TEN THOUSAND QUESTIONS

A word with the ten thousand or more people of Philadelphia and vicinity that will question where to buy Ready-made Clothing to-day.

To all such we say: Visit Oak Hall. Ignore it, and you will probably be the loser. We have not put more than a Million Dollars' worth of clothing and cloths for Men and for Boys in Oak Hall to be beaten by anybody on any point of quality, of style, or of price.

FOR MEN buying for their own wear there are hundreds of complete lines of Suits varying in price from \$8.50 to \$30.00 and \$100,000 worth of cloths for Custom orders, at \$18.00 per &c., &c. suit and upward.

For Boys whose parents or older friends will buy for them, the stock of Ready-made Suits is complete and excellent. Plenty of new fancy shapes for the small boys, no lack of standard styles for the big boys, and for all boys coarse and fine suits. school and dress suits, low priced and costly suits. Thousands of them.

TWENTY-TWO YEARS

ago to-day we opened our doors for business. If the birth-day of Oak Hall has no interest for you we may make it interesting by stating-what we believe to be the fact-that no other Clothing House in all the land holds so much good clothing nor offers to sell it so cheaply,

AN INTERESTING SENSATION!

A FEW WORDS ABOUT PAINT.

In painting a building the most important consideration is to select the very best Paints, by doing so you avoid the expense of repainting before the proper time for repainting occurs. And as the paint costs less than the putproper time for repainting occurs. And as the paint costs less than the putting on, what you most want to save is labor. The best paints cannot be prepared by hand-mixing so that that they will prove durable and cover as great a quantity of surface as the best paints which are produced by thoroughly experienced and practical paint makers, with the aid of complete machinery. We have been selling WADSWORTH, MARTINEZ & LONGMAN'S PAINTS for two years and the reports received from all our customers justify us in offering to furnish our pure paints FREE of COST to any buyer who having painted his building with our paints can demonstrate that our paint having painted his building with our paints can demonstrate that our paint has not cost 10 per cent less for paint used than cost would have been for either pure White Lead and Linseed Oil, or any other mixed paint in the country. We only ask you to give it a test

This great Popular Issue is to be scussed in this city by eloquent and able on who are thoroughly convergent with it, and as it involves public and private interests as well as local questions, every citizen should embrace this opportunity to inform himself of the best interests of the commonwealth. The corporations who are opposed to the bill and whose interests it antagonizes, have been vig-tiant and determined in making local sentiment against it. LATE DISTURBANCE ON THE ISTHMUS The Situation Between the Panama Cana Laborers Alarming-Karthquakes on the Isthmus of Daily Occurrence. PANAMA, April 14.-There is no further

picion on both sides, and a conflict is probable. In Matuchin the feeling of insecurity is particularly great. Both sides are armed and the works between Matuchin and Gorgona are deserted. The English government shows no inclination to act energetically in behalf of the Jamaicans who were butchered the other day.

Numerous Earthquakes. Earthquakes are now of almost daily occurrence on the isthmus. There have been some fifteen or more during the past week, most of them so slight as to be hardly perceptible. On the 3d three of a somewhat violent character were felt; several others with shocks at Orica, Peru, but they did no damage, though they caused much alarm at Turbo, in the state of Couca. On March 5th there was a shock which destroyed seven houses; it extended over a wide radius, being ob
