Washington Dispatch to the Times. A. Herr Smith, of the Lancaster dis

trict, presented to the House on Wednesday morning, a petition in favor of an increase of duty on Sumatra tobacco. It was signed by 3,471 growers, dealers and manufacturers of tobacco in Lancaster county. Mr. Smith also apeared before the Senate committee and urged an increase of the duty. He furnished the committee with much valuable information on the subject, and by the statistics of tobacco culture and manufacture in this country showed that it was an important subject and demanded recognition. He also presented specimens of different varieties of tobacco, showing that it was impossible for home grown to compete with the Sumatran, as it was a much lighter tobacco, and that for the purpose of eigar wrappers one drills, sledge-hammers and other tools, the pound of Sumatra was equivalent to three pounds of home grown.
