HOP BITTERS.

Something for Everybody,

Read, Mark and Inwardly Digest.

ASHBURNHAM, Mass., Jan. 14, 1880.
I have been very sick over two years, and was given up as past cure. I tried the most skillful physician, but he did not reach the worst part of my lungs and heart till up every night and distress me very bad. I told my children I never should die in peace until I had tried Hop Bitters. I took two bottles. They helped me very much indeed. I took two more, and am well. There were a lot of sick folks here who saw how they cured me, and they used them as cure and, and feel as thankful as I do.

Mrs. JULIA G. CURRIE.
BATTLE CREEK, Mich., Jan. 31, 1881.
I have tried seven bottles of Hop Bitters, which have cured me of a severe chronic disease of the kidneys, called Bright's disease by the doctors.
ROSEY PEARSON.

WALSHAM, Kansas, Dec. 8, 1881.
I write to inform you that great relief I got from taking your Hop Bitters. I was suffering with neuralgia, dyspepsia, nervous debility and woman's troubles. A few bottles have entirely cured me, and I am thankful for so good a medicine.

Mrs. MATTIE COOPER.
CEDAR BAY, TEXAS, Oct. 28, 1882.
I have been bitterly opposed to any medicine not prescribed by a physician of my choice. My wife, fifty-six years old, had come by degrees of disease, to a new Texas doctor, and doctors failed to benefit her. I got a bottle of Hop Bitters for her, which soon relieved her in many ways. My kidneys were badly affected, and took twenty doses and found no relief. I sent to Galveston for more, but worst came last, none in the market, so great is the demand; but I got some elsewhere. It has restored both of us to good health, and we are daily grateful.

New Bloomfield, Miss., Jan. 2, 1883.
Gents: I have been suffering for the last five years with a severe itching ailment. I have used up four bottles of your Hop Bitters, and it has done more for me than all the doctors and medicines that they could use on or with me. I am old and poor, but let to bless you for such a relief from your medicine and torment of the doctors. I have had fifteen doctors at me. One gave me seven ounces of solution of arsenic; another took four quarts of blood from me. All they could tell was that it was skin disease. Now, after these four bottles of your medicine, I am well, and my skin is well, clean and smooth as ever.

MILTON, Del., Feb. 10, 1880.
Being induced by a neighbor to try Hop Bitters, I am well pleased with it as a tonic medicine, it having improved my feelings and benefited my system, which was very much out of tone, causing great feebleness for years.

KALAMAZOO, Mich., Feb. 2, 1883.
I know Hop Bitters will be recommended honestly. All who use them report upon them the highest commendations, and give credit for making cures—all the proprietors claim for them. I have kept them since they were first offered to the public. They look high rank from the first and maintain it, and are more called for than all other combined. So long as they keep up their high reputation for purity and usefulness I shall continue to recommend them—something I have never before done with any other patent medicine. J. J. BAROCK, M. D. & Druggist.

KAROKA, Mo., Feb. 9, 1880.
I purchased five bottles of your Hop Bitters of Bishop & Co. last fall, for my daughter who had been sick for eight years, and am well pleased with the Bitters. They did her more good than all the doctors or medicine she has taken, and have made her perfectly well and strong.

GREENWICH, Feb. 11, 1880.
Hop Bitter Co. Gents: I was given up by the doctors to the effect of being incurable. Two bottles of your Bitters cured me. They saved my life, and I am grateful.

LEWIS BREWER.
GREENWICH, N. Y., Feb. 12, 1881.
Hop Bitters are the most valuable medicine I ever knew. I should not have any mother now but for them.

LONE ROCK, Mo., Sept. 14, 1879.
I have done a great deal of good for liver and kidney complaint and malaria fever. They are superior to all other medicines.

CLEVELAND, O., Oct. 28, 1879.
My bitter-half friend impressed with the idea that your Hop Bitters are the essential thing to make life happy.
F. POPE,
Secretary Plain Dealer Co.
Scribner, Ill. Sept. 3, 1880.

Gents: I have been taking your Hop Bitters and feel great relief from them. I will give my name as one of the cured sufferers.
Yours,
Mrs. MARY F. STARR.

GREENDA, Miss., Nov. 5, 1879.
My daughter, now a young mother, is using your Hop Bitters, and is greatly pleased with the beneficial effect on her health and child.
D. H. MOORE, Proprietor New South.

SANDEWATER, Pa., Nov. 6, 1879.
Dear Sir: I have used four bottles of your Hop Bitters, and they have cured me. I had diarrhea, dyspepsia, and chronic inflammation of the bowels, and was greatly in the habit and nervous.

PAULING, Ohio, Feb. 2, 1880.
Gents: Have used two bottles of Hop Bitters in my family, and think them the best medicine ever made.
Geo. W. POTTER,
Banker.

BATTLE CREEK, Mich., Jan. 31, 1879.
Gents: I have been afflicted for a number of years with a most distressing and general debility, by the advice of my doctor I used Hop Bitters, and they afforded me almost instant relief. I am glad to be able to testify in their behalf.

TOBACCO MARKET.

IN NEW YORK AND LANCASTER.

Seed Leaf, Sumatra and Havana for the Week Ending Saturday, June 16, 10 A. M.
U. S. Tobacco Journal.

The week's business was depressingly light, a loss over 1,000 cases only having changed hands. There was considerable inquiry in the first part of the week for '82 Pennsylvania, and from the animated appearance of the market, the number of would-be buyers, composed mainly of city manufacturers and out-of-town jobbers, it was estimated that some of the week would foot up heavily. But the result, as stated above, was exceedingly meagre. Of the '82 Pennsylvania not a single sale was made public. There is but one opinion prevalent among those who have examined at this week, and that is that it is excellent in all respects but the price. The asking figure for the fine lots is about twenty cents. It is too well known that this tobacco was bought at about 15 cents at the highest, and therefore buyers now consider a bargain at that price. To the view of this kind decided objection could be made, if it were not for the fact that our market is overflowing with all kinds of available stock and that in conjunction with the deluge of Sumatra, a full assortment may be had all the year through. Besides this, the '81 Pennsylvania is depressing the price of the '82 Pennsylvania. The former is beginning to assume a better look, both in quality and color, brought about by the second natural sweat; and at the price it is being offered for (7 to 8 cents) it is becoming a competitor of the '82 crop. Five hundred cases of the '81 Pennsylvania which changed hands this week illustrates glaringly.

'83 Connecticut Havana seed is very popular, but jobbers can only be induced to purchase in small quantities, owing to the high prices demanded.

Connecticut wrappers of the new crop are at present entirely ignored, and the second, upon which feverish hopes were based by packers, are actually not wanted at all, these Wisconsin wrappers more useful goods for the purpose at almost one-half the figure. Owing to the cheapness of the '82 Wisconsin considerable business can be expected soon, sample purchases made so far by manufacturers being spoken of very favorably.

The new state seed, good as it is, suffers from the high prices entertained by packers, and no sale of any importance has been made so far.

The new Ohio in the market, with the exception of a few extra fine packings, is a humdrum article. It was bought cheap and it sells only at low figures.

Our tobacco leaf dealers will find it to their advantage if they pursue our article on the importation of Sumatra in another column. We forecast the ruin of all those who would work to our seed leaf market. We tried to impress the trade with the importance of acting cautiously in making purchases in new tobacco; we tried to rouse the trade into energetic action against the low tariff on the seed, but our efforts were with little or no success, doubt, ridicule and conceit.

The seed leaf trade is strangled, and today there is not even a silver lining to the cloud of depression which hangs over the market, and will hang over it till a prohibitory duty is placed on this stock.

Sales of the week were:
Pennsylvania crop '81, 500 cases, at 7 to 12c.
Connecticut crop '81, 250 cases, fine wrappers, 30c; medium 10c to 20c.
Havana crop '82, 300 cases Havana seed, 8 to 12c.
New York state crop '81, 100 cases, at 9 to 12c.
Sumatra.—Sales reached about 800 bales of which the greater portion was of the fine quality. The price for the new crop is \$1.25 in large parcels, very little having been sent in small lots.

Havana.—Market continues dull. Sales 300 bales. Prices accommodating.

Gans Report.
Sales of seed leaf tobacco reported by J. S. Gans' Son & Co., tobacco brokers, No. 131 Water street, New York, for the week ending June 15, 1883:
400 cases 1882 Wisconsin Havana seed, 8c@12c; 500 cases 1881 Pennsylvania, 8c@14c; 100 cases 1880 Pennsylvania, 9c@15c; 200 cases 1880 81 state, 8c@12c; 100 cases sundries, 3c@18c. Total 1,300 cases.

The Philadelphia Market.
Seed Leaf.—A very satisfactory business is admitted in cigar leaf by all dealers and packers the past week. The '81 Connecticut and Florida cigars are in great demand. The '82 Connecticut, Pennsylvania and Wisconsin already finds admirers at fair figures. The crop of '82 is believed to be promising, and now far in advance of usual crops at this season of the year.

ANOTHER CASHIER'S DOWNFALL.

Confessing to Have Taken \$44,000—Led on by Speculation.

Another serious financial crime is made public at Boston. Arthur H. Blaney, cashier of the Massachusetts Loan and Trust company, is a confessed defaulter, his stealings amounting to \$44,000. A few days ago there was a shortage of \$700 in his accounts at the head of business, a deficit which, he explained, was occasioned by a sudden emergency and which he promised to make good the next morning. He kept his word and protested that nothing else would be found wrong in his accounts. Present Crocker nevertheless suspended him until an investigation could be made. Experts were employed and a total deficit of \$44,000 was found to exist. The thieving began in November, 1880, and apparently ceased in November, 1882, but was not discovered until the defalcation was made public. His plan was simply to charge customers with making larger drafts than the sums actually drawn, and then to be sure that no one else got hold of their deposit books when next they presented them. When the amount reached a large sum he charged on the books an unpaid note of \$40,000 due the bank which had been taken up.

When the defalcation was discovered a warrant for Blaney's arrest was sworn out, but it was found that he had disappeared. It was said he had gone to New York with his wife and it was feared he had fled the country. It was learned on Monday from New York, however, that he had taken the Fall River line for home and he was arrested at his residence. He made a full confession and attributes his crime to the oil cause—losses in stock margins. But it is reported that while his first misstep may have been thus brought about the continuation of his speculations was the result of blackmail by a person who gained possession of his secret. He was arraigned and held for trial in \$50,000 bail. He is a man of thirty years, smart and popular and has a wife and one child.

The Slaughter of the Innocents.

Sir Henry Frederick Ponsonby, private secretary to Queen Victoria, has telegraphed to the mayor of Sunderland, his telegraph directs him to say that she is deeply shocked at the death of the unfortunate little ones that a man bolted the door ajar, in order to facilitate the distribution of toys to the children as they were leaving the premises. The box containing the toys, which had been placed in position in readiness for the distribution of the prizes to the children, is still standing near the door.

The number of deaths caused by the calamity in Sunderland has reached 197.
