The Patowned Queen of Sheba, with all her royal younp, magnificent apparel and brilliant retinee, would never have appeared within the presence of the grandest of the monarchs of the past, had she not also possessed that of the plants upright tous stowing which is the crowning glory of the female person-a skin unchallenged for its Oriental soft

character, loveliness of disposition and unselfish devotion. Indeed, in the estimation of perhaps too many men beauty in a body takes dence over every other consideration. Beauty thus forms an important part of woman's " working capital," without which to many (if not bankrupts in what relates to infinence within the circle where they move), are powerless for great good. Hence we see not only the propriety but the duty of every varieties whose spreading growth makes lady preserving with zealous care that which the manipulation of the plants difficult to her is essential to success, and influence and usefulness in life. And since "beauty is but skin deep," the utmost care and vigilance are required to guard it against the many ills that flesh is heir to. Among the great an annoying enemies of beauty,

OF EITHER SEX. as well as of comfort, happiness and health are those pestiferous and horrid skin diseases -tetters, humors, eczema (salt rheum), rough and scaly eruptions, ulcers, pimples, and all diseases o' the hair and scalp. For the cure of all hese, Dr. C. W. Benson, of Baltimore, after years of patient study and investigation de voted to diseases of the skin, at last brough forth his celebrated SKIN CURE, which has already by its marvelous cures, established itself as the great remedy for all diseases of the skin, whatever be their names or character Its success has been immense and unparalleled.
