A Negro's Flendish Act.

A special from Temple's mills, Bradford county, Fla., says : A discovery has just been made of a most diabolical act of cruelty perpetrated near here Sunday morning. A negro named Piak Blocker has been living with his nephew, to whom he has been very cruel. After whipping him till the boy was covered with blood, on Sunday, he tied him in a chimney head down, and roasted him till the flest dropped off the body and arms. He then took him down, laid him on the floor and threw cold water on him. The boy canno recover. The sheriff is in pursuit of Blocker. The neighborhood is a bad one mostly of negroes, who work at a mill.

umphant. Our reporter relates the following remarks ble experience of one of our most reliable and substantial merchants, Deacon Stephen G Mason Mr. Mason says that from 1869 to 188 he suffered terribly from frequen' very severe attacks of inflammatory rheumatism. The last attack in the winter of '79 and 's0 was so severe as to render him unable to take a step in four months. His physicians thought that one site of him was paralyzed, and both knees became so stiff that he could not bend them. The doctors pronounced his case incurable, leaving him in a terrible condition He wa then induced to try Hunt's Kemedy, by medical triend who told him that his who sickness and trouble arose from kidney d' ease, and convinced Mr. Mason that such w the case, and after taking it six weeks was entirely cured, and is now in such excellent physical condition that neither damp weather nor wel iec affect him disagreeably. Mr. Mason say that his cure is complete, as it is more than two years since he has had the discase. I " at tribute my most remarkable cure solely Hunt's Remedy, the Infallible Eidney and Liver Medicine," says Mr. Mason .- Providen Evening Press.
