tur Regular Georgetown Correspondent. On Sunday 25th inst., the blue birds were singing with four inches of snow on the ground.

The coming spring will likely witness some extensive improvements in the vil-lage, as Paimer, Moore and Keeley attended the sale of lumber in Williams' woods on the 234 inst., and were among the purchasers of lumber. Our village can stand a little improvement if not given too much at a time.

Delivery of Mail Matter in Lancaster. EDITORS INTELLIGENCER -Thedelivery of mail matter in Lancaster puts me in mind of the crab, viz: it progresses backward. I reside on East Walnut street and get my mail any time between ten and eleven o'clock in the morning. Whether this is the fault of the office at Lancaster or the department at Washington I do his policy, with \$62.87 dividend. not know. I submit the question whether this is up to the times. I will undertake to say there is no other town in Pennsyi vania where mail is so delivered that the first mail in the morning is not delivered earlier. Lancaster may be the best paying office to the department in this state. But if this is at the expense of this late delivery it certainly will not be claimed as an advantage. What we want is earlier delivery. Why is it that Lancaster did not get an appropriation for a public building, when such places as Scranton and others like it did? There is a reason for Lancaster being left out in the cold, but I torbear. The reason will suggest it self. Much might be said on both these subjects. I trust some one more compa tent than my elf will take up this subject. and set it forth in its proper light. March 26th, 1883.

Habeas Corpus Richard Heilig, arrested by Officers Eichholtz and Herr a few days ago on a supposed bail-piece taken out by his bail after he failed to appear at court to answer a complaint of larceny, was taken before Judge Patterson this morning on a writ of habeas corpus with a view to his discharge. It was shown that the bail piece, though taken out at time stated, had never been extended, Heilig was therefore discharged by Judge Patterson, but he was remanded to jail because of detainers against him which hold him to answer for alleged felonious assault and battery on Constable Bell, of Marietta, and for carrying coucealed deadly weapons. He will probably have a hearing on these charges before Alderman Spurrier to-morrow. It is understood that Bell never made complaint against him for assault and denies that he (Heilig) ever shot at him though he says that he shot at Heilig when he ran away from him.

The two months of 1883, as compared with the same period of 1882. show an increase of gross earnings of \$961,501, an increase of expenses of \$307,-636, an increase in net earnings of \$653. 865. A Suit About Tobacco.

Before Alderman Spurrier yesterday afternoon was heard the suit of Abraham Leaman, jr., against E. Y. Sterner, for tract. The facts in brief are, that Leaman sold to Sterner his crop of tobacco at 17, 8, 5 and 2. When he delivered it Sterner refused to receive it, alleging that it was wet and not in a merchantable condition. Learnay then took it to Skiles & Frey, and sold it to them for 15, 8, 4 and 3, and sued Sterner for the difference, \$48,60. The hearing before Spurrier was a decidedly lively one, and the principals and their counsel came almost but not quite to blows. The alderman gave judgment for plaintiff for the full amount

Sons of Vulcan.

It is said a movement is being made by the puddlers in Pittsburgh to reorganize the order of the Sons of Vulcan, and withdraw from the Amalgamated association. A puddler stated that arrangements have been so far perfected that if the word :was given to-morrow, three thousand puddlers would ask for cards of withdrawal from the Amalgamated association. The policy of some of the leading men of the Amalgamated association in admitting persons without a trade, and the action of the finishers last summer in withdrawing from the strike, causing its failure, are giving as the reasons.

An Absconding Partner. C. P. Markle & Sons, paper manufacturers of Pittsburgh, made an assignment yesterday. Their liabilities are estimated at about \$400,000, their assets are nearly \$1,000,000. It is said the failure was hastened, if not caused by Cassius C. Markle, one of the firm, who left Pitts burgh last Thursday for the West, with from sixty to one hundred thousand dollars of the firm's money, thus leaving it without funds to meet maturing obliga tions.
