SECOND EDITION.

WEDNESDAY EVENING, JUNE 6, 1888

AN EXTRA SESSION.

THE LEGISLATURE TO KEEP ON.

Important News from Harrisburg—Ring Out the Regular—Ring in the Extra.

HARRISBURG, June 6.—Gov. Pattison has convened the Legislature in special session, beginning to-morrow at noon.

MYLIN FOR PRESIDENT.

The Closing Hours of the Session.

At the Republican caucus of senators this morning Senator Mylin, of Lancaster, was unanimously chosen as the candidate for president pro tem. of the Senate.

The slate committee selected to determine who shall fill the offices two years hence is as follows: McFarland, of Adams; Cook, of Philadelphia; Wagoner, of Lackawanna; Longenecker, of Berford, and Stehman, of Lancaster.

The fact that the western portion of the state has been ignored has excited much indignation among western senators and Stehman will probably withdraw.

In the Senate.

This morning Cox submitted a report showing that the soldiers' orphan schools have been well managed as to admissions.

Greer made a report showing that according to the statements of heads of the various departments, very little reduction of the regular force was justified.

The candidates for president pro tem. were Mr. Mylin, of Lancaster, and Mr. Cox, of Luzerne. Mr. Mylin was chosen by a vote of 25 to 17, and he accepted the honor in a few remarks suited to the duties of the office.

All members of the Senate and Senate and employees of the Senate do not to the senatorial clerk were thanked for their services.

The House.

The business of the House was confined almost exclusively to presentation speeches.

Speaker Patton received a solid silver service, washed with gold, consisting of eighty-six pieces.

He was also given a gavel. Chief Clerk Meek also received a silver tea set. It is probable that a resolution will be offered to-morrow for adjournment until cooler weather.

No Liquor Last Night.

Both houses of the Legislature continued in session last night with frequent recesses until 4 o'clock a. m.

The session was not marked by any unusual excitement or bad temper. Contrary to the usual custom no liquors or refreshments of any kind were to be obtained in any part of the capitol.

OHIO REPUBLICANS.

The Main Features of their Platform.

COLUMBUS, Ohio, June 6.—The committee on permanent organization of the Republican state convention last night selected Senator Sherman for president of the convention.

Secretary of the convention will be J. R. Keen and Blue Grass, of Cleveland, for secretary.

The committee on resolutions held a session which continued to a late hour, and will finish its report to-day.

The platform will endorse liquor taxation, the administrations of Arthur and Foster, will contain a strong tariff plank, will declare in favor of abolishing the contract convict labor system and favor restoration of the wool tariff.

WONSOCKET, R. I., June 6.—James D. Van, who was recently paroled by Gov. Butler, "in a dying condition," was arrested here early this morning while breaking into a liquor saloon.

A Murder for Life Insurance Money.

Sergeant Peter Harris Boisson, of Danville, arrived at Petersburg on Tuesday and summoned twenty-four jurors to try the case of the Commonwealth vs. W. T. Dodson, whose trial will occur in that city for the murder of a negro named James Reed.

It was impossible to get a jury at Danville and it was necessary to send to Petersburg for the purpose. The case will be called for trial to-morrow.

Sergeant Boisson and the jurors left Petersburg last evening. Dodson recently insured his life for \$5,000 for the benefit of his wife and children and that they might get this sum he murdered the negro, placed the body in a house and set fire to the house that the body might be burned and identified as his (Dodson's), but the plan failed.

OBITUARY.

The Old Must Die.

The venerable Pirmin Kaul, father of Rev. A. F. Kaul, of St. Anthony's Catholic church, died at 10 o'clock last night at his residence on East Orange street, was born in Sinnsheim Baden, Germany, on the 20th of May, 1808 and was 79 years and 16 days old.

He was married to Magdalena Dick, who survives him, at the 25th of May, 1839, they living happily together for more than 52 years, and it will be remembered that their golden anniversary was celebrated less than three years ago, with fit festivities.

He came to this country in 1847, and lived for five years near Atamtown. Then he removed with his family to Reading, where he resided until the spring of 1876, when he came to Lancaster, built himself a home alongside the Sacred Heart academy, and there spent his last years quietly, close by his children.

He was buried in the cemetery adjoining Father Kaul, and Miss Mary Kaul, who is keeping house for her reverend brother. Besides these three other children survive him.

IMPROVING A MILL.

What a Lancaster County Man Proposes to Do in Millin County.

The large and extensive flouring mills at Lewistown, erected by the late John Storrie, and lately purchased by J. B. Graybill, of West Earl, Lancaster county, are being remodelled, refitted and furnished with machinery of the latest improvement throughout.

The mill proper is 100 feet long by 50 feet wide, and lately built with warehouse attached 100 feet square, three stories high, intended for storage only. There is also a grain warehouse 100 feet long by 40 feet wide, four and a half stories high, with a capacity for storing 80,000 bushels of grain.

The mill is situated on the side of the Lewistown & Sunbury railroad siding attached, connecting it with the railroad from which the grain will be spotted to the mill, a distance of about sixteen feet.

The mill has been standing for some time, but has been considerably out of repair, the old machinery being removed and replaced by new of the latest and best improvements.

DRIVING ACCIDENT.

A Whole Family Thrown From a Carriage.

Yesterday Charles B. Kaufman, accompanied by his wife and two children, was driving a horse and carriage on the road to Litzitz in a two horse phaeton.

On their return home, in descending a rather steep hill south of New Haven, some part of the harness broke, and the horses bolted, and finally upsetting the phaeton, breaking it badly and throwing the entire family heavily to the ground.

Mr. Kaufman was cut and bruised rather badly about the head, legs and arms. Mrs. Kaufman escaped with very slight injury.

Mrs. Lettler, one of the two children, was severely and was bruised badly. The child then escaped injury. The horses ran only a short distance after upsetting the vehicle, stopping of their own accord.

Mr. Bucher, who was driving on the pike near the place of the accident, took Mr. Kaufman and family to Keplingers tavern, Nantersville, whence they were brought to Lancaster in a market wagon.

Hagerstown Accidents.

In Hagerstown, Md., Joseph Ridenour, a carpenter, while at work on the fourth story of the Updegraff building was struck and instantly killed by lightning.

At the time ten or twelve hands were at work on the building, and all were prostrated by the shock. The lightning struck a derrick which Ridenour and several others were using, shattering it to atoms and throwing large pieces a distance of fifty yards.

At the time Ridenour was about four feet off the ground, and he was struck, but on the opposite side, he escaped with only a severe shock. The deceased was about thirty years of age and leaves a wife and four children. The building was not injured.

Peter Horn, while having a swarm of bees, was attacked by them and badly bitten on the face, head and hands, and even in the eyeballs. He is suffering severely, and his attending physician regards his condition as critical.

Slight Fire.

An alarm of fire was struck from boxes Nos. 63 and 64 last evening about 8 o'clock and the fire companies of the southern district promptly responded. The cause of the alarm was a slight fire in the western corner of the building occupied by a Russian Jew, who is doing business on Middle street below Lockland. Very slight damage was done, the flames being extinguished with a few bucketsful of water before the arrival of the firemen.

Last night the person who sounded fire alarm from box 61 pulled the lever so fiercely that it would not fly back. The chief engineer in endeavoring to pull the bar to its place, struck the alarm 32. Persons who sound alarms should pull the lever gently or they will injure the apparatus.
