John P. Schaum's Stable Partly Burned.

About one o'clock this morning an alarm of fire was sounded from box 54, at the city, Nos. 111 and 115 North Queen street burning of John P. Schaum's stable, in has a fine summer garden in the rear, where South Queen. Engine companies Nos. 1 and 3 quickly responded and extinguished the fire after the roof had all been burned, except the tin on it. Two horses in the stable were taken out with a lot of other goods, such as copper, and nothing of the contents were burned. On the building Mr. Schaum's loss is about \$200, and he has no insurance. The building was un-loubtedly set on fire, as a ladder which some of Mr. Schaum's workmen had been using yesterday at Mr. Arnold's, near by, was found standing against the stable and leading to a window in the second floor. The incendiary entered this window and applied the match.

Obviously a Swindler. Yesterday morning a tall slim man about 30, giving the name of W. H. Small, called at the residence of Rev. G. W. Seilhamer, pastor of the Union Bethel Church of God, No. 49 North Prince street, representing that he was a member of the church under the supervision of O. H. Betz, Mechanicsburg. He also stated that his house had been struck by lightning and in his effort to save his furniture a piece of burning rafter fell on his arm and broke it, and that he was authorized by Mr. Betz to take up a subscription among the churches and people in general. He presented a book, purporting to be authority from Rev. Betz. Rev. Scilhamer told him that he doubted the writing as that of Betz, and would not recommend him. He had a hundre: dollars or more on his book. Rev. Seilhamer wrote to Rev. Betz, and received a postal this morning, saying: "Don't know such a person; have not heard of such a disaster; did not write any appeal; neither signed my name for ten dollars for any one as described; expose the scoundrel; advertise him ; stop him."

Meeting of the Board of Health. Last evening a meeting of the board of health was held at the office of the secretary, Dr. C. H. Brown. Reports were received in regard to the existence and spread of smallpox. It was ascertained that there have been no new cases in the prison in the last five days. There are four cases now in the hospital of the prison for treatment and the disease is abating. Three cases of varioloid have been reported in the city, and while the board do not think there is any occasion for alarm, they recommend the citizens to use the usual methods to prevent its spread by vaccination, and closely guarding against allowing pipes or

cess pools to become impure. The board on investigation find that the prison officers have done all in their power to prevent the spread of the disease. Keeper Burkholder of the prison was present at the meeting and presented the affidavits of the baker and the underkeepers to show that the statement that ap
