encer's Reporter. Success last night crowned the efforts of Rev. Humphriss, at the Methodist church. to renew an interest in the revival meet ings which have been in progress there for the past eight weeks. Four inquirers were at the altar, and this may be the means of inducing others to go forward. Conference will meet in less than two weeks, and it is desired to continue the meetings until that time; they will then have covered a period of ten weeks.

Revivals of an interesting character are also in progress at the United Brethren and Bethel churches. This has been a season of work for a number of the Columbia churches, and the result has been of a most satisfactory and encouraging nature. People have been seen at church during these revivals, who had almost forgotten how the interior of a church looked.

Two Funerals Vesterday The funeral of Arthur Brugh was held yesterday afternoon, the services taking place at his late home on Locust street. The body was interred in Mt. Bethel cem-

The funeral of the late Henry W. Blackson was also held yesterday afternoon, the services being held in Trinity Reformed church. Chiquesalunga tribe No. 39, I. O. R. M., of which deceased was a member, attended the funeral in a body and conducted all the burial arrangements.

Red Men's Council. On May 21th the Great Council of Red Men of Pennsylvania will go into session at this place, and continue its meetings for a week. The opera house has been engaged for the purpose. It is desired to have a large parade during that week, and attempts are being made to bring about such a result. The Columbia lodges of the order intend entertaining the delegates | 30 days. by giving them a grand picnic and dance. Seciety and Personal.

A pleasant social gathering was held at the residence of Dr. Wm. G. Taylor last evening, the occasion being his 10th wedding anniversary. The evening was passed in congenial amusements, which were highly enjoyed by all who had the pleasure of attending the gathering. Miss Nettie Johns is visiting relations in Philadelphia. Mr. Matt Floyd, of Syracuse, N. Y., is the guest of friends on Locust His Age Against Him.

The condition of Dennis McCarty, injured here yesterday morning in a railroad accident, has not changed, either for better or worse. A young man would most likely recover, particularly as no internal injuries were sustained, but Mr. McCarty's age is against him. Notwithstanding this fact he may yet recover.

Borough Briefs. The superintendent of the Frederick railroad, Mr. J. B. Hutchinson, was in is than be drawn the whole length of my town to-day. His visit was of a business character in connection with his line of

HUMPTY DUMPTY AGAIN.

Tony Denier's Company at the Opera House Last evening the Tony Denier "Humpty Dumpty" pautomime company appeared in the opera house to an audience which should have been a great deal larger, as Troches have been recommended by physithe company is stronger by far than it was clans, and always give perioct satisfaction when it last appeared here. Alfred Miaco is a funny clown, and he was supported by clever people in the other roles. The tricks were very well worked. The strongest part of the entertainment is the olio of specialties given as the second act. One of the features is the fine acrobatic acting of the Rice Brothers and the bar performance of the same young men, with Frank Hartell. They are monarchs in their line. Wade and LeClede are a capital pair of song and dance men, and are well up in acrobatic business. The wire walking act of Silvo is given with some novelties and is taking. A. L. Gleason introduced the pony circus, which includes several dogs and "Lotta," the trained donkey. The dogs are excel-lent, and the black canine clown is as funny as the man he has been taught to imitate. Other acts worthy of notice were the skipping rope dance of Josephine Sutherland. serio comic singing by Emma Rice, Alfred Miaco's high stilt walking, and the mu sical business of Charles Schilling.

The show, which is very good through out, appears in Columbia to night. It is under the management of Mr. George Sydney, a successful showman and fine gentleman, who has been with Mr. Denier for

A Useful Map. A very useful map has been placed in the station-house. It shows the location of the fire alarm boxes, engine houses, house of the chief engineer, with the streets through which the wires run. When an alarm is struck, by reference to this map, the location of the fire can be seen at once, together with the best and shortest route to reach it.

RESCUED FROM DEATH.

The following statement of William J. Cough in, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says : "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medteines. I was so far gone at one time a report went around that I was dead. I gave up hope but a triend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughe at my friends, thinking my case incurable, but I got a brittle to satisfy them, when to my surprises d gratification, I commenced to feel better My hope, once dead, began to revive, and to lay I feel in better spirits than I have
