THE TOBACCO MARKET.

TRADE IN SEED LEAF AND HAVANA.

For the Week Ending Saturday December 2, 10 A. M.—The Over-Stocked Cigar Trade.

U. S. Tobacco Journal.

We were unable to trace any other sales than about 1,200 cases of 1880 Pennsylvania. The main buyers of it were an extensive uptown manufacturer and one or two California manufacturers. The prices realized were between 8 and 15 cents. If reports are true some of the sellers shed tears while closing the contracts.

The situation is extremely dreary. The estimate is that the '80 and '81 tobacco now on hand number 350,000 cases. Taking last year's home consumption as a guide, we use in this country 225,000 cases. Now, what with the coming large importation of Sumatra and the slight chances for export of seed leaf, the outlook is, to say the least, highly uncomfortable.

Sumatra—Sales 180 bales. They were merely "hand to mouth" sales; lowest price, 90 cents; highest, $1.40.

Havana—Moderately active. Sales 400 bales, mostly in small lots to manufacturer. Prices unchanged.

The Cigar Trade's Inactivity.

The sudden cessation of activity in the cigar trade is generally ascribed to the renewed agitation of the tax question. That, at any rate, is the reason given by most manufacturers who are asked regarding the condition of business.

This reason, however, is only correct in part. Many portions of the country are actually overstocked with cigars, which has more to do with the present state of trade than the tax question, though the majority of manufacturers will not admit such to be the case. They have, for some reason or other, an intense dislike to acknowledging that it is possible to overstock the country with cigars, and it is only occasionally that one can be found who will openly avow that such can be and is done. Salesmen who have recently returned from very long trips confess, though generally with great reluctance, that the trade is overstocked.

As regards the South, an additional cause of the dimunition of business there is the difficulty experienced in making collections. Money comes in slowly from that section, and there is no inclination to extend credits even if parties located there willing to purchase and increase the large stocks already on hand.

The same remarks apply equally as well to many parts of the West. The northwestern country, however, is an exception. Trade there is fairly active and money seems to be plentiful.

As far as New York city is concerned, there can be no dispute regarding the stagnation of trade. The internal revenue receipts for November prove that conclusively and that the bottom has indeed fallen out of the long-extended "boom." The drop in the receipts as compared with October represents the enormous number of 12,681,000 cigars, and 1,959,000 less than in November, 1881. The greatest sufferers are said to be the extremely large manufacturers, the small to medium manufacturers continuing to do a fair if not active trade. It is, then, no wonder that most of the former have reduced their hours of labor about one half. There is no reason to believe that there will be any improvement in business before January 1. Indeed, the prospects are that great activity will not again prevail before spring.

Business has also fallen off in cigarettes and manufactured tobacco in this city to the extent, according to the tax receipts, of 6,448,000 cigarettes and 117,093 pounds of manufactured tobacco, as compared with October.

Gans' Report.

Sales of seed leaf tobacco reported by J. S. Gans' Son & Co., tobacco brokers, No. 131 Water street, New York, for the week ending December 4, 1882:

1,100 cases 1880 Pennsylvania, 9@14; 150 cases 1881 New England, 13@35c; 100 cases 1881 Wisconsin, Havana seed, p.t.; 100 cases 1881 Ohio, 5½. Total, 1,450 cases. Market dull.

As Good as She Gave.

Two young ladies, pretty girls they are, too, were strolling up the avenue the other day, when they noticed Mrs. Langtry walking in front of them with Mrs. Labouchere. They hurried up, so as to get a good look at her, and, as they passed her, Mrs. Langtry said to Mrs. Lab.: "Do you call those girls pretty?" "No," replied Mrs. Lab. in her loudest voice. "I do not, and I haven't seen a pretty girl since I came to America." "Isn't it odd," said Mrs. Langtry, "there doesn't seem to be any pretty girls over here at all." This was said in very loud tones, evidently intended for the passers by to hear. American wit was her match, though. "Isn't that Mrs. Langtry?" said one of these girls to the other, looking around at her. "Oh, dear, no, that is not Mrs. Langtry," was the reply, given in a good clear voice; "Mrs. Langtry is pretty and this woman is not, and Mrs. Langtry is well bred and this woman certainly is not." To say that Mrs. Lab.'s pale eyes flashed fire would be doing injustice to the daggers that leaped from out them. It is said that Mr. Labouchere is coming over to cut his Christmas turkey with his wife and Mrs. Langtry. Won't she fill him with anecdotes of the impertinence of American girls, and won't he ventilate them in the columns of *Truth* when he returns to London?

BAY CITY, Mich., Feb. 5, 1881.

I think it my duty to send you a recomend for the benefit of any person wishing to know whether Hop Bitters are good or not. I know they are good for general debility and indigestion; strengthens the nervous system and make new life. I recommend my patients to use them. DR. A. PRATT.

It knows no half-way measures, but radically uproots all diseases of the kidneys, liver and bowels. It overthrows piles, abolishes constipation and treats the system so gently and soothingly as to prove its true kinship to nature and all its praises. It is prepared in both liquid and dry form.

GENUINE HAVANA AND YARA CIGARS The best 5-cent Cigar in the city at HARTMAN'S YELLOW FRONT CIGAR STORE.

DR. BENSON'S REMEDIES.

From the Baltimore American.

MYSTERIOUS

Articles with High Sounding, Crack-Jaw Names are Not a Success.

A REFRESHING CHANGE.

To Plain English.

Every reader of newspapers has observed time, and again, in the advertising columns, many singular and frequently unpronounceable names of medicinal remedies. The Greek and Latin languages especially have been drawn upon to furnish names by which patent medicines could be introduced to the public. The inference is, in many cases at least, that the proprietors depend more upon the attraction of high sounding titles than upon the essential merits of the remedies themselves.

It is refreshing once in a while to find a medicine advertised, whose simple intelligible name in English at once conveys to the reader an understanding of the uses and purposes of the remedy.

A notable instance of this kind is found in the medicines of Dr. C. W. Benson, whose SKIN CURE and CELERY and CHAMOMILE PILLS impart at once, in their names, either their purpose or the ingredients that compose them. Dr. Benson's SKIN CURE is warranted to heal all diseases of the skin, such as tetter, humors inflamation, milk crust, eczema, diseases of the hair and scalp, scrofula, ulcers, pimples and itchings on all parts of the body. It makes the skin white, soft and smooth, removes tan and freckles, and is the best toilet dressing in existence. Its popularity is attested by the immense sales of it which are taking place everywhere.

☞ It is the only genuine "Skin Cure," and all should beware of the various remedies which have been struggling for existence, and now endeavor to ride into popularity by advertising themselves as "The Great Skin Cures." There is only one, and that is Dr. Benson's. Be sure and get it.

DOES YOUR HEAD ACHE?

No Matter What Cause, Sick, Nervous, Neuralgia, Dyspeptic.

Which is it? A revolution in the treatment of nervous diseases is now taking place. Dr. C. W. Benson has discovered a sure remedy in his Celery and Chamomile Pills—they permanently cure sick and nervous headache, neuralgia, dyspepsia, sleeplessness and all nervous diseases. Sold by all druggists. Price 50 cents a box. Address, Baltimore, Md. By mail, two boxes for $1, or six boxes for $2.50.

C. N. Crittenton, of New York, is wholesale agent for Dr. C. W. Benson's remedies.
