This morning the work of building the new temporary hospital and car inspector's office in the west yards of the Pennsylvauia railroad here, was begun. The building will be completed in a short time.

The members of the crew of the second Empire freight east were alarmed early this morning by the disappearance of one of their number. It was believed that he had fallen from his train, but a search revealed him stowed away in a spot sheltered from the cold on one of the cars. Mr. Frank Dawson fell on a slippery

pavement on Locust street, last evening, and received an ugly cut above the right eye by striking against the curbstone of the pavement. The wound was obliged to be stitched up. This is one of the results of carelessness in not clearing the ice from pavements.

During a fight which occurred between two men on Locust street last night, one of them received a severe gash across the forehead from something. 'Squire Frank now has the case befor him. Some person s bound to suffer.

Officer Rodenhauser arrested a suspicious looking character on Locust street last night. He also attempted to arrest a companion of the prisoner, but he escaped by jumping on a passing freight train. Cochristen one arrested was sent to jail this street.

Borough Personals. Mr. Theodore Williams left to-day for

Mr. James Willoughby, of Norristown, is here as the guest of friends on S coud The Sick List, Mr. Jeft Hershey made his first appear

ance on the streets to-day since his recovery from injuries received while coup ling cars.
Mr. P. B. Vache, who fell down stairs a few days ago and received concussion of

the brain, is somewhat better to-day. Mr. Peter Saylor, who was attacked with paralysis yesterday is considered to be in a critical condition. He has not rallied any since the stroke. A Gang of Tramps,

A gang of about thirty tramps made their headquarters on the hill back of the St. Charles furnace last night. Many people imagine that they lead a hard life and pity them. Don't waste your sympathy upon them, kind reader. A few, a very few, deserve it, but the majority of them are thieves and rascals, and have no gratitude for what is done to help them, If you do not believe this assertion go amongst them, and the truth will soon beie apparent.

Keep the Gutters Open. The gutters in many places are choked up with ice that the water has no proper channel any more. The consc quence is that it runs over the pavements making it dangerous to walk upon them. Those gutters which carry the refuse water into the sewers should of all others be kept clean of any obstruction. The people whose residences or business places are in the neighborhood of these sewers should attend to keeping them clean.

The skaters repair to the vicinity of Big Island for the best skating now. The ice is like a sheet of glass, so clear and smooth

skates on the river in front of town, Saturday afternoon at 2 o'clock. The puddlers and rollsmen of the Susquehanna rolling mill are the contestants. A large crowd of spectators will doubtless be Marietta last evening. The beautiful moonlight night tempted them to try

their skill on the steel runners. Why more Columbians do not indulge in this healthy amusement is a mystery. If the ice was weak and unsafe there would be some cause for their not venturing out, but such is not the case ; the river is safe anywhere. Last evening a small party of ladies and gentlemen exercised themselves until about 10 o'clock, and all declared that they had a delightful time. So every person would say who would take the trouble of going to the river and putting | 1 on a pair of skates.

Songs, Recitations, Dialogues, Speeches, Etc. a fine entertainment yesterday afternoon in their school room, in the Lemon street school building. The room was beautifully trimmed with festoons of evergreen, illuminated mottoes, growing flowers and foliage plants, hanging baskets and other decorations very tastily arranged. The entertainment consisted of singing,

recitations, quotations from favorite authors, dialogues, &c., &c., all of which were excellently rendered by the young people, who were rewarded by receiving high commendation from the large number of patrons and friends of the school who were present. Where all did so well, it is hardly fair to select any part of the programme for especial commendation; but a recitation by Nora Brown entitled "A Sermon in Rhyme," was so admira-bly rendered as to elicit universal praise, as was also the selection "When Our Ship Comes In." by Regenia McManus. Perhaps the finest musical selection was a solo by Nannie Dickey, entitled "Prince Charming."

Prof. Buehrle and Rev. J. Max Hark, who were among the visitors, made pertinent speeches, commending the teachers and the pupils for the taste displayed in their decorations and the excellence of the entertainment, and giving good advice and encouragement to continued effort in the cause of education.
