GENTS-A number of people had been using your Bitters here, and with marked effect. In one case, a hely of over seventy years, had been sick for years, and for the past ten years has not been able to be around half the time. About six months ago she got so feeble she was helpless. Her old remedies or physicians. being of no avail, I sent to beposit, forty-five miles, and got a bottle of Hop Bitters. It inproved her so she was able to dress herself and walk about the house. When she had taken the second bottle she was able to take care of her own room and walk about to her neighbor's, and has improved all the time since. My wife and children also have derived great benefit from their use.

THE RAILROAD FIGHT.

CARRYING THE WAR INTO AFRICA. The Effective Measures that the St. Paul Kaliroad Proposes to Enforce-The

Trouble Expected to Increase.

CHICAGO, Nov. 29.-Mr. Merrill, of the St. Paul road, says he intends now to carry the railroad war into Africa. The other sides shall have all they want. He says the demands for the Rock Island road were unreasonable. The earnings of his road during the week which included the first three days of the war only fell off \$1,000. He now proposes to make such a reduction in time to St. Paul, that the Rock Island road cannot meet it, namely to leave Chicago at 8:30 a. m. and arrive at St. Paul at 9:30 p. m., reducing the running time six hours, and obviate sleeping cars. It is expected other measures will follow on either side and the war be hotter than ever.

They took with them three bank books and a check for \$550. Mrs. Converse and Mr. Warner then released themselves, but neither dared leave the house to notify the neighbors until daylight.

A Modest Suggestion.

If the proud and scholarly state of Massachusetts, which puts so much Latin upon every official state document, stamped upon it by its great seal, would put a bottle of Hunt's Remedy on its seal instead, it would be briefer and answer every purpose. There is a vigorous arm with a sword striking Latin blows, and an Indian shooting Latin arrows. But Hunt's Remedy does more than this. It strikes blows in Latin, English, French and German, and in every language, sgainst the most institious and deadly enemies of the human frame, and shoots destructive arrows into disease. It specially wages war against kidney diseases, so common in our afflicted humanity; and cures aliments of the kidneys, bladder, liver and urinary organs, and brings health again to the despairing. It Massachusetts doesn't wish to change its seal. Hunt's Remedy would be a significant design for the seal of some new state. A Modest Suggestion
