L'LINN & BRENEMAN.

HOUSE FURNISHING GOODS.

A FEW WORDS ABOUT PAINT.

In painting a building the most important consideration is to select the very best Paints, by doing so you avoid the expense of repainting before the proper time for repainting occurs. And as the paint costs less than the putproper time for repainting occurs. And as the paint costs less than the putting on, what you most want to save is labor. The best paints cannot be prepared by hand-mixing so that that they will prove durable and cover as great a quantity of surface as the best paints which are produced by thoroughly experienced and practical paint makers, with the aid of complete machinery. We have been selling WADSWORTH, MARTINEZ & LONGMAN'S PAINTS for two years and the reports received from all our customers justing the product of the paint of the fy us in offering to furnish our pure paints FREE of COST to any buyer who having painted his building with our paints can demonstrate that our paint has not cost 10 per cent less for paint used than cost would have been for either pure White Lead and Linseed Oil, or any other mixed paint in the country. We only ask you to give it a test

MEDICAL.

OUTICURA.

PYÆMIA, SEPTLEMIA. SCROFULA, and other forms of blood poisoning, resulting in glandular swellings, ulcerous patches in the throat and mouth, abscesses, carbuncles, tumors, ulcers, sores and skin eruptions, are speedily neutralized and expelled by the Cuticura Besolvent, the new blood purifier, while the skin is cleansed of all disfiguring humors by the external use of Cuticura and Cuticura Soar, the great skin cures. Cuticura Resolvent absolutely destroys disease germs, which float in the blood, urine and perspiration—there is no doubt about it—and expels them through the bowels, kidneys, and poles of the skin.

GREATEST ON EARTH.

CUTICURA REMEDIES are the geatest medicine CUTICURA REMEDIES are the geatest medicines on earth. Had the worst case salt rheum in this county. My mother had it twenty years, and in fact died from it. I believe CUTICURA would have saven her life. My arms, breast, and head were covered for three years, which nothing relieved or cured until I used the CU ACURA RESOLVENT internally, and CUTICURA and CUTICURA SOAP externally.

BEST BLOOD PURIFIER.

I have used your CUTICURA remedies in several cases of Eczema, Moist and Dry Tetter, and cured them all. Your CUTICURA RESOLVENT, so far as my supply allows me to test it has, in my hands, exceeded in efficacy and efficiency any alterative compound (blood purifier) I have ever made use of in an active practice of 30 years' duration.

E. N. ECKER, M. D.

RENSON'S PLASTERS.

LOG ROLLING.

While Wrestling with a Failen Tree a Lumberman Receives Consequential

LACE CURTAINS While on a nunting excursion in the great

coal and wood region near Carbondale, Pa., the writer met William Coll, a lumberman. Accustomed to life and labor in the forest from early manhood, he was a true Knight of the Axe. Many a tree had fallen before his ringing strokes, and fleets of rafts had borne tway to market the sawed products. Coil is character, and it Oscar Wilde is right in aging that all movements in unhindered labor are graceful, our friend William, stripped for his work and attacking a tree as Richard I, assaulted the heavy doors of Front de Bout's Cast'e, must have presented an admir-

One day, nowever-but let him tell the story himself, as he told it to me : "I was out in the woods, you know, trying estart a log down a hill. Thinking I could get a better purchase on it from the lower side, I tackled it there with my log-rolling hook and threw my weight on the lever. She started, she did, but as luck would have it, before I could get out of the way she rolled right over me. If it hadn't been for a lot of small limbs and brush lying in the road, which litted me up, she'd a crushed me flat. As it

was I got up without a broken hone, but with some mighty bad bruises." "Then you were all right," said his auditor " Not by a blamed sight, stranger. I took cold, rheumatism set in, and if I hadn't heard OF BENSON'S CAPCINE PORUS PLASTERS and used 'em, it's my opinion that I should never have made another chip fly. But the Capcine took hold quick, and I'm bout as good as new. But there's one thing you kin calkilate on: I shall never wrastic with

another log unless I have the advantage of the ground. Fur, as I told you before, if it hadn't een for them brushes I'd been smashed so, you could'a sold me for a door mat." The Capcine is the thing for rheumatism. It loesn't keep you waiting. The word CAP-CINE is cur in the centre of the genuine.

SPRING FRESHETS.

THE ICE BEGINING TO BREAK, Vind and Weather-Flood and Storm-

News Notes From All Parts-Crime and Calamity. The ice in Lake Pepin, Minn., ran out on Wednesday, opening the navigation of

the Upper Mississippi. There were heavy wind storms at Petersburg and Richmond, in Virginia, on Monday night and yesterday. The storm at Petersburg was the severest for years, the wind leveling trees and fences and

damaging buildings. The Richelieu river in Quebec is clear of ice. The water is still rising, but no damage has been done. There is every indication of a complete break up of the ce on Lake St. Louis and also on Lake St. Francis in Ontario.

The St. Lawrence river at Montreal has risen between three and four feet, and is now on a level with Commissioner street, the principal thoroughfare along the water front. Some cellars are already full of water. The ice is still. The American ships Gettysburg and Southern Chief, and the British ship Tiger

and bark Connaught, were blown ashore yesterday in the harbor at Victoria, Brit ish Columbia. One sailor was killed by a falling spar. The wind blew a hurricane for fifteen hours. The British steamer Scotia arrived at

Boston under sail yesterday, having broken her shaft a week ago. She reports that off the Western islands she passed a quantity of empty oil barrels and Crime and Calamity.

William Dorsey shot his wife, mistaking her for a burglar, in Montgomery, Ala bama, about 4 o'clock yesterday morning. He had been "on the lookout for burg lars," and kept a pistol under his pillow to be ready for them. His wife left the room while he was asleep and when she returned, hearing the noise, he supposed it was a burglar and fired with fatal

Diedrich Steffins; aged 35 years, a saloon keeper, was shot dead at a street corner in Brooklyn yesterday afternoon, ninety-eight fish weighed twenty pounds. by Diedrich Mahnken, a grocer. Mahnken was jealous of his victim, though there seems to have been no real cause for the jealousy.

James Treglawn, who is to be hauged at Morristown, New Jersey, for the mur-der of Minnie Chergwin, has confessed that the statements made by him at the trial against his victim were false and that he never knew anything detrimental to her character.

The trial of the barkeeper Scheller, on the charge of having set fire to the Newhall house, in Milwaukee, resulted yesterday in his acquittal. Five ballots were taken, in all of which only one juror voted for conviction, and he finally yieldd to the majority. Aberthney's furniture factory, at Leav-

enworth, Kansas, was destroyed by fire esterday. Loss, \$49,000. One man was fatally injured by jumping from a win-A fire in Minneapolis last night destroyed R. P. Russell & Co.'s flour mili, causing a

loss of \$60,000. The report of the falling of a large meteor at Williams' Rauch, near Fort Worth, Texas, proves to have been a hoax. James Gould, a premising young law-

yesterday. In the Courts.

Yesterday was the beginning of the fifth month of the second Star Route trial. Ex-Postmaster General James was again put on the stand, and several other witnesses were examined. Mr. Bliss then aunounced that, with the exception of proof of the contents of one of the letters put in evidence, the prosecution had concluded. At this point the court ad-

Bridgeport, Connecticut, yesterday. She seeks to set aside the will of the late Captain John Brooks, whose nicce and heir at law she is, who left an estate valued at \$175,060, which, by the provisions of the will, after the death of the widow, reverts to the First Presbyterian church in

that city. In the superior court of New Haven, Connecticut, Mrs. Currad has brought suit to recover \$10,000 for the shooting of her husband, a back driver, by William Fay, a New York saloon keeper, in December, 1880. Fay was tried for murder street.

and acquitted. Mary Schenley, who brought suit on Monday for the recovery of valuable wharf property from the city of Pittsburgh, was non-suited yesterday.

AFTER THIRTY-THREE YEARS. learge Toy Rescues the Bride of His Youth

A Philadelphia man reached Lowell, Mass., a day or two ago on a strange quest About 33 years ago George Tay took to himself a wife in that city, but deserted her after a few weeks. Mrs. Toy was poor and had a hard struggle to support herself and the little girl that came to her after a few months. Several years passed and Mrs. Toy, tired of the light with poverty and, losing all hope of George's return; married another man. This union was not happy one and soon a separation was agreed upon and a di-vorce followed. A third husband was added to the list, who died two years age. About seven months ago the widow in the third degree, because of illness and destitution, was compelled to become a guest of the city farm. Meantime the daughter had been married but was unable to contribute to her mother's support. A few days ago a gentleman called at the poor house to see the mother. It was George Toy. Re-cognition was mutual. Toy proffered his hand again; it was accepted and the broken chain was requited by a clergy man. The bridal couple called upon their daughter, whose acquaintance Mr. Toy wasglad to make, and took a train for Philadelphia, where their home will be. During his years of absence Toy spent much time in the Western states and territories, where he accumulated considera

NEW POSTAL LAW. What Difference It Will Make in Sataries, Philadelphia Record.

It is estimated that the reduction in letter postage will reduce the receipts for stamps about one-fifth. The new law will also change the compensation of postmasters. In offices where the sales of stamps amount to \$200 or less, the postasters will hereafter, under the new law, HARDWARE, get the receipts and the government of the nothing. In a postoffice where the income from the sale of stamps amounts to \$100 2 year the post-master now receives \$240 and the government of the first post-master now receives \$240 and the go ernment \$160. Under the new law the postmaster will receive \$272, and the government \$48. In a postoffice with an GLASS annual revenue of \$600 the postmaster is now paid \$340 and the government receives \$260. Under the new law the postment \$112. An office with an annual

revenue of \$800 under the present law pays the postmaster \$440 and the government \$360. Under the new law the office will pay the postmaster \$460 and the government \$180. In postoffices where the annual revenue reaches \$1,000 the pay of the postmaster under the present and new law is the same, \$540; but under the present law the government receives \$460, while under the new law it will get only \$200. In offices which have an annual income of \$1,200 the new law will reduce the pay of postmasters from \$640 to \$620 and the receipts of the government from \$560 to \$340. In offices with an annual income of \$1,600 the pay of post-masters will be reduced from \$800 to \$780 and the receipts of the government from \$800 to \$500. In offices where the pay of the postmaster, derived from the sale of stamps, reaches \$800 the income from the rent of the boxes is usually enough to make the compensation of the postmaster \$1,000 per year, and when it reaches that amount the office is placed in the third

Shooting Fish in Fiji-The Baiolo. London Field.

cancels.

class. The postmaster is then commis-

Near my house there is a rocky promonotory jutting out some way into the sea, with a coral reef round its base; at high water there is some three feet ever this reef and fish of all kinds come on it feeding. From the summit of this promonotory-which is about 70 feet highthere is a capital view of the reef, and as the clear water hides it no more than though it were covered by a sheet of plate glass, the fish and their movements are plainly visible. From this elevated spot, armed with a Martini-Henry rifle, it does not require a very good shot to put a bullet over a fish in the water below. It is wonderful what destruction the concussion of the bullet with the water causes among a shoal of small tish; I have killed ninety-eight with one shot. The bullet only actually touched one or two; the rest were completely stunned, and Mullet, that come past in great numbers, and keep on the surface, afford most excellent shots, and are my most numerous victims. Sharks and other large fish, besides turtle, I have killed, but unless they are near the surface, so that they get the full force of the bullet, it is useless firing at them. I am fortunate in having an excellent retriever, who retrieves the dead fish very well, though he runs some danger at times from young sharks.

in a small boat at a high speed. A curious kind of worm, about 6 inches long and of the thickness of a piece of ordinary string, rises apparently from out of the coral reefs twice every year. They are called balolo, and make their first appearance in October, which month the natives call "Balolo iailai,'s or "little balolo," as the worms appear in only a small quantity. They appear again in vast numbers about November 25, and give that month the name of "Balolo levu," or "great balolo." The natives can tell almost to the day when these worms will appear, and, by keeping men on the lookout for a white and red scum which appears on the water just before the balolo rise yer at Canton, Massachusetts, was accidentally killed by a friend while gunning water, covering the sea with a writhing, wriggling mass. As the tide rises they drift in great numbers shore-ward, and are baled up by the natives in small hand nets. They are very excellent eating, but very rich. The Fijians devour huge quantites and faithfully bear in mind the balolo proverd, "E kua gona ni balolo, me na kua sara," which means. "If you don't eat balolo now, it will be a long time before

ZIDNEY-WORT.

IN THE SPRING TIME EVERYBODY 13 TROUBLED WITH ANNOYING DISEASES OF THE LIVER.

Biliousness, Jaundice, Constipa-

tion or Headache. The disorders which always follow the failtres of the Liver and Bowels to perform their proper functions, can be conquered at once by the use of Kidney-Wort. Any derangement of the bile at once manifests itself in ess of appetite and in despondency. SYMPTOMS.

Pain in the right side which is very sensitive to pressure. The pain will sometimes appear to be located under the shoulder blade There is also irregular appetite, flatulency, a ense or fullness in the region of the stomach and sooner or later the skin and whites of the eyes become yellow, the stools clay-colored and the urine yellow, depositing a copious ediment. There is generally a turred tongue and at time diarrhora, and at others obstinate constipation; in short, disordered functions of the stomach and entire tract of the bowels These symptoms, it not speedily grappled with, will result in the most serious consemences to the whole system, prostrating it and destroying all its vitality and energies When the liver becomes torpid or gives evidence of undue activity, a few doses of Kid acy-Wort and a little caution in relation to diet, will restore the patient to health and

vigor as it by enchantment. Most remedies used for disorders of the liver and bile, act on the wrong principle, as they are simply cathartics, and merely carry of the accumulated secretions. EF Kidney-Wort on the contrary goes to the very root of the ceil, as it acts on the Liver and Kidneys at the same time, and by its mild bu

efficient cathartic action moves the bowel treely. The morbid poisons that have been the cause of all this disease and suffering will be thrown off, new life will be intused into every organ, and the health giving forces will gain exert their power. It is well known that the kidneys are na ture's sluiceway to wash away the debris and impurities that are being constantly developed in every human system. If they fail to act freely health will suffer. But the kidneys

edy that will have the power to keep up the natural action of both these important func-This Remedy is kidney-Wort. Have we indicated the trouble that has har assed you? Then use a package of this medine and be cured.

DEOWN'S IRON BITTERS.

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that nothing but icon will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are other wise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not in-

Saved his Child.

17 N.Eutaw St., Baltimore, Md. Gents:-Upon the recommen dation of a friend, I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly con vinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my laughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A tifth daughter began to show signs of Consumption, and when the physician was consulted he quickly sald "Tonics were required;" and when informed that the elder sister was taking Brown's Iron Bitters, responded "that is a good tonic, take it." ADORAM PHELPS.

Brown's Iron Bitters effectully cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc. For sale wholesale and retail by H. B. COURTAN, Druggist, 137 and 139 North Queen Street, Lancaster. api3 lwd&&w §
