East King Street.

**THE PUREST AND BEST.**  
Remedy Ever Made.—It is Composed  
from Hops, Malt, Buchu, Man-  
drake, and Dandelion.  
The oldest, best, most renowned and val-  
uable medicine in the world, and in addition it  
contains all the best and most effective cura-  
tive properties of all other remedies, being the  
greatest liver regulator, blood purifier, and  
life and health restoring agent on earth.  
It gives new life and vigor to the aged and  
infirm, to the nervous, to the weak, to the  
ladies, and all whom sedentary employments  
cause irregularities of the Blood, Stomach,  
Bowels, or Kidneys, or who require an ap-  
petizing, tonic, and mild stimulant, it is invalu-  
able, being highly curative, tonic and stimu-  
lating, without being intoxicating.  
No matter what your feelings or symptoms  
are, or what the disease or ailment is, use Hop  
Bitters. Don't wait until you are sick, but if  
you on any food but or substance use the Bitters  
at once. It may save your life. Hundreds  
have been saved by so doing, at a moderate  
cost. Ask your druggist, or physician, do  
not suffer yourself or let your friends suffer,  
but use and urge them to use Hop Bitters.  
If you have lameness in the joints, with fre-  
quent pains and aches; numbness of the thigh;  
scanty, painful and frequent discharge of  
urine, mixed with mucus; dropsical swellings  
of the limbs; frequent attacks of hiccough;  
inability to void the urine and great fatigue in  
attempting it—you are suffering from some  
form of Kidney or Urinary Complaint, such  
as Bright's, Catarrh of the Bladder, or inflam-  
mation of the bladder, gravel and renal  
calculi, diabetes, stranguary of the rectum and  
retention of the urine, and Hop Bitters is the  
only remedy that will permanently cure you.  
Remedy.—Hop Bitters is no vile, drugged,  
drunken nostrum, but the purest and best  
medicinal ever made and no person or family  
should be without it.  
The seven states which grow over 100  
and less than 500 acres are: Nebraska, 101  
acres and 57,979 pounds; New Jersey, 152  
acres and 172,315 pounds; Minnesota, 163  
acres and 66,922 pounds; South Carolina, 169  
acres and 43,678 pounds; Michigan, 170 acres  
and 429,177 pounds; Louisiana, 253 acres and  
55,554 pounds, and Kansas, 333 acres and 191,669  
pounds.  
The three states growing over 500 and  
less than 1,000 acres are: Texas 953 acres  
and 27,526 pounds; Iowa 992 acres and  
429,177 pounds, and Georgia 971 acres  
and 228,590 pounds.  
The six states growing over 1,000 and  
less than 5,000 acres are: Mississippi 1,471  
acres and 414,653 pounds; Arkansas 2,004  
acres and 979,230 pounds; Alabama 2,197  
acres and 452,423 pounds; Massachusetts 3,358  
acres and 5,269,436 pounds; West Virginia 4,071  
acres and 2,296,146 pounds, and New York 4,937  
acres and 6,491,431 pounds.  
The three states growing over 5,000 and  
less than 10,000 acres are: Illinois, 5,612  
acres and 3,935,825 pounds; Connecticut, 8,666  
acres and 14,044,652 pounds; and Wisconsin, 8,810  
acres and 10,608,123 pounds.  
Two states grow over 10,000 and less  
than 20,000 acres: Indiana, 11,935 acres and  
8,872,842 pounds; and Missouri, 15,521  
acres and 12,015,657 pounds.  
The five states growing over 20,000 and  
less than 60,000 acres are: Pennsylvania, 27,596  
acres and 34,943,272 pounds; Ohio, 34,776  
acres and 34,725,265 pounds; Maryland, 38,174  
acres and 28,082,147 pounds; Tennessee, 41,532  
acres and 29,265,052 pounds; and North Carolina,  
51,208 acres and 26,986,213 pounds.  
Virginia grows up to 140,791 acres and  
75,898,393 pounds; and Kentucky far-  
ther east, grows the whole crop of  
1880 at an average of 8 cents per pound it  
amounts to \$17,712,892.72.  
The farmer who will examine these  
figures closely will be struck with the  
wide difference in the amount raised per  
acre in different sections. High manuring  
is wonderfully in the cultivation of  
tobacco, and its results can clearly be  
seen in the above statement. Pennsylvania,  
on 27,596 acres, raised 10,000,000  
pounds more than North Carolina on  
51,208 acres, and many there are many other  
examples of the same kind, though the  
North Carolina tobacco was worth \$1.62  
per 100 pounds more than the Pennsylvania  
tobacco. As a general rule, however,  
the tobacco which brought the best price  
belongs to the states which produced the  
greatest number of pounds to the acre.

**KIDNEY DISEASES.**  
Does a lame back or disordered urine indi-  
cate that you are a victim of THIS DANGEROUS  
DISEASE? Use Kidney-Wort at once (druggists  
recommend it) and it will speedily over-  
come the disease and restore you to health.  
For complaints peculiar to  
**Ladies,** your sex, such as pain and  
weakness in the back, urinary troubles, or  
it will act promptly and safely.  
Ethereal, Incontinence, retention of urine,  
briskness or rony discharge, and urinary  
pains, all speedily yield to its curative power.  
**SOLD BY ALL DRUGGISTS, PRICE, 25c.**  
**KIDNEY-WORT.**  
Acts at the same time on the Kidneys, Liver  
and Bowels.  
I have prescribed Kidney-Wort with very  
great success in a case of chronic cystitis,  
KIDNEY and Liver Troubles, also for female  
weakness.—Philip C. Ballou, M. D., Monkton,  
Vt.  
"My wife has been much benefited from the  
use of Kidney-Wort. She had kidney and  
other complaints," writes Rev. A. B. Coleman,  
Seymour, N. H.

**KIDNEY-WORT**  
—IS A—  
**Sure Cure for All Diseases**  
OF THE  
**KIDNEYS AND LIVER.**  
It has specific action on this most impor-  
tant organ, enabling it through its draining  
and insulating, stimulating the healthy secre-  
tion of the bile, and by keeping the bowels in  
free condition, effecting its regular discharge.  
Acts at the same time on Kidneys, Liver and  
Bowels.  
If you are suffering from ma-  
lignant jaundice or any other disease of the  
liver, or if you are afflicted with kidney  
troubles, it will surely relieve and quickly cure.  
In the Spring to cleanse the system, every  
one should take a thorough course of it.  
SOLD BY DRUGGISTS. Price, 25c.

LANCASTER, PA.

**THE TOBACCO MARKET.**  
STATE OF THE GENERAL TRADE.  
Tobacco Culture of the United States—The  
New York Report—Condition of  
the Local Market.  
The impression is current and generally  
believed that tobacco is cultivated in but  
few states in the Union, and that its cul-  
ture is confined to a single degree of  
latitude in the central portion of the re-  
public. But the census of 1880 shows the  
fact that it is cultivated in forty-three  
states and territories, and that in twenty-  
five states it is grown in nearly every coun-  
ty. It is a matter of much interest, as con-  
nected with the proposed repeal of the tax  
upon the sale and manufacture of tobacco.  
In the extreme northeast of the union,  
in the state of Maine, one acre is grown,  
producing 250 pounds; and in the extreme  
southwest, in Arizona, one acre is also  
grown, producing 600 pounds.  
Idaho, 28 the far northwest, grows two  
acres and 400 pounds; and Nevada in the  
far west, two acres with 1,500 pounds.  
The District of Columbia also grows two  
acres and 1,400 pounds, and Rhode Island  
two acres and 789 pounds.  
After these, the five states grow less  
than 100 acres are: Oregon, in the far north-  
west, 43 acres and 17,225 pounds; California,  
in the extreme west, 84 acres and 73,317  
pounds; Vermont, in the far north-  
east, 84 acres and 131,432 pounds; New  
Hampshire, also in the far north-  
east, 88 acres and 170,843 pounds; and  
Florida, in the extreme south, 90 acres  
and only 21,182 pounds. What a wonder-  
ful difference between the production of  
New Hampshire's 88 acres and Florida's  
90 acres.  
The seven states which grow over 100  
and less than 500 acres are: Nebraska, 101  
acres and 57,979 pounds; New Jersey, 152  
acres and 172,315 pounds; Minnesota, 163  
acres and 66,922 pounds; South Carolina, 169  
acres and 43,678 pounds; Michigan, 170 acres  
and 429,177 pounds; Louisiana, 253 acres and  
55,554 pounds, and Kansas, 333 acres and 191,669  
pounds.  
The three states growing over 500 and  
less than 1,000 acres are: Texas 953 acres  
and 27,526 pounds; Iowa 992 acres and  
429,177 pounds, and Georgia 971 acres  
and 228,590 pounds.  
The six states growing over 1,000 and  
less than 5,000 acres are: Mississippi 1,471  
acres and 414,653 pounds; Arkansas 2,004  
acres and 979,230 pounds; Alabama 2,197  
acres and 452,423 pounds; Massachusetts 3,358  
acres and 5,269,436 pounds; West Virginia 4,071  
acres and 2,296,146 pounds, and New York 4,937  
acres and 6,491,431 pounds.  
The three states growing over 5,000 and  
less than 10,000 acres are: Illinois, 5,612  
acres and 3,935,825 pounds; Connecticut, 8,666  
acres and 14,044,652 pounds; and Wisconsin, 8,810  
acres and 10,608,123 pounds.  
Two states grow over 10,000 and less  
than 20,000 acres: Indiana, 11,935 acres and  
8,872,842 pounds; and Missouri, 15,521  
acres and 12,015,657 pounds.  
The five states growing over 20,000 and  
less than 60,000 acres are: Pennsylvania, 27,596  
acres and 34,943,272 pounds; Ohio, 34,776  
acres and 34,725,265 pounds; Maryland, 38,174  
acres and 28,082,147 pounds; Tennessee, 41,532  
acres and 29,265,052 pounds; and North Carolina,  
51,208 acres and 26,986,213 pounds.  
Virginia grows up to 140,791 acres and  
75,898,393 pounds; and Kentucky far-  
ther east, grows the whole crop of  
1880 at an average of 8 cents per pound it  
amounts to \$17,712,892.72.  
The farmer who will examine these  
figures closely will be struck with the  
wide difference in the amount raised per  
acre in different sections. High manuring  
is wonderfully in the cultivation of  
tobacco, and its results can clearly be  
seen in the above statement. Pennsylvania,  
on 27,596 acres, raised 10,000,000  
pounds more than North Carolina on  
51,208 acres, and many there are many other  
examples of the same kind, though the  
North Carolina tobacco was worth \$1.62  
per 100 pounds more than the Pennsylvania  
tobacco. As a general rule, however,  
the tobacco which brought the best price  
belongs to the states which produced the  
greatest number of pounds to the acre.

**THE NEW YORK MARKET.**  
Weekly Report of the U. S. Tobacco Journal.  
The exporters who last week infused  
considerable life into the market by their  
purchases and unaccepted offers for wrap-  
pers, did not repeat their agreeable per-  
formance this week, preferring to wait a  
still lower market, which, they say, they  
are sure will set in before spring. If the  
reports from Germany as to the prices  
dealers there are paying for the native  
leaf are correct, our prices are at present  
fairly good, except occasionally, when some  
foreign holder of 90 Pennsylvania evinces  
symptoms of a readiness to part with his  
long clung to treasure for a few cents.  
Of '81 tobaccos there are virtually but  
two in Pennsylvania and Connecticut in the  
market. The Ohio that is here is only by  
a few lower than those, and consequently a  
hopeful feeling among holders here now  
exists for an extensive export business in  
the near future.  
Our home trade, however, has not  
shown in it showing a great deal of  
interest in the present or future of the  
market. The large manufacturers are  
fortifying themselves with Sumatra and  
complementarily await a cut-throat seed  
leaf market. The jobbers are in no spe-  
cial mood, except occasionally, when some  
foreign holder of 90 Pennsylvania evinces  
symptoms of a readiness to part with his  
long clung to treasure for a few cents.  
Of '81 tobaccos there are virtually but

the near future.  
Our home trade, however, has not  
shown in it showing a great deal of  
interest in the present or future of the  
market. The large manufacturers are  
fortifying themselves with Sumatra and  
complementarily await a cut-throat seed  
leaf market. The jobbers are in no spe-  
cial mood, except occasionally, when some  
foreign holder of 90 Pennsylvania evinces  
symptoms of a readiness to part with his  
long clung to treasure for a few cents.  
Of '81 tobaccos there are virtually but  
two in Pennsylvania and Connecticut in the  
market. The Ohio that is here is only by  
a few lower than those, and consequently a  
hopeful feeling among holders here now  
exists for an extensive export business in  
the near future.
