genter's Reporter Mr. Frank Pierce left this morning for a trip to Baltimore. Mr. Jerome Sawyer, of Cumberland, Md., is the guest of friends on Walnut

Miss Mattie Toombs, of Milwaukee, is visiting relatives on Front street Three drunks were placed in the county iail b. Officer Struck, last evening. They

were fine looking specimens of manhood. Mr. Walter Swartz, who has been visiting his parents here for several weeks past, left this morning to return to his place of business in Leavenworth, Kansas. This evening the meeting of the woman's working society, of St. John's Lutheran church, will be held at the resideace of Mr. George Finney, on Cherry street. The members are expected to turn out in force.

Last evening the "Orphean" musicale met at Mrs. General Welsh's residence, on Locust street. The usual programme was gone through. It was decided to secure a room and fit it up for the permanent use of the society.

To-morrow evening will be presented in the opera house, by Rice's opera company the new and beautiful opera of "lolanthe." A large number of seats have already been sold, and if the weather is favorable the house will be well filled.

A typographical error stated Mr Alex. Rosenthal had been sold out; it should have been "he had sold ou to William Rochrow" his oil rendering establish

meut. The extensive work of laying pipes for a new water plug in the west yards of the Pennsylvania raitroad here, has been com pleted, and the plug is now in position and will soon be ready for use. It is a great

convenience, and has long been a necessity. The freight business of the Port Deposit railroad has been exceedingly heavy this week; as much so as at any time since the opening of the road for business. There is no complaining among the crews now, of dull times; they are kept busily enough employed to suit the most energetic.

Steighing and Coasting. Charles Geisler, aged 15, was thrown against a post while coasting on Locust street last night and had had his left arm dislocated at the clbow.

A merry party of sleighers came to town last evening. They only stopped here long enough to get warmed and then left for parts unknown. A large crowd was engaged in coasting

on Peart's nill last night. A boy had one of his legs broken by being struck by another slad after he had been thrown from his own upon the hill.

To see the number of broken sleds upon the different coasting hills every night causes a person to wonder why the number of coasters do not decrease. Probably they are patched up the next day or a new one replaces the old.

A large sleighing party went to Mount Joy from this place last evening. All enjoyed themselves hugely, except one of the gentlemen, who had an ear frost bitten. He does not think there is much fun in sleighing.

One of Campbell's livery teams, while being driven by Michael Hook yesterday afternoon, inrued the corner of Second street, at Locust, too sharply and upset the sleigh. This frightened the horse and he dashed down Locust street, where he was caught in front of the Franklin house. The sleigh was not broken by the its late occupants refused to get into it agement it includes some of the best known again; he was a raid the driver might upset him again.

A TERRIPLE ACCIDENT.

A Breakman Almost Instantly Kided. A terrible accident occurred just west of Downingtown, about half past one o'clock vesterday afternoon, in which George Stoutsenberger, alias Mason, a brakeman attached to engine 583, of the Pennsyivania railroad, was killed. The young man had last the heel from one of his boots and was standing on the top of a box car which was covered with tee, and in the shifting of it he slipped and fell off strik-ing hit lead first. His skull was crushed and his jawami one leg was broken. In struggling 'to got one leg under the moving train and had it cut off. He died in fitteen minutes. The body was taken to Commbia where the deceased leaves a wife and one child. He was a son in-law of David Hinkle proprietor of the American house, Columbia; was about 23 years of age and came fro n Marietta to Columbia several years ago.

Driving Accident.

This afternoon Amos Fenstermacher, of Millersville, and another man were driving at the corner of Chestnut and North Queen streets, when the runner of the sleigh caught in the street car track and it was upset. Both men were thrown out, but they held to the lines, and although the horse ran around in a ring for some time he did not get away. The only damage was a broken
