THE ARRIVAL

A FAILURE

A SUCCESS

A HAPPY DEPARTURE

The Stupendous Stock.
The Economical Prices.
The Matchless Enterprise.

These are the telling things which are bringing the men and boys to Oak Hall for their Spring Clothing. We want to tell the old story once more in the most positive and powerful way. It is simply this: Oak Hall is full of clothing and cloths. Ninety-nine per cent. of the Ready Made Clothing we are now offering is of our own make, and is all made with reference to the high public intelligence which now demands better style and workmanship than ever before. Every possible appliance of science, every suggestion that experience affords, all the skill that money can employ, all the power of large buying, all the economy that comes with a thorough knowledge of the woolen market, are combined not only in the production of the best clothing, but in the reduction of cost to the smallest figure. Add to this "Our Policy," which is to serve the people with the best for the least money, and you have our whole case. This means that Oak Hall will not permit any equal advantages to be offered to the retail clothing buyers. Consult the "Special Price Bulletin of the Day" for details, but remember that only an inspection of the goods can convey a proper idea of what Oak Hall can do for you.

The Theory

Of Oak Hall is that all men and boys can be clothed here. We have a splendid stock of piece goods for custom orders, fine clothing ready-made, and everything down to the working pantaloons for laboring men, or the Rough and Tumble Suit for the errand boy. The practice proves the theory. Many most stylish men, many richly dressed boys who affect custom clothing, are clothed in the products of Oak Hall, and many more of the busy workers that make our city what it is.

Furnishing Goods

Are crowded into a small corner of our advertising by the great clothing interests. When you come to Oak Hall look out for the Bargain Lots of Dress Shirts, Neckwear, Gloves, Underwear and Hosiery.

The Only Million Dollar Stock of Clothing at Retail.

Boston, New York, Chicago or Philadelphia cannot show another single retail clothing house with One Million Dollars' worth of stock, and never in the history of the clothing trade of the United States has so much good clothing been offered at one time by one house at so low prices. The bold items of our stock are:

- One Hundred and Eighty-eight kinds of Men's Suits.
- Eighty-seven kinds of Youths' Suits.
- Eighty-nine kinds of Large Boys' Suits.
- Ninety-six kinds of Small Boys' Suits.

There is nearly another Million Dollars' worth of clothing and clothing goods behind us in the other Wanamaker stores. The stock is a marked down stock, but marked down when made. Our goods have been bought late and therefore bought very cheaply, which accounts for the fact that Oak Hall is bursting with bargains. Read very carefully the various statements on this page, all of which you can accept as literally true, and then come to Oak Hall to make a practical test of their truth.

The Best Clothing for the Least Money.

The Oak Hall stock of Clothing for Men and Boys is without exception the largest in the United States. The variety is immense, the character of the clothing the best, and the prices are on the lowest basis of present values. The retail buyer may depend upon the very best service at the least cost.

BEING SURVEYED

IN THE HANDS OF THE BRICKER

ON THE WAY HOME

The Conqueror

Is the great One Dollar Shirt Unlaundried. Twenty-five cents higher if laundered. Peerless in quality and finish for the price. The trademark is the passport with all men that have worn it, and will be the symbol of the result with all who will give it a trial. Made only on the Oak Hall premises.

Trousers for \$2.00.

Just a regiment of them. As things go, they would be cheap at \$3—many people get \$3.50 for goods no better. They are more than a bargain at \$2.00, and will probably walk off this week on the lower limbs of 1000 customers.

Fine Pantaloons.

There are some gems of Pantaloons in the Oak Hall stock. Elegant in cut, equal to the finest custom work in trimmings and finish. Our most fastidious buyers are taking them rapidly. The prices are \$5.00 and upward, but quality considered they are very cheap.

KNIFE CUTTING

SEPARATE CUTS DOWN THE COST.
