RESCUED FROM DEATH.

The following statement of William J. Cough in, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our read ers. He says: "In the fall of 1876 I was taken with a violent bleeding of the lungs, followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half-dollar. I expended over a hundred dollars in doctors and medtcines. I was so far gone at one time a report went around that I was dead. I gave up hope but a friend told me of DR. WM. HALL'S BAISAM FOR THE LUNGS. I laughe at my friends, thinking my case incurable, but I got a britle to satisfy them, when to my surprises d gratification, I commenced to feel better My hope, once dead, began to revive, and to lay I feel in better spirits than I have

the past three years. "I writethis hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done me more good than all the other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work.'

A Cough, Cold or sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. Brown's pronchial Troches do not disorder the stemach like cough syrups and balsams but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchial Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to.
