are not beer sations growing with marked rapidity in our city? So much so that I think it necessary for the citizens of Lancister to protest against it. Were they a benefit or improvement to our city we should gladly advocate them. But what are the consequences? Little shops, door after door, are opened for the sale of Beer with no accommodations for the multic whatever and in interfere with the

the public whatever, and to interfere with the traffic and trade of Hotels where thousands of dollars are invested by Landlords for the ac-

i.ook at the Stevens House, Cooper House, Grape Hotel, Franklin House, Cross Keys, Fountain Inn Merrimac Hotel, Exchange Hotel, City Hotel, Hiester House, Keystone House, Leopard Hotel, and County House, representing a capital of over \$500,000 invested for the accommodation of the multic

vested for the accommodation of the public.

And who do really all in their power to accommodate the trade, whilst in the same vicinity of those Hotels no less than twenty-

five saloons flourish and divert the trade from those entitled to it, and who have their capital invested for it. But this is not all, there is scarcely a Saloon thaildoes not sell Liquorand Bitters with their Beer, a direct violation of the law. I believe. Not only that, but of late

they harbor young men and women. Please explain the cause of young men and women flocking into certain saloons on North Queen

street, almost every evening, especially on Saturday. Is it for good or evil? is it for the morality of our city, or the evil thereof? Time

will tell. Why is it that there is more im-provement in the (building line in the Fitth and Sixth wards of our city than all the rest

put together? The only reason I see is that they are clear of the Beer Shops, and the good citizens will not tolerate them. I believe the Fifth ward has two Hotels and

no Beer Saloons, and the consequence thereof is a quiet, intelligent neighborhood, with no rowdylsm; whilst in the sixth ward some of

rowdylsm; whilst in the sixth ward some of the most substantial improvements are going on and the Beer Shop on the decline. I be lieve the Court should carefully scrutinize all petitions presented to it, and should at least refuse half the Eating House license presented, that the Court taking such an action would really have a wonderful effect on the criminal list of our county.

Beer saloon proprietors say, we pay big license and high taxes and the county is largely benfited. Well, suppose we admit it and take a look at our prison report, which shows that during the last year the number committed for drunk and disorderly conduct to be 2.635 persons. The aldermen and constables costs, with board for each, would cost the county on an average no less than \$10

zens of our city and ones interested in keeping good hotels, and the city by meeting in councit, and protesting to the Court in granting so many beer saloons in our city.
