TOBACCO TILLING. How the Staple Production of Lancaster County Impresses Strangers.

A correspondent who has been looking over our county lines at the wonderful development of tobacco culture writes thus about it: "The county of Lancaster, in this state,

famous for its beauty and fertility, has become of late years the centre of the tobacco growing interest. "The first dealer in Lancaster county

largest crop up to that time, which was delay. 3,500 cases out of a total in Connecticut, New York, Ohio and Pennsylvania of 13,200 cases, of which Connecticut was eredited with 5,000. The prices for wrappers were from twelve to fourteen cents, and other grades lower of course.

Mr. Kurtz began the culture and manu facture in so modest a way, Henry Bausman, of Manor township, on nine acres of land grew a crop of such remarkable amount and quality that he sold it to a San Francisco dealer for \$5,553 or over \$600 per acre. A seven acre field in the same township occupying a rocky hil!side, which was sold at \$125 per acre and put into tobacco, produced a crop, which at twenty-four cents per pound, not only paid for the land but for a large tobacco shed for future crops, and left the owner with \$700 casa in his pocket. These are illustra' o possibilities and serve as an induceraets to excellence in culture.

How the Crop is Sold. "The crop is contracted for on the Harms by agents of houses in the great cities, sometimes as distant even as is in Francisco, where the very best often goes. The delivery is made at the Lancaster packing houses, when it is weighed and checks given. Sometimes the proprietors of packing houses are the buyers, acting as middlemen between the growers and manufacturers. This was the case last year, when prices were the highest ever known, and were so high indeed, that though the farmers are sold out, the bulk | burg church. of 1881 crop is still held by the packers at prices which they cannot realize from manufacturers except from pointed a committee to supply the May hand to mouth ' as they actually need it. from week to week. The crop of 1679 was the best ever grown and brought has become rich and has a class of farmera whose bank accounts are probably a little more comfortable than those of any Aher county in the United States. They

are careful, methodical and saving, yet live well, have fine stock, good roads, and good houses. The writer was told of one farm house which cost \$14,000, and had about all the modern improvements which could be made available in the country, among them bathrooms, with hot and cold water in every room.

Herringan .- To-morrow evening, Herrmann, the famous megician, will appear at Fuston opera house, in his famous sleight-of-hand performances, pronounced unequaled by anything in their line now upon the stage. Marsden. Miss Pixley's abilities have been so often proven in this community that it is scarcely worth while to say anything more at this time than that her new role is winning by addressing with stamp, naming this paper, ew laurels for her and every day witnesses er growing popularity.

RESCUED FROM DEATH. The following statement of William J. Cough in, of Somerville, Mass, is so remarkable that we beg to ask for it the attention of our read ers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to love my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medfelues. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking my case incurable, but I got a bettle to satisfy them, when to my surprises d gratification, I commenced to feel better My hope, once dead, began to revive, and to lay I feel in better spirits than I have

What It Did for an old Lady. COSMOCTON STATION, N. Y., Dec. 28, 1875. GENTS-A number of people had been using your Bitters here, and with marked effect. In one case, a lady of over seventy years, had been sick for years, and for the past ten years has not been able to be around half the time. About six mouths ago she got so feeble she was helpless. Her old remedies, or physicians, being of no avail. I sent to Deposit, forty-five miles, and got a bottle of Hop Bitters. It inproved her so she was able to dress herself and walk about the house. When she had taken the second bottle she was able to take care of her own room and walk about to her neighbor's, and has improved all the time since. My wife and children also have derived great benefit from their use.
