The Incendiary Turns State's Evidence and Implicates His Companious.—Some Startling Revelations-Five

Arrests Made

The ruling excitement of the town to day is caused by the arrest of several persons charged with the incendiarism with which our town was troubled some months ago. The leading facts are as follows:

After George Brimmer had been found guilty of setting fire to Ranck's barn. and had been returned to his cell in the county prison last evening, he sent for Frederick Miller, one of the watchmen at the prison and made written statement to him, charging John Drachbar, Lewis Reidenbach and John Daily with setting fire to Chs. J. Wh s house, on Church street near the A sari can engine house; that George 1 ar set

fire to his own stable ; that Henry ... nyder attempted to fire Mrs. Kelley's reable on Shippen street, but that it would not fallen asleep on his train, and a sudden burn ; that John Wertz set fire to the roll of the car threw him under the wheels. cork factory and Hilke's tobacco warehouse ; that John Drachbar set fire to the sash factory, cork factory and Wm. Rote's stable ; that Harry Snyder set fire to J. B. Kauffman's stable rear of Knappe. Brimmer appended his name to his statement, which is not well written, and

handed it to Fred Miller. Miller Jook it at once to Brimmer's counsel, J. W. John. son, esq., and Mr. Johnson direct it him to give the information to J. Hay Brown, esq., of counsel for the common realth. Miller called at Brown's office and told him Johnson wanted to see him. Brown, who was engaged at the time, replied that he could not go, whereupon Miller told him that Brimmer had made a full conte-sion and given the names of his accomphees, designating the fires in which they were implicated. Mr. Brown at once sout Miller to the mayor with a request for an interview. Between 7 and 8 o'clock last evening they met at Brown's making it almost impossible for other office and after a brief conference between office and after a brief conference between teams to get along. There were the mayor, Mr. Brown and some of the a number of collisions and some damage prosecutors it was determined to have done to two or three market wagons, one

After the interview with Mr. Brown, the mayor directed the chief of police to had a quarrel with a man named Martin make complaint against all the accused. This was done, and Alderman McConomy issued warrants for their arrest, placing them in the hands of twelve or fifteen of the city policemen.

Harry Snyder was the first of the gang arrested. He was taken into custody by Dr. Fitzpatrick and Chief Deichler, in Martin Urich's saloon, in the basement of the law building, corner of Dake and Grant streets. He resisted arrest for a time, because the officer had no warrant, but finally went to the station house and was locked up. He has long been sus-pected of of being one of the gang of fire-

John Daily was arrested soon afterwards on North Queen street, by Officer Stormfeltz, and locked up.

George Bair was arrested last night by Officers Swenk and Stormfeltz at the American engine house and locked up. Officers Allen Pyle and Coyle, knowing that John Wertz was working at Parkes. some of the most prominent Republicans burg, Chester county, took the cars for in the Earls. C. S. Kauffman, candidate that place last night, and this morning ar- for senator, was the first speaker, and he He was brought back to Laucaster and latter made a speech which was full of locked up.

city was arrested shortly before noon today. He is charged with having fired Heitshue's stable on North Christian street on the 26th of April, 1831. He has been suspected for some time of being the guilty party and Brimmer declares that he

John Drachbar was seen near the court house about the time of Sayder's arrest; but, through the indiscretion of some persons who spread the news of Brimmer's confession, implicating him and others of the gang, he took to his heels and fled, and has thus far cluded arrest.

This morning Brimmer made an additional statement to Alderman Barr, in which he implicates two other men. He charges Christ Swartz with being implicated in the burning of MacGonigle's barn on Middle street, and Charles Miller with burning the Bender stable on John street. Miller is now under bail for court on the charge of burning the house of Charles J.

Cone to Middletown, Chief Howell, of the fire department, went this morning to Middletown to acrest Charles Miller who is charged with setting fire to Mayor MacGonigle's barn on East Marion street. He is expected to return with the prisoner this afternoon. To parties who interviewed Brimmer

this morning he told substantially the same story that he told to Fred Miller last even-On being brought into court this morn-

ing Brimmer pleaded guilty to the charge of burning the poorhouse barn Joe Hinder at Liberty.

Over six months ago Joseph Hinder was convicted of assault and battery and was enteuced to pay a fine of \$20 and costs. About 10 days ago the clerk of the court sent to Keeper Burkholder of the prison a certificate showing that the fine had been paid by Hinder's brother and the costs remitted by the commissioners. Burkholder refused to release the man and a rule was granted on him in court this morning to show cause why he should not release Hinder. This afternoon Burkholder appeared in court and stated that his reason for not releasing Hinder was that he did not consider the clerk's certificate sufficient legal information. The court told him that he had no business to question the clerk's certificate. The clerk was responsible if he committed any wrong act. The court

ordered the prisoner to be released at once.

A Man Killed by a Cave In. This forenoon David Snyder, who resides at 507 Beaver street, below the cotton mills, met with a fatal accident. He was working with a number of other men in a new street, which is being cut through from the Columbia to the Marietta turnpike, when a bank of dirt caved in upon him covering him up over a foot. His fellow workmen at once set to work digging him out. He was got out in a short time and was unconscious. He soon recovered and was taken to the watch factory. About 121 o'clock he was removed to his home, where he died in a half hour. Deceased was 66 years of age and leaves a wife and five grown children.

Another Gunning Accident. On Wednesday as Emanuel Zerby and Daniel Grabill, of Petersburg, were gunning for rabbits Mr. Grabill shot at a rabbit but hit his companion, lodging seven shot in his breast and one in his nose. None of the wounds are dangerous, but the accident should be a warning to others to handle their fire arms with great cau-

The body of Lamar Vanderbeck was brought to this place, this morning, from Marietta, where he was killed by the cars. He was freight brakemen on the Pennsylvania railroad, having Philadelphia as his headquarters. He is supposed to have His head was severed from the body, and he was terribly mangled otherwise. The accident oc curred as the train was passing Summy's coal yord. The unfortunate young man is believed to be a New Jerseyman, but nothing certain is known regarding him. A bank book of a Philadelphia bank fudi cating \$55 to his credit, a P. R. R. book of instructions and a 5 cent piece were the only things found on his person. The body was taken to Musser's undertaking establishment and prepared for burial.

A CROWDED MARKET.

The Streets Blocksded—Wagous Broken and Man Arrested. This morning between 8 and 9 o'clock there was an immense crowd of butchers. farmers and truckers assembled in the vicinity of the Farmer's Northern market. their wagons blockading all the streets and warrants issued for the arrest of all the of them being badly broken by being run into by a heavy freight wagon. The police worked hard to keep the streets open, and Miller, who was finally arrested and taken before Alderman Samson, who held him for a hearing on Saturday next. The cuase of the trouble appears to have been the determination of the directors of the market to not open it until 9 o'clock, instead of at 7 or 8 as has heretofore been the case. The rush and crush might in a great measure be avoided if the market men would take their teams to the tavern yards near the market instead of blocking the streets with them. It would not cost them more than ten or fifteen cents, and then they would be properly taken care of.
