The Heroes of Every Day Life.

Record. Two railroad employes were fatally injured on Friday under circumstances of great heroism. In Jersey City, Lawrence O'Brien, a gentleman, seeing a woman bewildered among the tracks at a street crossing, rushed to her assistance, although he knew that a fast express train was close upon him. He failed to save the woman, and lost his own life in the effort. Near Battle Creek, Michigan, a passenger train which had been stopped on the main track by an accident was run into by a freight train following it. R. T. Budd, the porter of the rear sleeping car, could have saved himself had he chosen to do so Just in the moment before the crash his efforts were turned not toward escaping, but toward the sleeping passengers in his car. He ran forward, shouting to awaken them, and in the collision was crushed and scalded beyond hope of recovery. These are two instances where honor equal to that accorded to any soldier is due. In-deed, it is not often that a soldier's bravery is shown so worthily, for O'Brien and Budd would have deserved no blame if they had thought of themselves instead of others. They were not employed to risk their lives unnecessarily, whereas a soldier is expected to face death as a part of his daily routine. O'Brien leaves a wife and children. Budd's family is not mentioned in the dispatches. Their respective employers should see that those dependent on them do not suffer pecuniary

The Irish League.

At a meeting of the Irish Confederation of America in New York last night, the action of the Philadelphia convention was approved. A letter from Bishop Nulty, dated Mullingar, Ireland, April 9th, was read. He acknowledges the receipt of funds, and says "the periodical visitations of famine are the plain and direct result of misgovernment. Rash and impulsive spirits, often generous and brave, chafe incessantly under a form of existence so degraded and so unmanly, and, therefore, finding constitutional agitation interdicted by unjust laws, they turn instinctively to the dynamite and the dagger of the secret societies." At a meeting of representatives of nineteen divisions of the Ancient Order of Hibernians, held yesterday in New York, it was decided "to advise the members of the several divisions to re solve themselves into branches of the Irish National League."-The Michael Davitt branch of the Land League in Philadelphia, yesterday wound up the business of the old organization and reorganized a branch in affiliation with the new Irish National League.—The Parnell branch took steps yesterday to change the organization into a part of the Irish Na tional League. A committee was appointed to wait upon the newspaper proprietors to ask that a competent man be sent to Ireland to investigate the condition of affairs there and make a report.

A VALUABLE MEDICINE.

Hunt's Remedy .- Its Many Merits. There are no diseases more prevalent, with, perhaps, the exception of Consumption, in this country than the Kidney and Liver com plaints; and to find a remedy that would etfectually relieve them has long been the a m of many afflicted sufferers. Whether our habits as a people are conducive to these diseases, or whether they may result from the peculiarity of our climate, is beyond our comorehension and is of little value since an efficacious remedy can be had; but of one thing we are sure, that the long-afflicted public will hall with joy the specific which has again and again proved its ability to effectually cope with and eradicate these diseases. The name of this medicine is Hunt's Remedy, and it is manufactured by the Hunt Remedy Company of Providence. It is not often that mention of a patent medicine occurs in these columns; but, when one comes under our notice posessing such undoubted merits as the one of which we speak, we cannot retrain from giving it the credititdeserves It cures when all other remedies fall, as it acts directly on the Kidneys, Liver and Bowels, restoring them all at once to healthy action. It is sure to eradicate all diseases of the Kidneys, Blatder, Urmary Organs,—such as Gravel, Diabetes, Incontinence, Retention of the Urine. It was a wonderful effect on Weakness or Pain in the Back Sides, or Loins, and has proved itself the most reliable mediciae extant for General Debility Female Diseases, Disturbed Sleep, Loss of Appetite, and all complaints of the Urino-Genital Organs. Its efficacy in cases of that dreadful scourge and insidious destroyer, Bright's Disease of the Kidneys, has been remarkable; and, it its merits rested on its success in coping with that disease alone, it would be worthy of high rank as a public benefactor. In all diseases of the Liver,—as Billousness, Headache Dyspensia, Sour Stomach, and Costive ness-it quickly induces that organ to healthy action, and removes the causes at the same time. It is purely vegetable in composition being entirely free free from all mercurial or mineral poisons, and possesses rare virtues as a remedy for Heart Disease and Rheumatism. MEDICAL.

RENSON'S SKIN CURE.

[From the Springfield Republican.]

A GENEROUS ACT

That Will be Appreciated by All Who Care for Their Complexion or Skin. It is not generally known that the nervous system has a wonderful influence over the skin, but this is a fact known to medical men who have given much of their time to the study of diseases of the skin. No one can have a clear and fair complexion, unmixed with blotches or pimples who is very nervous. Whatever tends to a healthy condition of the nervous system always beautifies the complexion and removes roughness and dryness of the skin. Some skin diseases are not attended by visible signs on the surface, but an intolerable itching that renders life miserable. We copy the following

esting compliment from the Tribune, which says: "Dr. C. W. Benson's New Remedy, "Skin Cure,' is received by the public with great confidence, and it is regarded as a very generous act on the doctor's part to make known and prepare for general use his valuable and favorite prescription for the treatment of skin diseases, after having devoted almost his entire life to the study and treatment o nervous and skin diseases, in which he took great delight. He was for a number of years physician in charge of the Maryland Infirmary on Dematology and anything from hi hands is at once accepted as authority and valuable. The remedy is fully the article to attack the disease, both internally, through the blood, and externally through the absorbents, and is the only reliable and rational mode of treatment. These preparations are only put up for general use after having been used by the doctor in his private practice for years with the greatest success, and they fully merit the confidence of all classes of sufferers from skin diseases." This is for sale by all druggists." Two bottles, internal and external treatment, in one package. Don't be per-su ded to take any other. It costs one dollar

A FEW SPECIALTIES—A few specialties with us this season are Spring Suits of Clothing for men at \$8,\$10,\$12 and \$14. We claim these suits to be excellent material, made exclusively by skilled Lancaster workmen and to be the cheapest and best suits in Lancaster market. Better lined, better made and better trimmed than most clothing sold elsewhere at \$3 more per suit. These suits show just what they are and will be until worn out, as there is no artificial luster on the goods, but every piec: of goods is sponged before it is worked up into garments and it retains its finish until it is worn out. All clothing sold by agents of New York and Philadelphia wholesale clothing houses, and are purchased by retailers being compelled to pay a good profit to them, you can very readily see why Centre Hall can furnish clothing cheaper than a he use compelled to buy in the East. Our prices are those of the manufacturer, prices less the price of middle men or agents. As a consequence they are such as will suit all desirous of purchasing good clothing at moderate prices. The samples sent out this spring with prices named are bringing us a great many purchasers and all go away delighted and fully convinced that Centre Hall is the place to buy clothing for men, youths, boys or children. In our custom department we are busy working up to our fullest capacity. Our stock is such as every taste can be supplied, and at such prices are within reach of everybody who is in want of a good suit of cothing made to order. We are getting in new styles every day, and we are watching the market and the bargains offered, and we give the customers the advantage. Drop in, and at your leisure, and just see what a little amount of money will buy at Centre Hall.
