

Lancaster Intelligencer.

WEDNESDAY EVENING, APRIL 25, 1883.

CONGRESSMAN PHISTER, OF KENTUCKY, prides himself on the fine quality of the whisky he keeps in his room at the hotel when he is in Washington for the season. He has always had a generous demijohn standing in a tempting position upon a handsome marble top sideboard. But his whisky was too good. It drew such a crowd of Kentucky enthusiasts that it took nearly all his salary to keep the demijohn filled. But Phister did not mind how much was drunk when he was at home, but when the Kentuckians came in during his absence and made themselves at home with his whisky he thought it so he had a costly lock put on the doors of the sideboard. When over he went out he locked up his demijohn. He said to himself, "when I am home to reside over the convivial scene the demijohn shall stand outside, but only then." He went out. He did not return to his room for several hours. When he did he went to the sideboard and unlocked the demijohn. "Well, I am damned," said Phister. "Half the whisky was gone. The lock had not been tampered with. Phister kept his whisky locked up, but it seemed to go faster than ever. Finally the mystery was solved. One day Phister heard a great uproar of laughter in his room as he was returning to it. He burst into his room, and there he found Blackberry, Troctor Knott, and a happy crowd. They had lifted the marble-top mirror and all from the sideboard, and had the demijohn just lifted from its place of concealment. It was easy enough to put everything back as it was, leaving the lock perfectly undisturbed. Thirsty read the riot act when he came in, but he was only laughed at for his indignation.

The World Moves—Skill and Science Triumphant.

Our reporter relates the following remarkable experience of one of our most reliable and substantial merchants, Deacon Stephen G. Mason. Mr. Mason says that from 1870 to 1882 he suffered terribly from frequent and severe attacks of inflammatory rheumatism. The last attack in the winter of '79 and '80 was so severe as to render him unable to take a step in four months. His physicians thought that one side of him was paralyzed, and both knees became so stiff that he could not bend them. The doctors pronounced his case incurable, leaving him in a terrible condition. It was then induced to try Hunt's Remedy, by a medical friend who told him that his whole sickness and trouble arose from kidney disease, and convinced Mr. Mason that such was the case, and after taking it six weeks was entirely cured, and is now in such excellent physical condition that neither damp weather nor wet feet affect him disagreeably. Mr. Mason says that his cure is complete, as it is more than two years since he has had the disease. "I attribute my most remarkable cure solely to Hunt's Remedy, the Infallible Kidney and Liver Medicine," says Mr. Mason.—"Providence Evening Press."

The Best.

WILLIAM H. WILSON, M. D., Springfield, Edgington Co., Ga., says: "I prescribed Hunt's Remedy in a complicated case of Dropsy which I had been treating for eight years, and I find Hunt's Remedy is the best medicine for Dropsy and the Kidneys I have ever used."

One My Experience.

ABRAHAM S. COLES, of Moorestown, Burlington Co., N. J., says: "Eighteen months ago I had Dropsy around my heart. My physicians and friends despaired of my ever getting well. The first bottle of Hunt's Remedy gave me great relief. I feel I owe my very existence to Hunt's Remedy, and I am deeply thankful." Aladdin's lamp wrought mighty things, but Hunt's Remedy wrought mightier. Try it. —"N. Y. W."

BENSON'S SKIN CURE.

A GENEROUS AOT

That Will be Appreciated by All Who Care for Their Complexion or Skin.

It is not generally known that the nervous system has a wonderful influence over the skin, but that fact known to medical men who have given much of their time to the study of diseases of the skin. No one can have a clear and fair complexion, unmarred by blotches or pimples who is very nervous. Whatever tends to a healthy condition of the nervous system always beautifies the complexion and removes roughness and dryness of the skin. Some skin diseases are not attended by visible signs on the surface, but an intolerable itching that renders life miserable. We copy the following interesting and interesting comment from the "Tribune," which says: "Dr. C. W. Benson's New Remedy, 'SKIN CURE,' is received by the public with great confidence, and it is regarded as a very generous act on the doctor's part to make known and prepare for general use his valuable and favorite prescription for the treatment of skin diseases, after having devoted almost his entire life to the study and treatment of nervous and skin diseases, in which he took great delight. He was for a number of years physician in charge of the Maryland Infirmary on Dermatology and anything from his hands is at once accepted as authority and valuable. The remedy is truly the article to attack the disease, both internally, through the blood, and externally through the absorbents, and is the only reliable and rational mode of treatment. These preparations are only put up for general use after having been used by the doctor in his private practice for years and with the greatest success, and they fully merit the confidence of all classes of sufferers from skin diseases. This is for sale by all druggists. Two bottles, internal and external treatment, in one package. Don't be persuaded to take any other. It costs one dollar.

OH MY HEAD!

WHY WILL YOU SUFFER? Sick headache, nervous headache, neuralgia, nervousness, paralytic dyspepsia, sleeplessness and brain diseases positively cured by Dr. Benson's Headache and Chamomile Pills. They contain no opium, quinine or other harmful drug. Sold by druggists, Price 50 cents per box, by mail postage free—Dr. C. W. Benson, Baltimore, Md. C. N. Crittenton, New York, agents for these remedies. apr15-1mdm, W.S.W.
