SATURDAY EVENING, NOV. 19, 1892. TRIPLE WEDDING IN KENTUCKY.

Three Sisters Married on the Porch of their Father's House, Near Butler, Pendleton county, Ky., in a quiet, old-fashioned farm house, picturesquely situated, there was an interesting triple wedding on Wednesday. The brides were the Misses Celia, Hetty and Lucy Phillipa, danghters of Palmer Alfred Phillipa, and the bridegrooms were Mesers. Will N. Piercy, John Thomas and Alvin Bradford. The ceremony was performed on the north to allow the father. formed on the porch to allow the father, who is on his death-bed, to witness it through the window. The three couple stood in line while the Rev. W. R. Van-hood of Christian church, officiated. He prefaced the ceremony with these words:

"Beloved, we have assembled this morning in the presence of God and these witnesses to celebrate the right of matrimony. It is not good for man to be alone. The sturdy oak of the forest is not left alone. God has provided the root and vine with tendrils to entwine about the branches as a mutual protection against the storms of summer. So is given woman, with her tendrils of love to entwine about man's heart as a mutual protection against the storms of life. Woman was given as a helpmeet for man, but not to till his lands, drive his oxen or delve in his mines. He who so treats her will find his fields growing up with briers and brambles, his home and everything about it dreary and uncomfor able. The beauty sent to gladden his soul will quickly fade, the heart intended as a fountain of happiness will be turned into bitterness, and the change will ever be a source of strife. The sacredness of marriage was recognized by our Saviour, for he attended the marriage feast of Cana of Galilee, when the water said, 'It's the Lord,' and blushed

and became crimson wine." He then briefly performed the marriage ceremony with the three couples success ively. The brides are tall, pretty bru nettes. All the parties are good sub-stantial people. The attendance was large.

A DECLINE OF OIL.

The Market Badly Broken by a New Flow ing Well in Forest County. The principal cause of the decline prices of oil yesterday was a report of a new well in Forest county, not far from the line of Warren county. The well is located a short distance southwest of Foxburg, in Forest county, on the somewhat celebrated Cooper tract, which is about two miles in length and a little less than a mile in width. Between the Cooper tract and the Forest county line is a portion of the Witting property, an equal portion of which is on each side of the county line. On the eastern portion of this, just south of the county line, is the Clark & Foster well. This well reached the sand some time ago, and after producing at rate was drilled through the sand and is now doing about eighty barrels per day. On the southwest corner of the Cooper tract is the original Cooper well. It was plugged about two months, during which time it flowed 75 barrels a day. When the plug was drilled and Bowels.

out the well started off at 225 barrels a day. It is now producing 52 barrels per HOP BITTERS. line between the Cooper well and the Clark and Foster well, is the new well, owned by the Anchor oil company. It tapped the sand some time ago, but was plugged. The present excitement over it was caused by drilling out the plug. From the best information obtainable it is now understood to be producion at the rate of 500 and 600 barrels daily. The market opened Friday morning at \$1.25 and was as low during the forenoon as \$1.12\frac{1}{2}. The fluctuations were wild, ranging from \$1.1\frac{1}{2} to \$1.19, closing at \$1.15\frac{1}{2}. The sales were 10,000,000 barrels.

DELEVAN, Wis., Sep. 24, 1878. GENTS—I have taken not quite one bottle of the Hop Bitters. I was a feeble old man of 78 when I got it. To-day I am as active and feel as well as I did at 30. I see a great many that need such a medicine. D. Boyce.

A Baptist Minister's Experience.

I am a Baptist Minister, and before I even thought of being a clergyman, I graduated in medicine, but left a lucrative practice for my present profession, 40 years ago. I was for many years a sufferer from quinsy; "Thomas' Eclectric Oil cured me." I was also troubled with hoarseness, and Thomas' Eclectric Oil always relieved me. My wife and child had diphtheria, and "Thomas' Eclectric Oil cured them," and if taken in time it will cure seven out of ten. I am confident it is a cure for the most obstinate cold or cough, and if any one will take a small teaspoon and half fill it with the Oil, and then piace the end of the spoon into the head by sniffing as hard as they can, until the Oil falls over into the throat, and practice that twice a week, I don't care how offensive their head may be, it will clean it out and cure their catarrh. For deatness and earache it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending, and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration. I am now suffering with a pain like rheumatism in my right limb, and nothing relieves me like Thomas' Eclectric Oil.

MYSTERIOUS

Articles with High Sounding, Crack-Jaw Names are Not a Success.

To Plain English.

Every reader of newspapers has observe time, and again, in the advertising columns, many singular and frequently unpronounce ble names of medicinal remedies. The Greek and Latin languages especially have been drawn upon to furnish names by which patent medicines could be introduced to the public. The inference is, in many cases at least, that the proprietors depend more upon the attraction of high sounding titles than upon the essential merits of the remedie

It is refreshing once in a while to find medicine advertised, whose simple intelligible name in English at once conveys to the reader an understanding of the uses and pur poses of the remedy.

A notable instence of this kind is found in the medicines of Dr. C. W. Benson, whose SKIN CURE and CELERY and CHAMONILE PILLS impart at once, in their names, either their purpos or the ingredients that compose them. Dr Benson's SKIN CURE is warranted to heal all diseases of the skin, such as tetter, humors inflamation, milk crust, eczema, diseases of the hair and scalp, scrofula, ulcers, pimples and ttchings on all parts of the body. It makes the skin white, soft and smooth, removes tan and freckles, and is the best tollet dressing in existence. Its popularity is attested by the immense sales of it which are taking place enerywhere.

AT It is the only genuine "Skin Cure," and all should beware of the various remedies which have been struggling for existence, and now endeavor to ride into popularity by advertising themselves as "The Great Skin Cures." There is only one, and that is Dr. Benson's. Be sure and get it.

Gentlemen: I take pleasure in adding my LANCASTER WATCH COMPANY.

Gentlemen: I take pleasure in adding my testimony as to the comparative merits of your Watches. Having had many years experience in the manufacture of Fine Watches—eighteen years with the American Watch Company of Waltham, Massachusette, on their best grades; with the Nashua Watch company, the Auburndale Watch Company, and also with the Lancaster Watch Company, for some two years in charge of their Adjusting Department, I have nad ample opportunity to examine and compare the various grades of all the leading Watch Factories in America; and without hesitation, my decision is in tavor of the Lancaster Watch as the best time-keeper for the Money within My

C SEAL SKIN CLOTHS.

DRT GOODS,

NOUGRASS, MURRAY & CO.

Seal Cloths, when well-selected, make handsome and durable Coats, Dolmans, Wraps and Trimmings of Garments for Winter. They are as near the real Seal as you can get without buying the fur, and the Cloths are finer and handsomer than inferior Skins. We have them displayed under very strong, direct light, ranging the different qualities side by side, beginning at \$3.00 per yard and grading up to \$30-all 50 inches wide.

The laudable desire to obtain the best fabrics for the least money is amply met; assortments are complete and the best are obtainable. Present sales indicate that the possible supply will be far short of the legitimate demand. We therefore advise those interested in these desirable goods to decide promptly.
