UNDER date of Nov. 21, 1882, Mr. Albert W Handy, of Pratt and Whitney Company, Hartford, Conn., writes :-

"Having been a great sufferer from a severe attack of Kidney disease, and endured for a long time the intense pain, many aches, and extreme weakness that always attend this drad disease, including the terribe back. ache, after trying doctors' prescriptions and many other so-called cures, without gaining any benefit, I was finally persuaded to take Hunt's Remedy; and, after using it a very short time, I find myself entirely relieved from the backache and other pains ; and, bet ter than all the other improvements in my general health, my Kidney disease is cured. It affords me great pleasure to recommend Hunt's Remedy to all who may be suffering as I have been, as it is a sate and reliable med tcine for Kidney disease."

Mr. C. T. Melvin, of Providence, R. I , says "Believing, as I do, that an honest indorsement of all you claim for the virtues of Hunt's Remedy, I with pleasure attest to the fact that its action in restoring a healthy condition to diseased Kidneys and Liver is, in my case, little less than miraculous."

> So say we all of us, One, two, three, four of us,"-

and so on up to thousands, that Hunt's R. medy is incomparably the best Kidney and Liver medicine known.
