Eyed Torkey-Some other Matters Disposed Ut, Wednesday afternoon .- A verdiet of not guilty was taken in another case of arson against John Daily on account of the

Com'th vs. John K. Martin. The defendant was charged with embezzling the sum of \$16.62, belonging to the Mutual Beneficial association of Phonixville. It appears that Martin was employed as a collector for the company and in that capacity used the money. H. H. Snyder, the agent of the company in this city, who employed Martin, was called to prove these facts; the defendant admitted to him that he had spent the money, and while in jail he wrote a letter saying that he would pay the money if released.

The defense was that under the agreement the defendant was to receive a commission and salary, which was only prospective. Whenever he asked for money he was told that there was nothing owing to him. As no one offered to give him anything he appropriated several little sums to enable him to pay his way; he believed now if all was squared it would be found that the company owed him. The jury rendered a verdict of guilty. Sentenced to six months imprisonment.

Com'th vs. Christian Kapp, larceny. I was alleged that the defendant stole \$32 from Christian Hernley, who resides above Maytown, on the 31st of March. The money consisted of four \$5 bills, a \$10 gold piece and a \$2 bill. Hernley drew the money from bank on this day; he paid a number of bills and then began drinking. Defendant was in his company all afternoon and took him driving in his (Hern ley's) own buggy; when they returned to Elizabethtown, Hernley, who was unable to tell where they had been, found that he had no meney. Hernley came to Lancas easter late that night and was seen with

The defense was that Kapp got into the buggy of Hernley at the latter's request, as he was too drunk to drive; he endeavored to persuade him to go home, but was unsuccessful; he did not take any money from Hernley, and all that he spent was his own; when he got to Laucaster he did not have enough money to go home and was compelled to walk; he lost himself and went by Manheim. He failed to respond and his recognizance was forfeited. Process was issued to bring him into court. Dennis is in jail on a detainer from the s'eriff. The district attorney said he had given bail to be in court and it was his duty to be there; he was not held in jail this morning. Middletown wreckers for anything before this court as his bail is for those offenses.

A Poultry Case. Com'th vs. John Sentman, larceny, The defendant was charged with stealing two turkeys, one of which was a hen with a blind eye and the other a gobbler, from A. H. Brubaker, in Strasburg township. The evidence of Mr. Brubaker showed that late on the night of November 20th or early in the morning of the 21st, he was awakened by a noise and arose from his bed; he dressed himself and looked out of the window when he saw a wagon standing some distance from the house. A man walked rapidly from the barn to the wagon, which was then driven away in the direction of this city; Mr. Brubaker thought that the man, who got in the wagon was John Sentman; he awakened George Russel, a neighbor, and the two followed the wagon to this city; on the way Mr. Russel, as he testiidentified the men in the wagon as John Sentman and his son Jefferson; the former shot a pistol when closely foll wed; when the pursuers came to town they traced the defendant to the house or Stev Marquet, a poultry dealer, on St. Joseph street, where he had sold a lot of turkeys Mr. Brubaker positively identified two of the turkeys, although be did not know that any had been stolen from him until

be went home. Stephen Marquet testified that he pur chased the turkeys from John Sentman on this morning about 4 o'clock. Chief of Police Deichler testified that he took Mr. Brubaker to Marquet's house, where he identified the blind-eyed turkey; witness ordered Officer Gensemer to take all of the turkeys to the station house; when that was done Mr. Brubaker identified the other turkey. The Defeuse.

For the defense Sentman was called; he denied that he stole any of Mr. Brubaker's turkeys, and that he was at his place that night; he is a farmer and raises turkeys; all those which he sold to Marquet he raised, with the exception of seven, which he purchased from a man named John Morrison; those identified by Mr. Bru baker were raised by witness and the blind hen was a two year old turkey. The witness denied having seen Russel on this night. Several witnesses who keep toll gates testified to seeing Sentman on this night, on his way to Lancaster.

F. W. Baum testified that on the 24th of November he saw a lot of turkeys at the house of defendant. Among them was a blind eyed turkey, which the witness, on cross examination, said was light in color. Harry Sentman, a fourteen year old son

of the accused, testified that he came to town with his father on this night. They had fitteen turkeys, all of which were loaded at home having been raised there; they first took the old Strasburg road and then the Philadelphia turnpike. The witness on cross examination said the blind turkey which was in the lot was light in color; he denied having told the chief of police that his father had sold the turkeys to a man

in a wagon, out near the prison. Susan Sentman, a daughter of defend ant, testified that her father loaded 16 turkeys, which were raised by him, on the wagon this night; Jefferson Sentman, who leadership of Prof. Irwin. The acting was is also indicted for larceny, testified that good. he left home that night before his father; he saw the blind eyed turkey in the possession of Brubaker at the station house; after they were arrested on Saturday; propose to give a free stereopticon exhi- ness. In Rebuttal. In rebuttal the commonwealth recalled A. H. Brubaker who testified that he did not have the blind turkey in his possession on the Saturday of the arrest, and did not get it until after the final hearing on the next Wednesday. This turkey was dark brown and only a year old; this witness and the chief of police, the latter being also recalled, testified that Harry Sentman said his father had sold the turkeys ing.

COLUMBIA NEWS.

From Our Regular Correspondent.

The remains of George Cork, colored,

which were tound in a well at Middletow: last Monday evening, and whose mysteri ous death formed the subject of an article in last evening's Intelligencer, were brought to this place on the 6:10 train of the Pennsylvania railroad, last evening, and interred in the colored people's come tery. The funeral did not take place until late in the evening, a large number of the friends of deceased attending. He was formerly a prominent member of the A.

M. E. church of this place, where his funeral sermon will be preached on Sunday at 3 o'clock, the decomposed condition of the body rendering its being kept another day, when proper religious services would have been held, impossible. The impress ion which generaly prevails here is that Cork was murdered by some person or persons, either from motives of robbery or revenge. If such be the case the former was most probably the cause, as he was an industrious and economical man, and had probable saved some money, and not being of a quarrelsome disposition, had few or no ememics. The mysterious affair

in the engine "Transit" While standing on the Reading & Columbia railroad, where it passes through the east yards of the Pennsylvania railroad, yesterday, Mr. John Paulis was nearly run over by a backing train of the former road, which he did not know was approaching. He was saved from death by one of the brakesmen of the train, who rushed forward in time to pull him from the track. Had this been delayed but a couple of seconds more, his death would

have been certain. A number of small accidents occurred in the Pennsylvania railroad yards here yes terday. A misplaced switch threw engine No. 419 from the rails in front of the dispatcher's office in the west yards; a car of the freight train of engine No. 584 was brown from the track in the same yards the front wheels of engine No. 870 jumped the track in the west yards, the cause being the violent collision of two "drafts." and the list of the day's mishaps was closed by two freight cars being thrown from the track in the east yards, while they were being shifted. The broken truck frame of a freight car of the train attached to engine No. 575, caused a slight detention of trains at Locust Grove cleared the track.

The Criminal Calendar, William Emwright, the man charged with assaulting the chief engineer of the Vigilant fire company at last Saturday night's false alarm of fire, was to have been tried before Squire Greer last even-

It has since been learned that he has left the town; for the town's good, too Officer Struck conducted Kale Jones to the county prison this morning, where he will remain for the following 10 days. Kale was out on a drunken spree, and creating a disturbance, landed in the meshes of the law.
