterday afternoon and broke her arm. An attempt to break into a Cherry

street residence last night was frustrated Dr. by the appearance of a railroad man on the scene, who scared the rascal off. Another drunken brawl occurred on Walnut street last evening. There was a pleasant surprise party as

John Reese's last evening. There was a slight fire at a house or Manor street this morning, caused by hot coals falling from the stove. Two tramps had an altercation on Lav

caster avenue yesterday afternoor, n which one was cut across the cheek with a kr to. A horse ran away with Hiram Br an. of Elizabethtown, this morning, the ... g him out and cutting one side of his ace. Willie Morris was accidentally struck with a stone and knocked senseless this morning while playing a game known among boys as "duck."

Lowis Bangor was put off the cars here yesterday for traveling without a ticket. He had came in this way from Chicago, his mode of traveling being to get on a passenger or freight train and ride until put off. He had been twice arrested be tween Chicago and this place for train jumping. His destination is Philadelphia. and he boarded a freight train for that place last evening.

Court of Common Pleas.

The Brua-Beiler water case is yet on trial in the upper room. After the plaintills had closed the defense opened and they occided to show that there had been no swelling or backing of water beyond the lawi on either side of the creek, as alland running down to the creek, suffered was no part of the case. The defense also claim that the dam is no higher than it was twenty-flue years ago, and therefore Beiler could sustain his claim by adverse possession, that being equal to a grant. The plaintiffs admitted upon different occasions that they did not suffer damage. It was admitted by the defense that once when the dam breast had been broken a log was placed on it, which did not raise it, nor has it been raised since. It was own that the breast of the dam is a publie highway, and the defense claim that if there was any raising done since 1878, it was done by the supervisors of the township after they had been convicted of neglect of duty, for failing to keep the road in proper repair. The plaintiffs, it is been damaged. It was expected that another case

would be taken up in the lower room this morning. It was not ready, however, and all the jurors were discharged for the week except those empanueled in the Brua-Beiler case.

A SUCCESSFUL TRIAL.

The liayes Extension Ladder Truck. The chief of the fire department this afternoon at 2 o'cicck called out the new Hayes extension ladder truck and steam fire engine No. 3 to make a trial of the new truck. The apparatus was run into Centre square in front of the In-TELLIGENCER office and the extension ladders were quickly run up extending beyoud the roof of Locher's four story banking house. Men mounted the ladder and were soon on the roof. Then with one man at the ladder, it was swung around on the turntable first toward the monument and afterwards to the roof of the INTELLIGENCER building to show that it could be easily placed in any desired position without removing the truck. A line of hose was carried to the top of the ladder and with three men to manage it, a stream of water was forced through it by the steamer, and directed for a time on and over the monument. Without stopping the stream the position was again changed, and the stream directed to the roof of Locher's building. The ladder was raised and lowered at different times so that the firemen could, with ease, get into the third and fourth-story windows. The trial was witnessed by a great throng of people, and was regarded as entirely successful.

BOLD ROBBERY AT WEST WILLOW Martin's Hotel and the Rairead Office

Last night thieves entered the hotel at hole through the shutter directly over the Mayor. latch. Having this completed it was an easy matter for them to unlock the shutter and make their entrance into the house. They made a general ransacking of the lower story of the house, but nothing of much importance has been missed. They Partied off a pair of boots and a coat belonging to Mr. Martin, and a new coat belonging to one of the boarders. The money drawer was removed from its place. There was only six cents in the drawer and that was not taken.

After the thieves had treated themselves freely to brandy, etc., at Mr. Martin's expense, they started for the P. & R. R. R. ticket office. Here they gained an entrance by prying open the window. At this place nothing was taken, except a razor and shaving mug belonging to Mr. Michael Greff, ticket agent.

The Baker-Kline Nuptials Last Evening. The upper circles of Lancaster society have been considerably agitated of late in anticipation of the brilliant matrimonial event which took place at 6 o'clock last evening in the Presbyterian church, Rev. Y. Mitchell, D. D., officiating. The high contracting parties were Dr. James Erwin Baker, a young physician, formerly, of Madison, Wis., but now of this city, and Miss Berba Kline, daughter of George M. Kline, esq. At an early hour the rattling of carriages coming and going might be heard in the vicinity of the Kline residence, on North Lime street, and the church was soon througed with the friends of the happy pair. A carpet had been stretched across the pavement in front of the entrance to the church to guard against the soiling of the shoes of the fair portion of the bridal party.

Within the church, awaiting the arrival of the bride and groom, an audience, representative of the beauty and fashion of slight bustle at the door announced their approach, all eyes were turned in anxious expectation. The bride was charmingly dressed in white ottoman silk, trimmed with Duchesse lace and with royal train while the groom appeared in full evening dress. The best man was Mr. Wetherill. of Philadelphia, who attended the first bridesmail, Miss Patty Kline, a sister of Miss Worthington, of Doylestown, and Miss Dodson, of Bethlehem, and they were attended by Messrs Ganse, of Philadelphia, and Hager, of Laucaster. The remaining ushers were Messrs. W. Flynn, of Lancaster, and Hill and Moore, of Philadelphia. After the ceremony was performed a reception was held at the residence of the bride's father, on Lime street, prescribed limits of the defendant ; that which lasted until 9:30 p. m. at the concluthe through train for Chicago. The toilowing statement of William J. Cough in, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says : "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I expended over a hundred dollars in doctors and med-Icines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. A Good Story of Medjesan.

London Letter.

WEATHER INDICATIONS.

Modjeska was recently asked in a fashiouable London drawing room to give a recitation in her native tongue. At first she was unwilling to comply, declaring that the recitation could scarcely be teresting, as nobody in the room was supposed to know Polish. Yielding to the ia portunities of those around her, she commenced a Polish recitation. As she proceeded her eyes seemed to flash fire, and her audience was almost spellbound by her impassioned delivery. They could, of course, only imagine what she was saying, but they presumed she was uttering the aspirations of her countrymen for freedom and denouncing the op-pressors of Poland. There is a certain tastidiousness among some people which is greatly shooked at seeing the terms diabetes, Bright's Diseases, albumenaria, or even liver or kidneys, in print. They would fain forget that they had a liver or kidneys, or were subject to disorders of these organs. All of which would be well, if such ignorance or fastidiousness could drive these diseases away. The true way to banish reference to them is to employ Hunt's Remedy, the great kidney and liver medicine, to cure them; and then all mention of them will cease of itself. So long as fiesh is heir to such ills, we must tell of the one great specific, Hunt's Remedy, that meets these ills and overcomes them. There is a certain tastidiousness among some
