A company has been formed in Wrightsville, which is called the Wrightsville bridge company, and on application for a charter for a bridge over the Su queharma river at this point is to be made at the present Legislature. Twenty one young ladies participated in a broom drill which was held in Marietta on Tucsday evening in Central hall. Those competent to judge say that the drilling was done with great regularity and precision, although brooms took the place of guns. The hall sas crowded to its fullest and many could not gain admission. The training was done by Capt. D. B. Case, to whom much credit is due.

The brooms were sold at auction after the drill, Dr. Alexander performing the duties of auctioneer. About \$50 were realized by the sale. Much stoprise and disgust was felt by the audience when the Rev. McElmoyle, paster of the Presbyte-rian church and for the benefit of the Sunday school of which the drill and auction was held, arese and left the half in-law of Mrs. Elizabeth Bates, formerly when the auction began, refusing to of this city, a sister of B. George Latz, superintendent of the Lancaster cemetery, has tendered his res ignation to the board of directors, to take effect on the 1st of April. For 28 years Mr. Lutz has held the position, and has discharged his duties in a faithful and efficient manner. The rapidly increasing duties of the office, which has not been met with a corresponding increase of fees is, we learn, Mr. Lutz's principal reacon for resigning. It might be worth while for the board of directors to consider whether it would not be better to increase the compensation of her superintendent rather than to lose the services of an excellent, long tried officer.
