stove works has already arrived from Spring City and more is coming. The musicale last night decided not to reorganize.

P. B. Vache fell down stairs by reason of an attack of vertigo last evening and sustained a slight concussion of the brane To-day his condition is improved. A freight train separated here at an

early hour this morning and when the first section was moved back the contact was so violent that two cars both loaded with leather were badly broken.

Mi-s Emily Hoffer is home again from a visit to friends in the interior of the state; Mrs. Julius Courboissier and Mrs. Rudolph Perrottett have gone to Port Jervis, N. Y.; Mrs. Annie Wamburgh and Mr. Jeff Clepper have been called by telegraph to the sick bed of their sister, Mrs. John Filbert. Mr. Andrew Hill and family have removed to

J. Enfield Leaman, of this place, has been appointed night operator at he newly established telegraph office at Paxton street, Harrisburg. The repainting of the Presbyterian par-

The School Board At last night's meeting of the school board all the members were present except Mr. Wike. The finance committee's report showed \$2,607 30 receipts ; \$1,151,-66 expenditures and \$1,455.44 balance; it also stated that T. B Dunbar had been given additional time for settlement of 1381 duplicate. On the recommendation of the supplies committees, said committee were empowered to provide additional blackboard surface for rooms 5 and 6, and to repair boards now in use The library committee reported additions of 75 new volumes at a cost of \$83.47, and also that a circular letter had been issued setting forth the advantages of the Shoch library and inviting public support; a list of the paying subscribers will be published. The superintendent's report showed a total of 1,270 pupils in attendance at the several schools, with an aver-

age of 1,125 daily, of whom 581 were present at every session and there were 38 visitors during the mouth. On Mr. Slade's motion it was ordered to close the schools from Dec. 23, 1882, to Jan. 8, 1883, and that the teachers be requested to teach at the end of the regular school term four extra days. The meeting hour was changed to 7:30 o'clock, but the former hour of 8 was afterwards substituted. Bills to the amount of \$16.10 were approved, and after Mr. Westgate's re quest for the use of one of the class in pennanaship for the term of twelve nights had been referred to the committee of supplies and repairs with power to act, the board adjourned.

Petty Pulferers. Now that Christmas is approaching and the storekeepers are displaying to the greater advantage the innumerable specimens of Christmas goods with which their places of business are filled, the petty thieves are making their daily and nightly rounds, and filehing from the well filled ber of cures. P. F. HYATT, M.D., Borden counters such articles as they can conveniently stea!. We have the names of several parties who have been detected in the act of stealing from different stores, and who have been compelled to deliver up the stolen goods, but who have not been proscented by the storekeepers because they have pitied them or because of their respectability, or for fear they may make enemies of their friends. But the annoyance has become so general and the losses so heavy, that the merchants have determined to put a stop to it, and expose the petty pilferers without regard to their standing in the community.

Making Short Work of It.

In the slege of Troy, Apollo encouraged the Trojans to be valiant against the Greeks, by saying: "The mighty Achilles does not fight to-day." It would seem as if Death had been bidding disease to make its greatest inroads upon men, by saying: "Hunt's Remedy is out of the market." But the Trojans found to the field, slew their greatest champions, and made short work of the battle. And Hunt's Remedy, as an Achilles against kidney and liver diseases, has taken the field, and is making short work of alisuch aliments. Hundreds of testimonials from all quarters are coming in as to the might of this champion medicine. Not surer was the sword of Achilles than is this powerful, yet peaceful, remedy in battle form, as it wages war against dropsy, urinary and kidney complaints, and overcomes. It is wise to call in its aki.
