DRUMORE DOINGS. Our Regular Lower End Corre We were beginning to make very "poor mouths" about the dry weather, but the beautiful rain of last Sunday has postponed our growlings for a little while. Now we busy as bees 4 getting our tobacco transplanted. Wisely, we are not going to put out as much this year as we have heretofore, and are going to do our best; raise a boss crop and shoot the first long faced, market-depreciating buyer who comes into the field next fall with less than twenty cents for wrappers. If we miss it this year, next year will see a still greater falling off in raisers and acres, and we will turn our attention, as many are doing this season, to the culture of corn and tomatoes for the McSparran

canning concern, at Fairfield. Owing to defective seed and unfavorable weather, the corn has come up very poorly and the prospects for a full crop are some what impaired, in consequence. The outlook for wheat couldn't be better. Oats good. Clover in bloom (poet's make a import. The price here as long note o' it), short and done growing. Our

hay harvest will be easily pitched.

A very pleasant "fishing party" was held at Bald Friar last Saturday under the happy auspices of the "sociable" of Britain and Colerain townships. There were thirty five or forty couples present and the occasion was a thoroughly enjoy able one. Where all the squeezed out and heaped-up baskets came from can be accounted for by the fact that they were in charg of our bonnie lassies of "the lower end;" charge and the names of the young men present are a sufficient explanation of the total an nihilation of the contents of those baskets. Of course no fish were caught, but the boating was elegant and the day a beauty; the wet feet went in as fisher. man's luck, and the soiled white dresses did not seem to cast one washday shadow on the festive scene.

Now we are talking very much about having a new church at Fairfield—in fact we have out a number of papers with that object in view, and large sums are thankfully received. Remittances by mail will have prompt attention.

Next Thursday, too, the new part of the church at Chestnut Level is to be dedicated. The improvements on the church have been thorough and well conceived. What with new churches to be built, and towers put to our old ones, and all the other grace propagating features of our neighborhood, local option in Maryland our unconcern about who the nomination for disreceived trict attorney and the unwillinguess with which some church folks come in and help lift down the burden they allowed a few to carry all the way, old Satan will find his occupation gone but maybe then he will have time to consider Burns' hope for him to "tak' a thought an' men."

How Much Will Do It. How much of Thomas' Eclectric Oil is required to cure? Only a very little. A few drops will cure any kind of sche; and but a trifle more is needed for spains and lamenesses. Rheumatism is not so readily affect ed; an ounce and sometimes two ounces are required. No medicine, however, is so sure to cure with the same number of applications. For sale by H. B. Cochran, druggist, 137 and

First-Rate Evidence. "Often unable to attend business, being subject to serious disorder of the kidneys. After a long slege of sickness tried Burdock Blood Bitters and was relieved by half a bottle." We Challenge the World. When we say we believe, we have evidence to prove that Shiloh's Consumption Cure is decidedly the best Lung Medicine made, in as much as it will cure a common or Chronic Cough in one-half the time and relieve Asthma, Bronchitis, Whooping Cough, Croup, and show more cases of Consumption cured than all others. It will cure where they fail, it is pleasant to take, harmless to the youngest child and we guarantee what we say. Price, 19c., 50c and \$1.00. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plaster. Sold by H. B. Cochran, druggist, Nos. 137 and 139 North Queen street.

MUSLIN UNDERWEAR. M. It is ridiculous to get underclothing in any other way than ready-made, except when you are indifferent to the cost.

By making it at home you can expend twice the money with a less satisfactory result; by having it made to order you can expend any amount and gratify your taste as fully as you may

But when you want every dollar to go as far as it can go, in fine, medium or plain garments, there is no doubt about ready-made.
