Busband Murdered and His Body Placed on a Railroad Track. About a week ago the dead body of a colored man named Daniel Walker was found on the track of the Richmond, Fredericsburg & Potomac railroad, about eight miles from Richmond, and it was then supposed that he had been killed by the fast mail train. His remains were interred and nothing more was thought of the matter. For several days past, however, rumors have been in circulation in the neighborhood that Walker had been murdered and that his body had been placed on the track in order to make it appear that he had been killed by a train. An investigation has been made by the county magistrate, which has resulted in College, says: the arrest of Barbara Walker, the dead man's wife, and Charles Lee, a negro, who it is asserted was intimate with the woman, on suspicion of conspiracy to get her husband out of the way. Mary Walker, a daughter of the deceased, states that about a week before her father's death she heard Lee, in talking about her father, threaten to kill him, and that on the last day her father was alive he and Lee had some difficulty. These facts, together with some developments con-nected with the finding of the body, led to the arrest. The man and woman have been brought to Richmond.
