Social Union at Grant Hall Last Evening. The rooms of the Hebrew Social union. in Grant hall, Duke street, were last night the scene of a festive gathering, the occasion being the third Purim bal masque of the social union of this city in celebration of the Purim season. A large proportion were in costume and the company presented a brilliant appearance, elegance and variety of costume contributing largely to the enjoyment on occasions of this kind. The floor from ten o'clock to midnight presented a gay contrast of merry maskers with the spectators, many of whom were in full evening dress. Following is a partial list of the costumes

With a bang of his fist, and in the voice of a man who had made up his mind on the subject, Rev. James Chambers, of Caivary Presbyterian church, Harlam, recently opened his sermon with this announcement. He was right. The only boss authorized by the Rock. right. The only boss authorized by the Book is mentioned in these words: "He who ruleth his own spirit is greater than he who taketh Commonly, the better side of men is subject

Commonly, the better side of men is subject to the despotism of the worse side Bad passions, bad humors, mean jealonsies and base revenge are all bosses. One of the worst bosses is bile. What is most depressing in philosophical or theological thought is due to it. Old General Debility is another tyrannical boss. He lashes men who are naturally good until they become unnaturally bad or miserably weak.

Concerning his deliverance from this bondage, Rev. S. P. Lewes, pastor of the Eighth Street Baptist church, St. Louis, Mo., writes: "I was suffering from exhaustion and general debility. As an invigorant I used Parker's Ginger Tonic. I never met with anything so effective. It is an elegant family medicine. I take a bottle in my valise when I go on my annual vacations."

PARKER'S GINGER TORIO neither intozicates nor promotes a desire for strong drinks. The most pronounced temperance people use and praise it for this reason alone. It cures Malarial Fevers, Consumption, Rheumatism and all Diseases of the Blood. Also weaknesses peculiar to women. Its action is prompt and pervasive. Test it once, and you will adopt it as a home remedy. Price 50 cents and \$1 a bottle. Hiscox & Co., Co., Chemists, New York. mari-lyw eow&ds

THE APPORTIONMENT.

PROPOSED LEGISLATIVE DISTRICTS. Remedies Decided Advantage.-They De-

Special Dispatch to the INTELLIGENCER. HARRISBURG, March 23.-The House was occupied at the session this morning in the consideration of the legislative apportionment bill, which the framer estimate would give the Republicans 27 senators and 112 members of the House, and the Democrats 23 senators and 93 members. After Mr. Furth, Democrat, had offered an amendment proposing several changes in the senatorial districts of Philadelphia, a general discussion ensued of a partisan haracter.

Sterrett, Republican, of McKean, made a long argument, in which he maintained that a number of the senatorial districts had been unconstitutionally formed. He moved to recommit, for the purpose of having the bill made constitutional. The Republicans generally sustained his views. Speeches were made by Furth, Ammerman and other Democrats, in which they claimed the spirit of the constitution had been followed in the apportionment of the several senatorial districts. They, however, expressed a willingness to have the bill recommitted after its passage

through second reading.

Owing to the fight the Republicans made against the bill the Democrats refused to recommit it. Colborn propose an amendment substituting the bill agreed on by the Republicans, which was defeated and the bill passed second reading with Furth's amendment. The following bills were favorably reported: permitting the house of refuge to receive youthful delin-quents from the state of Delaware; to secure greater uniformity in the secrecy of the ballot. The House then adjourned until Monday evening.

CHICAGO'S MAYURALTY.

The Hitch Between the Republicans and Independents Making Things Uncertain. CHICAGO, March 23.—The committee appointed by the Republican city convention to confer with the Independents who have nominated R. T. Crane for mayor were in session with the Independent committee yesterday afternoon, and until late at night. Crane is a wealthy and prominent manufacturer of high standing, and known chiefly as a successful business man. He is a lifelong Republican, but of a strongly independent nature. The opposition to him inside the Republican ranks is confined to a few of the politicians headed by Congressman George R. Davis. His chief competitor in the mayoralty race will be Carter H. Harrison, the present mayor, who has many strong political combina-tions in his favor. Should the Republicans endorse Crane, however, it is considered very nearly certain that he will be reelected. Crane has not sought the nomination, but on the contrary announced to the conference last night that f another man could be selected upon whom both Independents and Republicans could unite more heartily than upon him he would willingly withdraw in favor of that candidate. The conference will hold further meetings this week. The election will occur on April second.

SECRETARY FOLGER.

His Condition of Health-A Complication of Ills. Washington, March 23-Secretary Folger is not so well to day. For several weeks he has been ill one day and better the next. The immediate cause is over-work and insufficient nourishment. This has empoverished the blood and depleted the system to such an extent as to render him extremely susceptible to climatic changes and liable to easily contract local diseases. He was at first attacked by a slight congestion of the right lung, which lasted only a day or two, then followed biliousness, accompanied by a daily rigor, succeeded by slight fever. This lasted a week or more. Then he was well enough to attend at the department for a few days. A change in the weather came and he contracted sore throat, and that having disappeared his cold has now settled in and about the eyes. At no time has he been seriously ill. He has been well enough to desire to attend to business, but too ill to bear the whole burden of his duties. His physician has now prescribed absolute rest, and advises him that it will be unwise to attempt to
