Part of the sleeve of his shirt was on his left arm, and that was the only vestige of clothing about him.

BIG BUSINESS IN CIGAR STAMPS.

Twenty-Five Thousand Dollars Worth Sold Before Noon.

United States Revenue Collector A. J. Kaufman and his corps of special and regular clerks and deputies look a little jaded and worn out to day by reason of their commendable exertions to accommodate the cigar manufacturers of the city and county in supplying their operations with stamps. The demand for stamps for cigar stamps occasioned by the reduction of the tax from 80 to 40 per cent, 1,000, went into effect at midnight last night. In anticipation of these the manufacturers throughout the country have been hoarding back their stocks and retailers have reduced their stocks to the lowest minimum to get the advantage of the reduced tax.

The cigar makers of this county, anxious to get their goods into the market as quickly as possible, were on hand ready for the opening of the sales, and as the clock struck twelve they thronged the collector's office, not only from this city, but from Columbia, Manheim, Denver, Terre Hill and other points in this industry flourish. The stamps were supplied and continued incessantly up to this morning and over \$25,000 worth were sold in the early hours of this morning. As soon as the cigar men were supplied they hurried with their stamps to their places of business where they had their goods and employ all ready to receive the stamps and probably more cigars were sent away from Lancaster to day than ever at any time before.

In Philadelphia the collectors had arranged to such convenience for the trade and the Lancaster county people had almost eight hours start of their city competitors. In many cities in the country, however, it was a busy night for the trade in taking inventory of stock and proprietors, clerks and employees generally were on hand ready to receive stamps for the purpose of claiming rebate on the unbroken stamped packages. The larger manufacturers had all their hands at work, as the idea was to have the statements made up between midnight and April 30, as the internal revenue collector on May 1. Each package with the stamp of the old charge affixed had to be labeled, and an inventory made of all the goods on hand to which rebate for the difference made by the reduction was to be allowed. Two witnesses were called to the collector's office to see that the goods in each place were properly labeled and inventoried. The inventories, with the calculations of the amount of rebate will be certified to by the witnesses, and will be in due time filed with the internal revenue collector and by him sent to Washington. There each claim will be examined and passed upon in the course of time. The manufacturers will be allowed the amount of their rebates in stamps of the new denomination, but the dealers are to wait for their cash until the government makes an appropriation.

In Baltimore the collector's office was open for a time after midnight and tons of manufactured tobacco, which had been held back, are being shipped from that city to day.

AFTERNOON TELEGRAMS.

THE MOVEMENTS OF CIGARMAKERS. No disturbance apprehended at Cincinnati.—The Big shipment of Tobacco at Lynchburg.

CINCINNATI, O., May 1.—There will be no disturbance here among cigarmakers on account of the reduction of the tax on tobacco. They struck some time ago for an addition to their wages and succeeded, as also did the cigar packers. There remains but a single question unsettled between employers and employees and that will not present itself till fall when gas is burned. Heretofore the workmen have been required to pay thirty cents per month for gas consumed while at work mornings and evenings. Strikes for an advance have been made at Newark and Portsmouth, Ohio. The demands of the workmen at Wheeling, W. Va., and Steubenville and Urbana, Ohio, have been complied with.

SOUTHERN TOBACCO. The Great Amount of the Weed Shipped from Lynchburg. LYNCHBURG, Va., May 1.—The greatest movement in manufactures of tobacco took place here today that was ever recorded in the history of the city. Nearly fifty thousand dollars in stamps were issued to day and 36 car loads of tobacco, aggregating about 800,000 pounds, were shipped to various points. One firm shipped 200,000 pounds. But for the damaging strike of operatives the shipment from this point would exceed 1,000,000 pounds. Manufacturers Closed. The cigar manufacturers are all closed to day in consequence of the strike of the cigar makers. The increased schedule of prices was submitted to the manufacturers and accepted by them for the present. The attempt of the Cigar Makers' union to regulate the employment of apprentices. A Busy Time in Richmond. RICHMOND, Va., May 1.—Otis H. Russell, collector of internal revenue for this district, has issued, since midnight, stamps to the amount of \$2,000,000 for nearly two million pounds of manufactured tobacco, four millions cigarettes, and one million cigars, the tax aggregating in round numbers, \$165,000. This is probably the largest amount of stamps during the time in any other district in the country.
